

Cruel Regulator has been added to the conversation.

Grate Oracle Lewot says:

?

Cruel Regulator says:

I do not know what just happened.

Eugene says:

hi

Cruel Regulator says:

Cruel Regulator says (7:01 PM):

Erm, so, erm, I'll just continue to ruin your grades a little bit more . . .

So yeah, erm, hotel banquet room several government soldiers lie dead.

There are some on the balcony

they had expensive, powerful weapons with expensive, powerful ammo but they're up there on the balcony

Cruel Regulator says (7:02 PM):

and you cannot get the weapons.

Eugene says:

this keeps happening

i am in a convo

then i am in the convo

again

like

twenty times today DAYUM

Cruel Regulator says:

well, this one is meant to last.

My mom's boyfriend needs to excersize on the eliptical machine (he bought her a \$2,000 industrial strength gym-grade eliptical machine)

(He has an excersize fetish, I think.)

(He's a really cool guy, though.)

Erm, and then he needs to get washed

and all in all it will take a very long time before they get ready for us to go to eat.

So yeah, like, we have enough time to play.

Human Stickman Ambassador (HSA) appears to be in the hotel banquet room again

after having appeared to be gone during the fight.

He no longer has any stickman guards with him, though.

HSA "You have proven yourselves, here, protecting me. I thiank you."

Eugene says:

(i am siiiiiick)

Cruel Regulator says:

HSA tried Healing Alpha on Eugene!

Eugene is not sick like BK

and nothing happens.

Eugene says:

Grate Oracle Lewot says:

"k"

Cruel Regulator says:

HSA "Before I can lend my support to the Strawberry Separatists in your fight against the Spanish government, you must fight me."
HSA "Only the men, though."
Eugene, U, and also Punk Kid
but not Clarissa, Snakeboy, or Espera
all appear to be in a strange environment.
You appear to have been teleported to to some kind of abyss
except there's gravity
and it's black but there are stars everywhere
and you're standing on a horizontal stone slab.

Grate Oracle Lewot says:

"k"

Cruel Regulator says:

It's rectangular in shape
it's fifteen yards wide and ten yards long
HSA takes out a slim looking gun

Eugene says:

dude hegel
why the FUDGE am i in yu gi oh

Cruel Regulator says:

I was thinking of Final Fantasy or Threads of Fate . . .
HSA's gun has a very large magazine (the magazine is the thingy where the bullets are stored. A clip of bullets is placed into the magazine)
Erm, very large like that of Punk Kid's gun

Eugene says:

can i umm
can i READ that magazine?

Cruel Regulator says:

but Punk Kid's gun is simpler and smaller in design.
There is writing on the side of the magazine, but you cannot read it from twenty feet away.

Grate Oracle Lewot says:

Can I use my Perception skill?

Cruel Regulator says:

U looks carefully and is able to tell that it says '12mm Mr.Blu 27 rounds pre-loaded mag'

Eugene says:

Cruel Regulator says:

He holds his Mr.Machinegun sideways and starts spraying and praying.
He takes a second to aim
and in the next second he fires 22 bullets, spreading them out.

Eugene says:

eugene BLOCKS his attack

Cruel Regulator says:

Eugene is hit by 11
but he is hit with the maximum of 7 bullets
(7 bullets per each of the three targets)
Eugene holds up his arms.

Eugene says:

eugene plays the RED EYES BLACK DRAGON
suddenly eugene's hair turns gold he is SUPER SAYIN'

Cruel Regulator says:

12, 11, 7, 7, 12, 9
That is a total of . . .

58 damage

Eugene says:

eugene reincarnates himself to full health as he is a timelord

Cruel Regulator says:

You do not have any tea.

Eugene says:

no i have TWO HEARTS and can do that

that thing

that is just an excuse to have different actors

eugene is now played by robert conelly! (who is he?)

Cruel Regulator says:

Erm, the Ambassador was firing at everyone. U is hit by 5, so 5 bullets. U's hits: 7, 10, 11, 8, 8

These Mr.Blu bullets appear to be doing ice damage!

U will take 44 damage if he does not use 5 Luck.

If he uses fewer Luck points, then the bullets will not hit him, starting with the 7 damage one and ending with the second 8 damage one.

Eugene will need to use a total of 4 Luck to make 1 bullet not hit him and then another 7 from there

(erm, 5 luck for the first and 6 Luck for the other 6)

Also, Punk Kid . . .

Grate Oracle Lewot says:

Um, 5 Luck.

Cruel Regulator says:

U is fine.

Oh, erm, also, Punk Kid takes a total of 38 damage from getting hit by 7 bullets.

Punk Kid: Hits: -18/20, Stun: -18/20, PSI: 32/32

U: Hits: 30/30, Stun: 30/30, PSI: 16r/20, Luck: 07/12

Eugene: Hits: -33/25, Stun: -33/25, PSI: 14/20, Luck: 13/13

Okay, erm, so only U can go.

Does U do anything?

HSA "You can choose to yield now, or you can keep trying. I won't let you bleed out. I'll heal you if you lose."

(Erm, Player Phase 1)

Grate Oracle Lewot says:

Hmm.

I uh

have LifeUp but

he is kinda winning

Cruel Regulator says:

Eugene is bleeding to death.

Eugene says:

Eugene turns into DARK SHADOW EUGENE

Cruel Regulator says:

Eugene takes 1 damage.

Same thing with Punk Kid

(Well, that's after Lewot's action)

Eugene says:

Eugene can now FLY

Cruel Regulator says:

Lewot, it all rests on U. What do you do?

Grate Oracle Lewot says:

But

I don't know

it's ice

fine LifeUp Eugene

Cruel Regulator says:

Okay . . .

LifeUp heals 33HP. Eugene is up to -1HP!

Erm, BK, can we say

that you spent 11 Luck Points

(Putting you at 2 remaining)

and then U can do something else?

Eugene says:

umm yeah!

also heheh rest on U

Cruel Regulator says:

Eugene: Hits: 25/25, Stun: 25/25, PSI: 14/20, Luck: 2/13

Okay, what does Eugene do instead of bleeding and what does U do instead of LifeUpping Eugene?

Also, Punk Kid is bleeding to death.

(At a much more manageable -18HP)

Grate Oracle Lewot says:

So, LifeUp him?

I mean I kinda figure I am gonna die with the ice so

but I may be overestimating its bonus damage

Cruel Regulator says:

Only +25%

(but Eugene is at -25%)

Erm, but also, U has higher Defense

(Punk Kid even higher than that with his armor)

Eugene says:

I can Life Up

Punk Kid

Cruel Regulator says:

Erm, well, U has done that putting Punk Kid at 14/20HP

Remember that Eugene has only 5/7 as much healing power as U.

Wait, no, that's Espera.

Eugene has 4/7 as much.

Eugene says:

hmm

Cruel Regulator says:

(Punk Kid was KOed so he loses a turn.)

Eugene says:

Eugene can uhh

Shoot 5 (COUNT UM 5) plasma things at the guy

also TIMELORD

Cruel Regulator says:

He misses by 14

Eugene's guns and PSI:

to hit (9mm handgun, DC3, RoF: 2, clip: 18/18 normal): 18

to hit (punch, DC4 Stun): 9

to hit (baseball bat, DC5): 11

to hit (12.7x44mm Angelhead, DC5 AP/2, RoF: 3, Clip: 11/11 normal):

19
to hit (0.7066mm pulse rifle (lv.12), DC7, RoF: 8, clip: 15/30 normal): 16
to hit (.44 Overwatch (lv.14) DC8, RoF: 1, Clip: 5/6 normal): 17
to hit (.44 Magnum Revolver (lv.9) DC6 LETH+0.5, RoF: 2, Clip: 6/6 dum dum): 15
AUTOHIT: (4)BeamDC11 (7)BetaDC16
other PSI: (3)LifeUpHC4, (3)Healing
Erm, okay, Enemy Phase 2!
Stickman Ambassador continues firing!
He only has . . . oh, guys, wait.
I completely forgot a rule.
He was at -3 to hit because he was using a multitarget autofire attack on 3 targets.
So that actually puts Eugene at 5/13 Luck and U at 10/12

Grate Oracle Lewot says:

Okay.

Cruel Regulator says:

(Punk Kid still took as much damage, anyways.)

Grate Oracle Lewot says:

Highest level pathogen + 10 Luck for 10x damage

Nah but what are my pathogens?

Cruel Regulator says:

Erm, but yeah, he fires shots this time, one at each target.

U's stuff: lv.6 Thunder pathogens (2), Water Antibody, Fire Antibody, Thunder Antibody, hockey mask, baseball bat (5), lv.11 Thunder pathogens (5), lv.11 Fire pathogens (5), lv.11 water pathogens (3), Slim Sword (2)

He hits both Punk Kid and Eugene by 1 each.

Erm, by 4 each.

In the head on Punk Kid for 14 damage.

Punk Kid is at OHP

Eugene is hit in the chest, on the ribcage, for $(22-6)*0.75=12$ damage.

Erm, Player Phase 2.

Punk Kid: Hits:0/20, Stun: 0/20, PSI: 32/32

U: Hits: 30/30, Stun: 30/30, PSI: 13/20, Luck: 10/12

Eugene: Hits: 25/25, Stun: 25/25, PSI: 14/20, Luck: 5/13

What does who do?

Punk Kid has decent defensive and healing PSI, so you might want to keep on trying to keep him alive.

Grate Oracle Lewot says:

Um

fire pathogen

Cruel Regulator says:

Miss by 10 on the direct hit and 11 on the explosion

Eugene says:

Beam Beta

Cruel Regulator says:

33 damage

Punk Kid bleeds to death for 1 damage, putting him at -1HP

Enemy Phase 3

Stickman Ambassador tries LifeUp!

He heals 31HP

Player Phase 3

Punk Kid: Hits:-1/20, Stun: -1/20, PSI: 32/32

Grate Oracle Lewot says:

LifeUp Punk

Cruel Regulator says:

U: Hits: 30/30, Stun: 30/30, PSI: 13/20, Luck: 10/12
Eugene: Hits: 25/25, Stun: 25/25, PSI: 7/20, Luck: 05/13

Roll of 28

Punk Kid's HP is maxed out.

Eugene?

Eugene says:

didn't I just Beam Beta him?

Cruel Regulator says:

Erm, that was during Player Phase 2.
Then the Ambassador used LifeUp Alpha
healing only 2HP fewer than you did damage

Eugene says:

oh well

use it again

Cruel Regulator says:

34 damage, this time.
Enemy Phase 4
HSA tries LifeUp again.
Healing 41HP
His HP is maxed out.

Grate Oracle Lewot says:

Can I like

Cruel Regulator says:

(Player Phase 4)

Grate Oracle Lewot says:

use all my pathogens at once in a suicide bomb that means U is out of the game forever?

Cruel Regulator says:

Hey, hey, hey, we're in a good position.
HSA is using LifeUp
which has given you time to heal Punk Kid.

Grate Oracle Lewot says:

Alright

Cruel Regulator says:

Erm, but no, you can't.
Because I'm Cruel like that.

Grate Oracle Lewot says:

Lv. 11 Thunder Pathogen

Cruel Regulator says:

Miss by 10 on the direct hit . . . and . . .
Miss by 8 on the direct hit.

Grate Oracle Lewot says:

Your die should die

Cruel Regulator says:

what does Punk Kid do?
to hit (punch, DC4 Stun): 11
to hit (baseball bat, DC5): 13
to hit (Mr.Pistol, DC4, RoF: 4, clip: 23/27): 18
to hit (pump-action shotgun, DC5t3 LETH+1.0, RoF: 1, clip: 8/8): 13
AUTOHIT ((4)BeamDC7 (7)BetaDC11)

other PSI ((3)Shield, (3)Defense Up, (3)LifeUpHC7 (5)BetaHC14)

Grate Oracle Lewot says:

You're asking us?

Eugene says:

fuck this guy

Cruel Regulator says:

Yeah.

What does Punk Kid do?

Eugene says:

he fucks that guy

Cruel Regulator says:

Punk Kid "I'm saving my virginity for Espera"

He spends only a second saying it.

There are still another two seconds in the phase in which he can do something he is more willing to do!

Eugene says:

fuck i donno

shoot ALL HIS BULLETS at him

(cuz like he's a punk and the federation will just give him more later)

so we can just

Cruel Regulator says:

He misses by 7

Eugene says:

he uses some FUCKING LUCK

Cruel Regulator says:

He does not have Luck.

He is not a player-character

Eugene says:

he uses OUR FUCKING LUCK

Cruel Regulator says:

Ambassador shoots the last two bullets in his gun. One at Eugene and the other at U.

He hits Eugene by 7 and U by 3

Eugene takes 12 damage

Erm, no, wait, he's hit in the leg.

6 damage.

U takes 11 damage.

Eugene says:

by 7

Cruel Regulator says:

U: Hits: 30/30, Stun: 30/30, PSI: 10/20, Luck: 10/12

Eugene says:

11 damage

7

11

Cruel Regulator says:

U could use Luck.

Girls from 7/11

STAY UP ALL NIGHT!

(Erm, that's Enemy Phase 5, I think.)

Erm . . . let's go to Player Phase 5.

Grate Oracle Lewot says:

Wait

what
I am programming excruciatingly

Eugene says:

punk uses beam beta

Grate Oracle Lewot says:

Some sort of Luck sounds good

Cruel Regulator says:

Punk Kid: Hits: 20/20, Stun: 20/20, PSI: 32/32
U: Hits: 30/30, Stun: 30/30, PSI: 10/20, Luck: 7/12
Eugene: Hits: 19/25, Stun: 19/25, PSI: 00/20, Luck: 05/13

ErmOh, I forgot that Punk Kid had Beam.
Of course, Punk Kid is an awkward teenager and has a much lower PRE
stat.

18 damage

What do U and Eugene do for Player Phase 5?

Grate Oracle Lewot says:

Water Pathogen

Miss by 19

Cruel Regulator says:

Miss by 16 on the direct hit.

Wait, no, 15

And 10 on the explosion.

What does Eugene do?

Grate Oracle Lewot says:

Oh yeah PSI is autohit

he's probably immune to Freeze though

Cruel Regulator says:

(Also, remember, think about how frustrated Ambassador is that he's
out of bullets and you guys keep on healing and that it's 3 on 1.)

Eugene says:

umm

Magnet

Cruel Regulator says:

You get an unlucky roll and only steal 1PP
(well, he has high willpower, but still, you could've rolled higher.)

Eugene says:

fuck.

this.

guy.

Cruel Regulator says:

Enemy Phase 6

Eugene says:

hegel why is every boss fight like this?

Cruel Regulator says:

well, erm, the Fuzion system
is such that you can make things either way too hard or way too easy
The Stickman Ambassador dramatically his empty submachinegun away
behind him.

He then tries Beam Beta!

Erm, wait, he only has Beam Alpha.

On Eugene

(I rolled a die randomly to choose that, mind you.)

25 damage.

Eugene is at -6HP

Eugene says:

fuck. you.

Cruel Regulator says:

Punk Kid: Hits: 20/20, Stun: 20/20, PSI: 25/32
U: Hits: 30/30, Stun: 30/30, PSI: 10/20, Luck: 7/12
Eugene: Hits: -6/25, Stun: -6/25, PSI: 01/20, Luck: 05/13

Player Phase 6.

What do Punk Kid and U do?

Both Punk Kid and U have similarly high INT stats
so they're both equally capable healers.

Both of their INTs are at 7, meaning they average 24.5HP healed per
LifeUp Alpha

Punk Kid actually has LifeUp Beta, also, which heals double that
(Alpha costs 3PP and Beta costs 5PP)

Grate Oracle Lewot says:

Punk use Beta

U use Freeze Alpha

Cruel Regulator says:

Okay.

Grate Oracle Lewot says:

or Beta

I dunno

Cruel Regulator says:

Um, actually . . . let's take a look at the numbers . . . erm, if I
was telling you what the base rolls were for Eugene's Beam attacks,
then actually, you'd be able to know the Stickman Ambassador's
Resistance stat

and you deserve to know.

Erm, well, I'll just tell you the Resistance: it's 27

which in turns means he has a Willpower stat of 9 and a mas PP of 36

In fact, going by all the PSI he's been using and the 1PP Magnet

he's at 25/36 PSI points

Erm, but U's Freeze Beta is DC7

averaging base damage of 24.5

That's lower than Stickman Ambassador's Resistance

so it's improbable that Beam Beta will do anything.

Eugene says:

hegel

what the hell?

Cruel Regulator says:

Erm, so, erm, Punk Kid tries LifeUp Beta
47HP, maxing Eugene out.

Grate Oracle Lewot says:

U slaps himself.

Cruel Regulator says:

U's at 7PP. Freeze Beta will . . . okay, that's a better idea.

Grate Oracle Lewot says:

All-out

Cruel Regulator says:

U slaps himself with a pseudopod for 1 damage!

Hmmm, it still doesn't get past his defense

for 1 damage!

~°Δ°[[Bizzzz] has been added to the conversation.

Cruel Regulator says:

Bizz, everyone got teleported into a slab of rock in the middle out
outer space

except with air and gravity

and Eugene, U, and Punk Kid are fighting the Stickman Ambassador.

Enemy Phase 7.

Ambassador tries Freeze Gamma!

Target is randomly chosen as U.

Now, Freeze Gamma is interesting.

U's current HP is 30

and then Ambassador rolls 22 for his damage roll

so the base damage is 52

then we subtract U's Resistance of 15

so we have 37 damage

and then x1.25

46 damage.

Eugene says:

hmm

Grate Oracle Lewot says:

-4 for some random thing

Cruel Regulator says:

Player Phase 7

Eugene says:

MATH IS FUN

~°Δ°[[Bizzzz] says:

I actually have to go again for another fifteen minutes but that won't be for another fifteen minutes

Cruel Regulator says:

Grate Oracle Lewot says:

Don't heal me BK, I can't do anything

Cruel Regulator says:

Oh, good.

~°Δ°[[Bizzzz] says:

So, what's going on?

Cruel Regulator says:

Well, actually, U has another 7PP

which means he can use another 2 LifeUps

~°Δ°[[Bizzzz] says:

Oh, okay

"HEY BITCHES"

Cruel Regulator says:

Punk Kid: Hits: 20/20, Stun: 20/20, PSI: 20/32

U: Hits: -9/30, Stun:-10/30, PSI: 10/20, Luck: 07/12

Eugene: Hits: 25/25, Stun: 25/25, PSI: 01/20, Luck: 05/13

~°Δ°[[Bizzzz] says:

can I immediately lifeup U

Cruel Regulator says:

Erm, well, the reason why Espera isn't there

is that the Stickman Ambassador does not want to fight women.

Espera was not teleported into the fight

Grate Oracle Lewot says:

Espera can search for a teleportation device

and some coordinates?

~°Δ°[[Bizzzz] says:

yes
that

Cruel Regulator says:

Oh, erm, I know, Espera can call Punk Kid on his cellphone allowing her to be psychically connected to the battle!
Does Espera do that?
(She grabs Clarissa/Scientist Chick's phone)
Erm, I'll assume that Espera does the call she's still in the hotel banquet room where you fought off the waves of government soldiers.

Grate Oracle Lewot says:

So guys, now I'm at the point where I think I've finished what I was programming, but since it took so long and was so complicated, I can't be sure if I forgot something or just made some error along the way.

Cruel Regulator says:

(Erm, also, PSI Magnet averages 10.5PP sucked. The Ambassador has a Resistance of 9. You can end up sucking a lot more in one casting if you roll high, like, 13 or 14)
Well, hey, you can test it later.
Okay, where's BK?

Cruel Regulator just sent you a nudge.

Eugene says:

hi
fuck this guy
am i alive again yet?

Cruel Regulator says:

Yeah.
It was U who was KOed.
As opposed o you, Eugene.
to*
What do Eugene and Punk Kid do?

Eugene says:

umm
Punk should life up

Cruel Regulator says:

Punk Kid: Hits: 20/20, Stun: 20/20, PSI: 20/32
U: Hits: -9/30, Stun:-10/30, PSI: 10/20, Luck: 07/12
Eugene: Hits: 25/25, Stun: 25/25, PSI: 01/20, Luck: 05/13

Eugene says:

and I would y'know
plasma shots but he'll probably FUCKING DODGE
and really just fuck this guy

Cruel Regulator says:

(Punk Kid heals 20HP with Lifeup Alpha)

~°Δ°[[Bizzzz] says:

sorry
so what should i do

Cruel Regulator says:

Well, Espera wasn't teleported into the fight
so what I said earlier is that for Player Phase 7, Espera can steal

Clarissa's cellphone so that she can call Punk Kid's and be psychically connected to the battle.
Erm, and then she can just use PSI.

Eugene says:

i'll use fucking magnet ugh

Cruel Regulator says:

You suck 7PP
(rolling a 16)

Grate Oracle Lewot says:

I'm still dead?

Eugene says:

oh hey!
Punk life upped you

~°Δ°[[Bizzzz] says:

Okay, sure
Um

Cruel Regulator says:

Okay, Espera makes the call and U lost the turn from being dead at the beginning of it . . .

~°Δ°[[Bizzzz] says:

Well, how about I guess I can't be in this battle because I have to go for another fifteen to twenty minutes I'll be back

Cruel Regulator says:

glomp

¡Compra!

~°Δ°[[Bizzzz] says:

or you can control her for me
-cling-

Cruel Regulator says:

-Enemy Phase 8.
(I'll follow HSA's wishes and keep her out of it.)
HSA tries Hypnosis!

Grate Oracle Lewot says:

*Wait, yeah, we should control Espera
we need help
but*

Cruel Regulator says:

On a random target who is U.
Okay, okay.

Grate Oracle Lewot says:

ily Bizz <3

Cruel Regulator says:

(She'll be able to only use PSI.
)

Erm, so yeah, U is put to sleep until he takes damage.

-Player Phase 8.

Punk Kid: Hits: 20/20, Stun: 20/20, PSI: 20/32
U: Hits: 11/30, Stun: 10/30, PSI: 10/20, Luck: 07/12
Eugene: Hits: 25/25, Stun: 25/25, PSI: 08/20, Luck: 05/13
Espera: Hits: 25/25, Stun: 25/25, PSI: 09/16, Luck: 12/12

What does who do?

Espera's PSI: other PSI ((3)LifeUpHC5, (3)Quick Up, 8:Neutralize, 0:

PSIMagnet)
(Erm, she has no offensive PSI.)
Grate Oracle Lewot says:
U dreams that Dr. Zeus arrives and kills this guy and his dream comes true
Eugene says:

eugene uses BEAM BETA
Cruel Regulator says:
Doctor Zeus does 99 damage, killing the Ambassador.
He then realizes it's a bad idea

Eugene says:
he strikes a DRAMATIC PO- what

Cruel Regulator says:
and tries LifeUp Omega
healing him back up to full

Eugene says:
WHAT

Cruel Regulator says:
He was originally at -25HP
But he loses a turn.

Eugene says:
what?

Cruel Regulator says:
Erm, HSA was killed
and then healed to full.
Being KOed makes him lose a turn, though.
But he's at full HP as opposed to having been hurt by Punk Kid's Beam.

Grate Oracle Lewot says:
But

Cruel Regulator says:
Eugene, Punk Kid, and Espera still need to act.

Grate Oracle Lewot says:
U killed Dr. Zeus prior to these events

Cruel Regulator says:
Oh, hmmm.

Grate Oracle Lewot says:
although that was in character for him

Cruel Regulator says:
No dream then.
Eugene, Punk Kid, Espera, and U still need to act.

Eugene says:
I uhh y'know
I beam beta
Yeah

Grate Oracle Lewot says:
*U dreams that he does NOT wake up and kill this guy
okay I'll stop
can um
Espera has Neutralize, right? Will that wake me up?*

Cruel Regulator says:
Oh, right, I forgot U was asleep.
Again, you helped me.

Eugene says:

this guy is a dumbass bitch imho

Cruel Regulator says:

Someone needs to slap U.

Eugene says:

a BITCH'S BITCH if you will

Well I used Beam Beta so y'know

Cruel Regulator says:

Neutralize only cures stuff that ends with the battle.

Erm, right, yeah.

Grate Oracle Lewot says:

Punk Kid?

Cruel Regulator says:

23 damage.

Eugene says:

yeah

Cruel Regulator says:

Punk Kid does 1 Stun to U

U is awake again and may act.

Grate Oracle Lewot says:

Except none of his actions do anything

Cruel Regulator says:

And Espera can still do something.

Grate Oracle Lewot says:

um

Cruel Regulator says:

U could fully heal himself.

Grate Oracle Lewot says:

Lv. 6 Thunder Pathogen

Cruel Regulator says:

Okay

Grate Oracle Lewot says:

Aren't they like

more accurate

because of the level?

Cruel Regulator says:

Missy by 8 on the direct hit, and miss by 11 on the explosion.

Grate Oracle Lewot says:

8 is the lowest so far

Eugene says:

god fucking dammit hegel

Grate Oracle Lewot says:

Wait, I forgot I had a plan

Cruel Regulator says:

What PSI does Espera use over the phone?

Grate Oracle Lewot says:

U uses LifeUp on Ambassador, does some equivalent of winking at Eugene, and jumps off the rock!

What does Espera have?

Cruel Regulator says:

U has already taken his turn.

other PSI ((3)LifeUpHC5, (3)Quick Up, Neutralize, PSIMagnet)

(Erm, Neutralize costs 8 and Magnet costs 0)

Grate Oracle Lewot says:

Quick Up

I guess

Cruel Regulator says:

On U?

Please say on U.

Grate Oracle Lewot says:

Well

fine

Cruel Regulator says:

YEAH!

Grate Oracle Lewot says:

U cannot--oh I guess that's the point

Cruel Regulator says:

U's Reflexes go up by 5!

U's Dexterity goes up by 7!

Wait, that's everyone.

-Enemy Phase 9.

Eugene says:

hey

can we have

U and Espera's turns

Switch?

Cruel Regulator says:

Oh, erm, you're about to win, anyways.

Eugene says:

oh well

Cruel Regulator says:

The Stickman Ambassador starts running away to grab the gun which he had previously dramatically thrown away.

-Player Phase 9.

Eugene says:

I'm out of PSI, aren't I?

And I don't really have anything else that'll actually hit.

Cruel Regulator says:

U: Hits: 11/30, Stun: 10/30, PSI: 10/20, Luck: 07/12

Eugene: Hits: 25/25, Stun: 25/25, PSI: 01/20, Luck: 05/13

Punk Kid: Hits: 20/20, Stun: 20/20, PSI: 20/32

Eugene says:

Can Espera use Quick Up

On me?

Cruel Regulator says:

Sounds sexy!

Eugene's Reflexes go up by 9!

Eugene's Dexterity goes up by 6!

(Oh, also, the Up/Down PSI don't stack in Allo's Town.)

('Cuz like, I made them super-powerful, anyways)
U, Eugene, and Punk Kid can still act.

Grate Oracle Lewot says:

Um
Water
Germ

Eugene says:

5 plasma shots

Cruel Regulator says:

The direct hit misses by 8
The explosion misses by 2.
Luck?

Grate Oracle Lewot says:

Yes

Cruel Regulator says:

The explosion does 20 damage.
And the plasma beams . . .
All five hit :3
47 damage

Eugene says:

yes yes yes YES

Cruel Regulator says:

The Human Stickman Ambassador is riddled with holes.
He is bleeding on the floor.
You appear to be in the banquet hall with Espera, Snakeboy, and still
sleeping Clarissa.

Eugene says:

Eugene throws back his head and cackles wildly

Grate Oracle Lewot says:

U drinks his blood

Cruel Regulator says:

Six seconds later, HSA appears to be in the banquet hall, quite in
tact.

Grate Oracle Lewot says:

that always seemed useful before

Cruel Regulator says:

(Erm, you were teleported out of the battlefield before you could
drink any blood.)
HSA appears to have a full body condom on this time, though.
HSA "You have beaten me fare and square, without the help of
womenfolk."
(He doesn't know about Espera.)

Eugene says:

Cruel Regulator says:

Punk Kid "You'll help us out?"
HSA "We have already teleported twenty five evil boomboxes to your
base in the subway system."
BK, you should explain to Lewot what an Evil Boombox does.

Eugene says:

It plays music loudly and obnoxiously and kills you
Also probably makes you a stickman.

Grate Oracle Lewot says:

*Stickman U would just be like
a circle*

I guess

Cruel Regulator says:

(Also, blood is dripping from the inaccessible balcony where the three government snipers were.)

Clarissa wakes up.

~°Δ°[[Bizzzz] has left the conversation.

Cruel Regulator says:

Clarissa "what the fuck, we just risked our asses to negotiate with you, and you're giving us your Evil Boomboxes? Fuck this bitch. Do you people know what Evil Boomboxes are good for? Nothing. Unless you're a stickman."

Eugene says:

http://www.youtube.com/watch?v=qvuzvLoJb4w&feature=player_embedded

Grate Oracle Lewot says:

Clarissa was asleep

Cruel Regulator says:

Yeah, she was asleep the whole time that's why she couldn't help when you were attacked by government soldiers the last game.

Grate Oracle Lewot says:

Oh, I didn't see where you said she woke up until now.

Cruel Regulator says:

Oh, wait, I had thought you had said "Clarissa was asleep?" as opposed to stating that she was

Grate Oracle Lewot says:

I didn't punctuate.

Cruel Regulator says:

HSA "Well, yeah, exactly. You can use the Evil Boomboxes as much as you like. You'll kill yourselves and your enemies in the process. You also have the option of relinquishing your free will and becoming stickmen, making you immune to the Evil Boomboxes. In addition to the 25 Evil Boomboxes teleported to your base is a manilla folder filled with Free Will Releases."

Grate Oracle Lewot says:

Fire Pathogen

Cruel Regulator says:

HSA "Any individual who signs the Free Will Release will be teleported to our headquarters in Allo's Town, Virginia, where he or she will be converted into a Stickman."

Erm, at HSA?

Grate Oracle Lewot says:

Well

it won't work

but U feigns it

to express his emotions

Cruel Regulator says:

HSA "All individuals who are converted will, after being converted, be sent back to the Strawberry Separatists headquarters. They will be stronger, better armed, and better trained."

U still has Quick Up going, mind you.

U fires!

The direct hit misses by 1, but Stickman Ambassador

Grate Oracle Lewot says:

You do know what feign means, right?

Cruel Regulator says:

in all of U's rage

Erm, yes, I do.

But the Stickman Ambassador

kinda gets hit, anyways

Grate Oracle Lewot says:

k

Also he drops ten more of each pathogen

Cruel Regulator says:

18 damage.

HSA "Hey, hey, hey. This is serious business, messing with me."

HSA "I'll let the Strawberry Separatists deal with your betrayal of them."

HSA appears to be no longer in the hotel's banquet hall.

Erm, also, next time Silvia and several Government Swordmasters rush in.

Grate Oracle Lewot says:

Ah.

We don't get to heal?

Cruel Regulator says:

Erm, well, actually

Silvia is much stronger than HSA!

As such, you will not fight her.

Just meet her.

Grate Oracle Lewot says:

Oh.

Okay.

Cruel Regulator says:

Higher defense, Magnet Omega, more max PP, similar max HP, higher INT
(but similarly high level healing PSI)

she'll have a friend on the phone with her

and she'll be surrounded by Swordmasters when she comes in next time, too.

Erm, okay, everyone gets 20 OP

I'll waive Bizz's 1 OP game missing penalty for today

but it still counts as an absense

so next time she'll lose 2 OP.

Grate Oracle Lewot says:

Whoa... I have 21, right, and we get 21 next time, right?

Cruel Regulator says:

WHOA!

Dude, yeah.

Grate Oracle Lewot says:

Cruel Regulator says:

So I guess, like, you shouldn't use any OP.

Grate Oracle Lewot says:

Indeed.

BK buy something shiny.

Cruel Regulator says:

Also, BK, Eugene was carrying a gun that was more accurate than his Pulse Rifle.

(Eugene has 56 OP)

Eugene says:

what hi

can i get magnet omega yet?

Cruel Regulator says:

That's 60 OP

But you'll get 21 OP next time

Eugene says:

hmm

okay

Cruel Regulator says:

So that means that if you use 17 or fewer OP now

Grate Oracle Lewot says:

Wait, I have to save the session.

Cruel Regulator says:

you'll still be able to get Beam Gamma or Magnet Omega.

Grate Oracle Lewot says:

#10, right?

Cruel Regulator says:

Yeah.

(Just subtract 10 from the number of OP you got)
