

Apathetic Arbiter says:

Let me just say that if we want to try, I'll need all of your full attention...s... attentions?  
Something.  
Like that.

[Arisato] says:

kai

Mister Dragon says:

If I was in character yet, I would say that I snort.

Apathetic Arbiter says:

Well, here's this

<https://sites.google.com/site/hannabartpekopon/home/game-1/player-characters>

so I guess Ahem

now, Arisato's affects on gameplay are my problem, but we do need to get him to the current location.

Which I guess is not so far from Shy Guy's Toy Box

so, yeah, as you guys are swiping the goods off the dead Bandits, he can approach.

That'll do.

We have to kind of push this.

So like, you're at Shooting Star Summit.

You burned down the brush pile blocking the gateway

and then you continued along the path onto the mountain, but were ambushed by Bandits who had apparently robbed Prince Peasley on his way through.

Mister Dragon says:

We already chose who took which drops, right?

Apathetic Arbiter says:

The ground is covered in purple stardust and yellow star-shaped rocks are falling from the sky (they explode into stardust when they hit the ground).

Yeah.

So, let's see, a star-rock hits Nick on the head, and some sort of resulting time vortex chucks him out of this session and into the next one.

Or something.

[Arisato] says:

That amuses me greatly.

Apathetic Arbiter says:

The rest of you are unaffected.

Mister Dragon says:

Which way is our destination?

Erm, Bean Bean Kingdom.

Apathetic Arbiter says:

Well, you were following a pathway of sorts, through a field of boulders.

Yeah, you're headed to Beanbean Castle

you have to climb Shooting Star Summit to get there.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

Ugh it's so hot in here

Mister Dragon says:

I pick up Arisato by the head in my mouth and lower myself so that Levity can get on my back.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

:D

Levity gets on quickly.

[Arisato] says:

Woah woah woah what are you doing ahhhhh

Mister Dragon says:

(Bizz, I'm no longer a person. How can you be affected by my sex appeal?)  
I continue on the path.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"ONE, TWO, THREE, FOUR"

Mister Dragon says:

I march.  
Vehemently.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"TELL ME THAT YOU LOVE ME MORE"  
"SWEET LIPS, LONG NIGHTS"

Apathetic Arbiter says:

Alright, the path goes uphill

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"THAT WAS WHAT MY YOUTH WAS FOR"

Mister Dragon says:

I march in tune to Levity's chant.

Apathetic Arbiter says:

it's really not big for a mountain, but still  
anyway, it's uphill but flat enough, so Mister Dragon can walk along it

Mister Dragon says:

How long does it take for us to get there and/or get to our next obstacle  
and/or get tired?

[Arisato] says:

I freak out cause a dragon is chewing on me.

Mister Dragon says:

I clamp down a big harder and salivate.

Apathetic Arbiter says:

but then, you come to more of a steep cliff face.

[Arisato] says:

I am salivated on.

Mister Dragon says:

I drop Arisato.

[Arisato] says:

Ow.

Apathetic Arbiter says:

There are star-rocks stuck into the ground here, as before

Mister Dragon says:

Can this be solved with fire?

Apathetic Arbiter says:

well, you'd have to try, and then I can tell you

[Arisato] says:

Can this be solved with a sword?

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

Levity is afraid of fire  
Something of note

Apathetic Arbiter says:

but, it's just kind of a cliff you have to climb.

Mister Dragon says:

Hmmm, good point.

Apathetic Arbiter says:

Or get up onto somehow.

Mister Dragon says:

Um . . . any ropes that happen to be coiled up farther up the cliff?

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

CAN LEVITY SHADOW-CLIMB IT?

Apathetic Arbiter says:

There are no ropes.

Levity tries to climb the cliff.

She succeeds!

Mister Dragon says:

(Wait, I can't climb robes anyways . . . not even Bubble Monkey could help.)

Apathetic Arbiter says:

No ropes up there either, though

[Arisato] says:

Oh oh oh, I have an idea. Could I use my platforming skill to use my sword to try and climb it?

Apathetic Arbiter says:

Well, you can use the Platform skill in any way you want, armed or unarmed

Levity uses it by shadow-climbing

she can turn into a shadow

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

eee

Apathetic Arbiter says:

also, yeah, I guess you guys should introduce yourselves, but we are strapped for time

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"HEY GUYS"

"HEY GUY!"

GUYS\*

"HEY GUYS, LOOK AT ME!"

"I DID IT"

Mister Dragon says:

(Levity also has a considerably higher Platform skill than Arisato, and in turn his is much higher than mine.)

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

Levity moons everyone below

[Arisato] says:

Did I succeed? In platforming it or whatever?

Mister Dragon says:

I mime binoculars to Levity

Apathetic Arbiter says:

Mooning in the starlight

Mister Dragon says:

and I mime looking around.

Apathetic Arbiter says:

Yeah, Arisato successfully climbed up too.

[Arisato] says:

Weeee

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"Hey, you!"

Shy guy dude!"

[Arisato] says:

"Why hello there."

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"You're new!"

[Arisato] says:

"Yeah."

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"What's your name?"

[Arisato] says:

"Arisato, I was bored and you people looked interesting."

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"Yaaay!"

Levity gives Arisato a bigbiggiant hug

[Arisato] says:

Arisato squirms a bit

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"I'm Levity!"

Apathetic Arbiter says:

Hmm, I'll give you a support point for that

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

Yay

Apathetic Arbiter says:

Since I have nothing else to do with it number-wise.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"It's nice to meet you, Arisato!"

[Arisato] says:

"It's nice to meet you too I guess but your kind of squishing me Levity <\_<"

Apathetic Arbiter says:

So yeah, he's a normal red Shy Guy, but he's armed with an Iron Sword...

Levity's human in appearance and armed with a Knife.

Mister Dragon is armed with a Parasol.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"... Fine."

Apathetic Arbiter says:

A Parasol can be used to gently float down off a cliff, but unfortunately not to climb one.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

Levity lets go of Arisato and pretends to cry

Mister Dragon says:

(For the sheer comedy fo the fact that I am already immune to water, against which the parasol protects one.)

Apathetic Arbiter says:

So like, yeah, Mister Dragon can't climb up.

[Arisato] says:

"Hey Dragon! Can you not climb or whatever?"

Mister Dragon says:

I look up and wave to Levity and wimper.

Apathetic Arbiter says:

His Platform stat is only 1.

Mister Dragon says:

I claw at the rock face.

[Arisato] says:

Apathetic Arbiter says:

The dirt crumbles a bit, but not in a puzzle-solving way.

[Arisato] says:

hmmmm....is there a machine that could be built to remedy this?

Mister Dragon says:

I resume miming binoculars and looking around  
and I point to Levity.

Apathetic Arbiter says:

The only thing that you can see around are the star-rocks stuck partly in the ground.  
They vary in size.

Mister Dragon says:

I sit on one and hit it.  
Erm, one big enough to support me.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

Uhh  
"Uhh"

Apathetic Arbiter says:

It shatters into stardust, though it seemed more resilient than the rest.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

Oh my god guys I am so hot

Apathetic Arbiter says:

Sorry

[Arisato] says:

Me too actually.

Mister Dragon says:

Anthony, tell me what you're wearing.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

(Anthony, HEgel is gay)

Mister Dragon says:

(That pre-emptive sexual harassment was out of character. Mister Dragon is  
only into dragons.)

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

(fyi)

[Arisato] says:

(Meh I could go either way)

Apathetic Arbiter says:

Alright: there's a star-rock that's even bigger than Mister Dragon stuck on the lower level  
of ground.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

(I came out about my bisexuality yesterday : D)

Mister Dragon says:

Sit on that one.

[Arisato] says:

(Not much BTW Hegel)

Mister Dragon says:

(\*glomps Bizz\*)

Apathetic Arbiter says:

Nothing happens when you sit on it.

Mister Dragon says:

wait, am I allowed to do the lighter thing by myself, or do I need someone  
else to hold the lighter for me because my arms are probably too stubby?

Apathetic Arbiter says:

Mm, I guess if you do it yourself, you'll take 1 damage from the burn.

Mister Dragon says:

Hmmm, and I only have 10HP.  
I'll try PKStarstorm on all of the star rocks.

Apathetic Arbiter says:

Okay...

Psychic star-rocks rain down on the physical ones!  
(for 4 VP)

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

Gasp

Apathetic Arbiter says:

Most of them are shattered, but the biggest one is merely dislodged from the ground.

Mister Dragon says:

I lift up that biggest and see what's underneath it.

Apathetic Arbiter says:

Nothing's underneath.

(But you're getting there )

Mister Dragon says:

I jump on this one.

[Arisato] says:

(Oh my god the Arbiter is trolling)

(\*Trolling)

Apathetic Arbiter says:

You guys could try to help

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"BUT I DON'T KNOW WHAT TO DO"

Apathetic Arbiter says:

Hmm...

Mister Dragon says:

I hold out my lighter and reach out to Levity and Arisato.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"MY INTELLIGENCE IS ONLY ONE POINT"

Mister Dragon says:

and wave for someone to come down.

[Arisato] says:

"I'm dumb about not-machines!"

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"I-I'm not good about coming down"

Mister Dragon says:

Oh, right, what prior knowledge do I have about the nature of very large and solid star rocks?

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"-flustered-"

Apathetic Arbiter says:

Levity has 5 Clever, though

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"THAT DOESN'T MATTER"

"OKAY FINE"

Levity tried to shadow her way down

Mister Dragon says:

(Considerably higher than mine. Dragons are cow like despite our longevity.)

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

tries\*

[Arisato] says:

"I can do i- nevermind..."

Apathetic Arbiter says:

Okay, so that's Levity coming down?

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

si

Mister Dragon says:

I face the star rock and hand Levity the lighter.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"F-fire?"

Apathetic Arbiter says:

Oh, wait, both of them have a Clever of 5.

Anyway, you want to try the lighter thing?

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

Sure

Apathetic Arbiter says:

Alright, Levity holds the Lighter.

Mister Dragon says:

I start breathing on the giant star rock.

Apathetic Arbiter says:

Mister Dragon's hydrogen and oxygen breath sends fire swirling around the rock

[Arisato] says:

"Woah...now that's a show."

Apathetic Arbiter says:

it makes crackling noises, and seems to turn to a glassy-looking, purple substance

it's shinier

and harder

but that's all.

Mister Dragon says:

(I'm fission powered. The water in my body frequently gets lysed. I don't need to breath in. I just need to breath out the waste hydrogen and oxygen.)

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

oo-la-la

[Arisato] says:

"purdy."

Apathetic Arbiter says:

Lysed! That's the word I was looking for.

I was saying "fissed"

Mister Dragon says:

[Arisato] says:

...hehe...fissed.

Mister Dragon says:

I think they do kinda both mean split, I guess.

Apathetic Arbiter says:

Anyway, we're running out of time, so either Levity or Arisato suddenly has a 5-Clever eureka moment

you can use it as a ramp.

[Arisato] says:

...badass...but what do we have with wheels?

Apathetic Arbiter says:

Mister Dragon has 9 Strength, so he can carry it over.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

Levity has 1 strength

Mister Dragon says:

I carry it over, prop it against the cliff face, and waltz up.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

yay

Apathetic Arbiter says:

You're all up!

[Arisato] says:

wEEEEEEEE

Apathetic Arbiter says:

(Assuming Levity returns)

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

"I'm strong and I'm smart, guys"

(oh god it is so hot)

[Arisato] says:

"I'm Strong and Smart...er...est...ish."

Apathetic Arbiter says:

Alright, you all get 1 more support point for working together.

Mister Dragon says:

WOO!

I snort.

[Arisato] says:

(Dude I know this is the worst)

Mister Dragon says:

Supportively.

Um, is there any more climbing?

Apathetic Arbiter says:

Well, not immediately

how are we for time?

Mister Dragon says:

Can I add the star rock to my inventory, or will I have to drag it?

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

(ten minutes)

Apathetic Arbiter says:

Yeah, it's pretty huge, so you'd have to drag it.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

(also I am dying)

[Arisato] says:

(Bizz, my character has Ice Magic, would that help?)

Apathetic Arbiter says:

Actually, it's PK Freeze, so it's not magic

it's the power of imagination!

[Arisato] says:

I love the power of imagination.

Apathetic Arbiter says:

Anyway, you continue along the path

does Mister Dragon drag the big star crystal?

Mister Dragon says:

Yes.

Apathetic Arbiter says:

Okay.

[Arisato] says:

\*jumps onto the star and rides it\*

Apathetic Arbiter says:

Heheh.

You walk past more rocks, both the yellow star ones and normal boulders  
you come to a conspicuous arrangement of star-rocks on the ground  
there are 11 of them in a sort of mini-stonehenge.

Well, so basically just a circle

This is on the side of the path.

The right side.

You could just walk by it.

Mister Dragon says:

(Also, guys, I just got a step closer to finishing this problem:  $U=1/x$ , not  $\ln(x)$ . For a while, I thought I would need to find out the antiderivative of  $\ln(x)$  to figure out that of  $1/(x*\ln(x))$ )

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

(ugh, I really have to go soon):)

Apathetic Arbiter says:

Yeah, it's okay

[Arisato] says:

Arisato hops off the Star Rock Mister Dragon is carrying and runs over to the stone henge jumping and playing on all of the rocks

(Nooooooooo don't leave)

Mister Dragon says:

I reach past the fourth wall into the audience and grab Bizz by the head in my mouth.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

aaaaaaajahjahja

What are you doing

Apathetic Arbiter says:

Alright, underneath one of the star rocks you find a Shooting Star item.

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

WHAT ARE YOU DOING

Apathetic Arbiter says:

And we'll stop there.

Mister Dragon says:

(Also, the high is 82 tomorrow. I think I will wear shorts and flip-flops . . . I will be so happy.)

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

(I'm wearing a dress tomorrow)

Apathetic Arbiter says:

Ooh.

hegel5000 says:

(what color?)

[Arisato] says:

(I'm wearing less than Hegel tomorrow :3)

hegel5000 says:

(I'm just trying to imagine it.)

wait, as in you'll go barefoot or no pants?

[Arisato] says:

Barefoot, I have SOME shame Hegel.

Apathetic Arbiter says:

I have shame to spare.

Game Paused

Save & Quit

Saving...

[Arisato] says:

Saving to Memory Card in Slot One?

~°Δ°[Levi-tah]-- "I'm ever so clever!" says:

>Select "Yes"

Apathetic Arbiter says:

Save Complete.
