

hegel5000 says:

Whoa, whoa, Bizz is back.  
Wait, can we RPG?

~°Δ°[[Bizzzzzz] says:

Hegel

I've been here all along

Just enthralled in conversation

King Coral says:

I would like to RPG

Is everyone okay if we stop talking about relationships?

Grate Oracle Lewot says:

*But Bizz ily <3*

King Coral says:

I was the one who initially initialized it but yeah

Grate Oracle Lewot says:

*Well*

*BK*

King Coral says:

I think I have gotten out my bitching

hegel5000 says:

Oh, God, I've just added seven movies to my download queue.

Grate Oracle Lewot says:

*I would almost like to explain myself to you again but you wouldn't listen  
not listening is your thing.*

hegel5000 says:

Erm, ten. Ten is not seven. About seven gigabytes worth.

King Coral says:

i'm sorry, what was that?

hegel5000 says:

King Coral says:

i wasn't listening.

Grate Oracle Lewot says:

*Proof yo.*

*IRREFUTALE PROOF*

King Coral says:

(( >:3 mweheheheh ))

Grate Oracle Lewot says:

*So yeah let's RP.*

*G.*

hegel5000 says:

Lemme just get out your character sheets.

Grate Oracle Lewot says:

*Oh, we had gotten pot from the Family Guy guy...*

hegel5000 says:

<http://sites.google.com/site/allstown/creation/u>

<http://sites.google.com/site/allstown/creation/eugene>

~°Δ°[[Bizzzzzz] says:

pyuu

King Coral says:

~°Δ°[[Bizzzzzz] says:  
ugh dl i love you why can't i tell you that ;-;

King Coral says:  
**we get to fight MY enemies now ~ !**

~°Δ°[[Bizzzzzz] says:  
this is like the best conversatrion we have ever had

hegel5000 says:  
Snakeboy is an insomniac, and his PRE stat is phenomenally high (15),  
so smoking 5 joints wouldn't really reduce his damage too much

Grate Oracle Lewot says:  
*But I love you Bizz*

hegel5000 says:  
well, actually,  
the thing is that you were visiting the hotel clerk's apartment while  
waiting for your helicopter trip to the mountains  
So . . . wait.

~°Δ°[[Bizzzzzz] says:  
Lewot  
ily more  
<3

Cruel Regulator says:  
Okay, yeah.  
The helicopter trip to the mountain will be several hours long  
and you resume sobriety from pot after three hours.

Project U says:  
*Well*

Cruel Regulator says:  
You can also nap for three hours.

Project U says:  
*that was pointless then  
good thing I didn't do it*

~°Δ°[[Bizzzzzz] says:  
So like

Cruel Regulator says:  
Erm, like, your PSI is restored when you smoke

~°Δ°[[Bizzzzzz] says:  
What happened to Espera and her high status  
like

Cruel Regulator says:  
and then, also, for each joint you smoke, your INT and PRE stats go  
down by one

~°Δ°[[Bizzzzzz] says:  
were those state reductions permanent

King Coral says:  
**nap**

Cruel Regulator says:  
but then, after three hours, all of it goes back to normal.

King Coral says:  
**eugene wants to take a nap**

~°Δ°[[Bizzzzzz] says:  
Ohhh

Project U says:  
*And napping does what?*

Cruel Regulator says:

Well, you get 1PP for each hour of sleep.

Project U says:

*Well, U will nap too.*

Cruel Regulator says:

Okay

(erm, and before you nap, you return to the hotel where Silvia has waiting for you a helicopter so that you can fly to the mountains to find the special crystal which Clarissa, Punk Kid's scientist aunt, can use to make an anti-teleportation device)

Project U says:

*Of course.*

~°Δ°[[Bizzzzzz] says:

Mmm, naps

GET TO DA CHOPPA

Cruel Regulator says:

I never actually saw it  
but my friend always quotes that line.

Project U says:

*I never actually heard of it  
but I love Bizz more.*

Cruel Regulator says:

I don't even remember the movie. Was it Predator?

Project U says:

*Oh, hmm, I should watch those  
I mean, wait, are the Predators extraterrestrial?*

Cruel Regulator says:

Yeah.

So really, Alien vs. Predator  
is just alien vs. a different type of alien

Project U says:

*Yeah.  
I think I have some music from Alien but uh  
RPG*

Cruel Regulator says:

Silvia "You realize that a lot of taxpayer dollars that went into getting you this helicopter?"

Project U says:

"k"

Cruel Regulator says:

(The helicopter's landing gear is long enough to straddle one of the hotel's smaller swimming pools. Women in bikinis are being blown off of their beach chairs as the helicopter lands.)

Clarissa "Do you know how much private corporate money the Strawberry Separatists will have to pay for a PR campaign to explain why a helicopter is touching down on this hotel we own?"

Project U says:

"g"

Cruel Regulator says:

Clarissa "\$9,000,000, how did you guess that? That was exactly how much I was gonna spend on advertising for the Hotel Real after this incident. We're going to turn this experience ruining disaster into a slogan about our hotel being the most exciting spot in southeast Spain."

The women in bikinis are rushing into the hotel.

All three main characters, Punk Kid, and Snakeboy board the helicopter.  
Punk Kid is the pilot.  
Everybody naps for three hours.  
Espera stops being high!

Project U says:

*Well*

~°Δ°[[Bizzzzzz] says:

*YAY*

Cruel Regulator says:

Everybody regains 3 PSI points each.

Project U says:

*U is sure to nap furthest from Clarissa though it probably doesn't help.*

King Coral says:

Project U says:

*Wait, she didn't board.*

King Coral says:

*woooo psi (i will blow in an instant)*

Cruel Regulator says:

(She doesn't come on the helicopter because I haven't written her character sheet yet.)

Project U says:

*Ah.*

*I see*

.

*U sleeps soundly then.*

*Yay for plot arcs.*

King Coral says:

Cruel Regulator says:

Espera: Hits: 25/25, Stun: 25/25, PSI: 12/12, Luck: 12/12  
Eugene: Hits: 25/25, Stun: 25/25, PSI: 06/20, Luck: 13/13  
U: Hits: 30/30, Stun: 30/30, PSI: 15/20, Luck: 12/12

Punk Kid does not restore any PSI because he is asleep  
erm, because he is not asleep  
because he is piloting.

Punk Kid: Hits: 20/20, Stun: 20/20, PSI: 20/32

~°Δ°[[Bizzzzzz] says:

*I am here guys*

*I am here*

Cruel Regulator says:

Punk Kid does not restore any PSI because he is an insomniac.

Project U says:

*Ily Bizz*

Cruel Regulator says:

Snakeboy: Hits: 29/65, Stun: 65/65, PSI: 2/20

Also note that NPCs, just as they do not have Luck, they do not get 1 free PP and a few free HP healed to them after each game.  
The mountains in Southeast Spain are quite snowy.

Project U says:

*Ooh.*

Cruel Regulator says:

(They are quite snowy whether you like it or not. I don't care if I haven't done the research and have no actual idea. These are fucking snowy mountains.)

Project U says:

*Oh.*

*I have no idea.*

*I love snow but then ice is U's weakness.*

Cruel Regulator says:

King Coral says:

**you said  
punk kid  
when you meant  
snake boy**

Project U says:

*Yeah.*

Cruel Regulator says:

**Right, yes, Snakeboy is the insomniac.  
Yes, thank you.**

Project U says:

*We all knew that BK  
shut up.*

King Coral says:

Cruel Regulator says:

(Also, Bizz agrees with me that the sentence should be "I wish my family was rich.")

King Coral says:

**Also was the research thing directed at me or Lewot?**

Project U says:

*Hegel  
it is were  
I am absolutely sure.*

King Coral says:

**Cuz Holy Hands TOADally won't meant for no snowy mountain!**

Cruel Regulator says:

**Oh, ah.  
But it did involve mountains, right?**

King Coral says:

**Or at least the top was but  
Yeah it doesn't matter**

Cruel Regulator says:

**well, you'll first fight something that I made up.**

King Coral says:

**Pingu?**

Cruel Regulator says:

**Erm, well, Lewot, by itself, does the sentence "My family were rich."  
sound right?**

~°Δ°[[Bizzzzzz] says:

*Well*

Project U says:

*No, it doesn't  
but*

~°Δ°[[Bizzzzzz] says:

Tome it does

Cruel Regulator says:

The word 'I' does not change anything in that sentence

Project U says:

*that is the difference*

King Coral says:

**guys**

~°Δ°[[Bizzzzzz] says:

tome

to me\*

King Coral says:

**fuck grammar and FUCK PRESCHOOLERS**

Cruel Regulator says:

the word 'I' conjugates the word 'wish'

Project U says:

*The word "wish" changes it.*

King Coral says:

**let's fight some shit on a mountain!**

Cruel Regulator says:

Well, Lewot, you're saying you're stupid all the time, anyways.  
You can't have it both ways!

Project U says:

*You say "if it were" instead of "if it was" because you're referring to a theoretical outcome.  
Same with "I wish."*

~°Δ°[[Bizzzzzz] says:

D:

Hegel

Project U says:

*Everybody /says/ was when they talk*

~°Δ°[[Bizzzzzz] says:

How dare you

Cruel Regulator says:

There's something like that in Spanish, the subjunctive, but there's  
nothing like that in English.

~°Δ°[[Bizzzzzz] says:

Espera should attack Hegel now

Project U says:

*Hegel*

King Coral says:

**Eugene does the cool karate kick against Pingu!**

Project U says:

*ask an English teacher  
and, I mean, a good one.*

King Coral says:

**Rolls 98 damage!**

**Pingu is felled!**

Project U says:

*One who would actually know.*

King Coral says:

**Eugene gets 20 hundred OP!**

Cruel Regulator says:

well, anyways, the point is  
I'm going to remember this  
if you keep on saying you're stupid.  
If you keep on saying you're stupid, how do you expect to put yourself  
as an authority on something at another point?

Project U says:

*As long as you know what's correct, you can say cruel things to me all you want.*

~°Δ°[[Bizzzzzz] says:

Hegely  
I, for once  
actually agree with BK  
we should play

King Coral says:

Cruel Regulator says:

**Erm, right, okay.**

Project U says:

*We should*

~°Δ°[[Bizzzzzz] says:

ily BK

Project U says:

*Aww*  
*I'm sorry Bizz*

Cruel Regulator says:

**Punk Kid notices that there's a suspiciously, un-snowy helipad up ahead.**

King Coral says:

**ily2**

Cruel Regulator says:

There appears to be a garage door next to it.  
So like, you have the steep slopiness of the mountain

Project U says:

<http://www.wsu.edu/~brians/errors/were.html>

Cruel Regulator says:

but then part of it is hollowed out  
And oh, wow.  
Lewot, you could've done this earlier

~°Δ°[[Bizzzzzz] says:

...

Project U says:

*That's just some random site*

~°Δ°[[Bizzzzzz] says:

HAHAHAHAHAHA  
ILY  
LEWOT

Project U says:

*it doesn't prove anything*  
*but like*

~°Δ°[[Bizzzzzz] says:

ILY ILY ILY

ily  
t.

King Coral says:

guys

Project U says:

*there is probably an official one*

Cruel Regulator says:

Erm, and yeah, he said that the subjunctive is uncommon in English.

Project U says:

*now RPG.*

King Coral says:

you guys are supposed to be liek  
my friends without drama

~°Δ°[[Bizzzzzz] says:

I feel bad

King Coral says:

liek DRAMA Y'ALL y'know

~°Δ°[[Bizzzzzz] says:

that you guys  
are arguing

Project U says:

*We solved the drama now, BK.*

King Coral says:

yeah

~°Δ°[[Bizzzzzz] says:

over a sentence i made

Cruel Regulator says:

(Lewot and I argue a lot while neither of you are online )

~°Δ°[[Bizzzzzz] says:

but  
this time it was

Cruel Regulator says:

(That's why I love him.)

~°Δ°[[Bizzzzzz] says:

my fault

Project U says:

*It's my fault for continuing it  
but RPG*

King Coral says:

its a BAD SCENE EVERYONE'S FAULT  
yeah rpg

Project U says:

*(erm, I was yelling RPG, but you can't tell.)*

Cruel Regulator says:

Yeah, the mountain peak looks like that  
with the horizontal line being the helipad  
and the vertical line being just a completely artificially vertical  
piece of rock

with a door in it.

Project U says:

*k*

Cruel Regulator says:

Not a garage door, but a hangar door that's several stories tall and made of shiny, not-snowy metal.

Project U says:

*U tries to make a snow angel and fails horribly.*

King Coral says:

"Guys,"

"I thought this mountain would be uninhabited"

"What is this?"

Project U says:

*"o"*

Cruel Regulator says:

Punk Kid "We can land here and see what's inside or we can go around to the other side of the mountain and enter through the caves that Clarissa said would be there."

Project U says:

*(Erm, yeah, save the snow angel bit for after we get out )*

Cruel Regulator says:

*()*

~°Δ°[[Bizzzzzz] says:

*Yo*

Cruel Regulator says:

Erm, caves in the back or the warm, inviting helipad in front?

Project U says:

*Back sounds less deadly*

*because y'know*

*it's a game*

Cruel Regulator says:

what this means, though, is that Punk Kid will not be able to join you.

You will have to climb down a rope ladder onto the side of the mountain.

Project U says:

*He's not that great anyway, is he?*

Cruel Regulator says:

(He's flying around to the other side now.)

King Coral says:

*hmmm*

Cruel Regulator says:

well, he has a bunch of good defensive PSI

King Coral says:

*(He kinda isn't)*

Cruel Regulator says:

although his personal defensive abilities aren't that great.

King Coral says:

*(But I like him anyway.)*

*I donno*

*I like Punk Kid*

Cruel Regulator says:

He has PSI Beam and a much higher max PP than Eugene

but it's weaker per hit.

King Coral says:

Maybe we should go out front

Project U says:

*Oh, alright.*

King Coral says:

Eugene is liek "Guys wait"

"What do you think?"

"Should we risk the front?"

Project U says:

"k"

Cruel Regulator says:

(Lewot is right about caves being safer.)

King Coral says:

"I mean,"

"We've already killed a bunch of things."

hmmmm

"I have a FEELING, though,"

"A FEELING that the caves would be safer."

Project U says:

"k"

Cruel Regulator says:

Punk Kid "I'd rather be with you guys than alone in the helicopter, but that helipad should not be there at all."

King Coral says:

(Also this is reminding me of the snow mountain world in Donkey Kong Country which did, in fact, have cave levels.)

"We'll take a vote."

Project U says:

*I never got past Trick Track Trek.*

King Coral says:

"Who

(that level's in the world after the snow one, isn't it?)

~°Δ°[[Bizzzzzz] says:

"Hi"

King Coral says:

wants to go to the front, raise your hand."

~°Δ°[[Bizzzzzz] says:

Okay, I'm officially here now

Cruel Regulator says:

Punk Kid "I'll find a place to land somewhere else on a plateau. You'll have to shoot up a flare since we don't really get cellphone reception here."

Project U says:

*(I don't remember.)*

King Coral says:

(Hegel gets to pick what Snake Boy does)

~°Δ°[[Bizzzzzz] says:

"LET'S GO FRONT"

King Coral says:

Eugene nervously raises his hand kinda.

~°Δ°[[Bizzzzzz] says:

"no not really"

Project U says:

*U does not really care*

King Coral says:

**I am kinda curious as to what's up front y'know?**

Cruel Regulator says:

**Snake Boy "Herro."**

King Coral says:

**But uhh I guess we can just be dicks and leave Punk Kid behind?**

Project U says:

*Eh, front is fine.*

*Punch in the face.*

*Erm, metaphoricallu.*

*y*

~°Δ°[[Bizzzzzz] says:

u

Well

I am curious as to what's up in the front too

Cruel Regulator says:

**Punk Kid "I'm going around to the front. I don't even know if I can find anywhere to land. If you entered the back I'd probably resort to landing on the helipad. I'd be able to potentially run away if there's danger, but I dunno."**

~°Δ°[[Bizzzzzz] says:

Maybe someone should stay with Punk--oh  
never mind

Cruel Regulator says:

**(He starts flying back to the front of the mountain.)**

King Coral says:

**"We'll just have to face them ourselves."**

Cruel Regulator says:

**Punk Kid "It'll be risky to leave the helicopter out in the open on the helipad without anyone guarding it but I really wouldn't be able to guard it myself, would I."**

King Coral says:

**"I feel we should "proceed" with "extreme caution"."**

**(Eugene has been too serious lately he needs a silly line)**

~°Δ°[[Bizzzzzz] says:

"Get to da choppaaaa~"

Cruel Regulator says:

**Punk Kid lands the helicopter very very very slowly**

~°Δ°[[Bizzzzzz] says:

"I really don't know what else to say, you guys. ;~;"

King Coral says:

**Eugene juggles three bowling pins while riding a unicycle on the helicopter.**

Cruel Regulator says:

**but an inch away from touching down, you hit the ground with a loud thump.**

Project U says:

*U gives Espera a hug.*

~°Δ°[[Bizzzzzz] says:

<3

King Coral says:

what  
hegel did you just, like, pull some kind of hologram shit  
i will hate you if you did

Cruel Regulator says:

There is a "ZHHH" sound and you can see electricity arc on the  
helipad floor for a brief second.  
The helicopter's blade's are spinning profusely.

Project U says:

*Oh, a magnet and scrambler?*

Cruel Regulator says:

Punk Kid "We're kinda stuck here. It's not even a magnet. It's like  
the helipad is directly gripping the landing gear, because I don't  
feel any of my piercings getting pulled to the helipad."

King Coral says:

"Well damn. What the fuck happened?"

Cruel Regulator says:

The helicopter is facing parallel to the door.

~°Δ°[[Bizzzzzz] says:

"Hmmm"

King Coral says:

so we're on our side?

Project U says:

*U stylishly jumps out of the chopper using his Acrobatics?*

~°Δ°[[Bizzzzzz] says:

"Hey U, I like you're hugs. They're very blobby"

Cruel Regulator says:

Erm, so like, the front of the helicopter is closer to the right side  
of the door and the back of the helicopter is closer to the left  
side and the left side of the helicopter is directly facing the  
door.

Yeah.

King Coral says:

"Hey, U, I like your hips."

Eugene winks.

Project U says:

"k"

~°Δ°[[Bizzzzzz] says:

Hahahahaha

"Do you like my hips, too?"

Cruel Regulator says:

U rolls a 21 on his acrobatics roll.  
He does not trip.

Project U says:

~°Δ°[[Bizzzzzz] says:

King Coral says:

oh, you mean, like, the big door, and not, like, the door on the helicopter?

Cruel Regulator says:

Eugene rolls a 16 and Espera rolls an 11.

Yeah, the big metal door.

It's about two feet open now after having been pulled up noisily for a  
good thirty seconds.

It has quite a few more feet to go.

King Coral says:

**"We've been spotted!"**

Cruel Regulator says:

Under the middle of the vast hangar door opening now at four feet is half a penguin.

King Coral says:

**(wait i should flip out of the helicopter before talking)**

Project U says:

*U fires his Lv. 6 Thunder Pathogen under the door.*

King Coral says:

**(hegel am i out the copter now?)**

Cruel Regulator says:

(Erm, I did Dexterity rolls for Espera and Eugene (who don't have the Acrobatics skill to augment it.)

Erm, yeah.

and nobody trips!

King Coral says:

**WOOOOOO**

Eugene wavybs his arms

**"WE COME IN PEACE."**

**"TAKE ME TO YOUR LEADER."**

Cruel Regulator says:

You do not hit with the direct hit

Project U says:

*I attacked, BK*

Cruel Regulator says:

but the explosion hits the robot.

King Coral says:

**"WE ARE TOTALLY NOT COMING IN PEACE I AM SORRY"**

Project U says:

*I used my weak pathogen, though.*

Cruel Regulator says:

**For 2 damage**

Project U says:

*Yeah.*

*It's a testing shot kind of thing.*

~°Δ°[[Bizzzzzz] says:

What are we attcking

King Coral says:

**MAGIC PINGU**

Cruel Regulator says:

(It would've done one damage but it's lightning vulnerable.)

It keeps on opening

at about nine feet you can see the penguin body tapering into a neck

at ten a beak

~°Δ°[[Bizzzzzz] says:

**OH MY GOD**

**MAGIA PINGU**

Cruel Regulator says:

at eleven the eyes

Project U says:

*Wait*

Cruel Regulator says:

It is not magic  
it is machine.  
It does not waddle

Project U says:

*I do not get the reference as usual*

~°Δ°[[Bizzzzzz] says:

magia

King Coral says:

((i don't really know what magic pingu is just the name))  
((its a cool name, tho))

Cruel Regulator says:

it levitates an inch off of the metal helipad with electricity arcing under it.

King Coral says:

wait i don't understand geography  
i thought it was behind the door?

Cruel Regulator says:

"I AM PINGU. I LIKE HELICOPTER. I WILL TAKE HELICOPTER NOW. I KNOW YOU WANT TO KEEP HELICOPTER WHICH MAKES ME SAD YOU WILL DIE TO GIVE ME HELICOPTER."

King Coral says:

(i laughed)

Cruel Regulator says:

Erm, well, it glides over towards you, yeah.  
It was behind the door the hole time

King Coral says:

oh

Cruel Regulator says:

and then after ten feet high  
it started gliding over.  
Yeah!

Project U says:

*So guys kill it.*

~°Δ°[[Bizzzzzz] says:

Haha

Wait so

King Coral says:

"FUCK YOU, PIN-GU"

Cruel Regulator says:

It glides over to about three yards away from the party.

~°Δ°[[Bizzzzzz] says:

but how do we kill it

Cruel Regulator says:

Oh, also, Enemy Phase 1

~°Δ°[[Bizzzzzz] says:

fff

Project U says:

*But*

~°Δ°[[Bizzzzzz] says:

what

Project U says:

*only U attacked*

~°Δ°[[Bizzzzzz] says:  
Yeah

Cruel Regulator says:  
Oh, hmm, okay.  
Player Phase 1, the rest of it.

~°Δ°[[Bizzzzzz] says:  
But what of Espera's attacks would have more effect?  
<\_<;

King Coral says:  
Eugene hits with uhh

Cruel Regulator says:  
Well, the pathogen only did one damage

King Coral says:  
hmmm

Cruel Regulator says:  
which suggest that he has a very high Defense stat.  
which I'm actually going to lower right now.

~°Δ°[[Bizzzzzz] says:  
But I have no offensive PSIIII

Cruel Regulator says:  
Okay, it's lowered now

~°Δ°[[Bizzzzzz] says:  
which I wanted to save up for

King Coral says:  
5 plasma shots?

Cruel Regulator says:  
Okay.

King Coral says:  
yeah, i think

~°Δ°[[Bizzzzzz] says:  
What about me

King Coral says:  
i think i'll do that yeah!

~°Δ°[[Bizzzzzz] says:  
what should I do  
Well I can't remember what all I have

Project U says:  
You have a chainsaw

Cruel Regulator says:  
All of them hit.

Project U says:  
although you might get electrocuted

Cruel Regulator says:  
Bizz, I linked you to your character sheet earlier.

Project U says:  
A lot earlier

Cruel Regulator says:  
Good point.

Project U says:  
I had to scroll up to get mine.

~°Δ°[[Bizzzzzz] says:  
I forgot

whoos

Cruel Regulator says:

hege15000 says (9:28 PM):

<http://sites.google.com/site/alllostown/creation/u>  
<http://sites.google.com/site/alllostown/creation/espera>  
<http://sites.google.com/site/alllostown/creation/eugene>

King Coral says:

guys all of them hit i'm SO EXCITED

Project U says:

*Oh, oh.*

*That's what that meant*

Cruel Regulator says:

1, 1, 1, 6, 3

~°Δ°[[Bizzzzzz] says:

ughh

uhh\*

King Coral says:

6 B^)

~°Δ°[[Bizzzzzz] says:

slim sword attack? <\_<;

Cruel Regulator says:

Espera hits for 2 damage.

~°Δ°[[Bizzzzzz] says:

whee

Cruel Regulator says:

Erm, so like, lemme explain how the defense works

King Coral says:

"wow, his defensive stat sure is high!"

Project U says:

"k"

~°Δ°[[Bizzzzzz] says:

"Indeed it is~"

!\*

King Coral says:

if only someone had thunder

Cruel Regulator says:

the attack power, or DC, is the number of dice I roll

wait, yeah, DC.

I should've mentioned that DC

King Coral says:

if only snakeboy wasn't an insomniac

Cruel Regulator says:

is what I used to mean attack power.

Project U says:

*I have Thunder Pathogens*

Cruel Regulator says:

That does not mean that he has an aversion to weed.

Project U says:

*also PK Freeze Beta*

*or Gamma*

*I forget.*

Cruel Regulator says:

So yeah, DC is the number of six sided dice I roll  
a six sided die, on average, rolls 3.5  
so DC14 means that the attack averages a base damage of 49

Project U says:

*Actually I was talking to Double O last night about theoretical stuff to do with dice and RPGs  
but I'll not start.*

Cruel Regulator says:

Erm, but like, with Defense  
the Defense stat is subtracted from the base damage.

~°Δ°[[Bizzzzzz] says:

Hmm

Cruel Regulator says:

So like, with Espera's attack, Espera rolled a 30 on her DC7 attack  
that's a high roll, seven six sided dice average 24.5 damage  
She rolled a thirty  
(you know, I should tell you what you're rolling )

Project U says:

*Nah*

Cruel Regulator says:

which means that Pingu's Defense stat is 28

~°Δ°[[Bizzzzzz] says:

What

Cruel Regulator says:

Well, erm, I guess I should disclose what the Defense stat is

~°Δ°[[Bizzzzzz] says:

so

Cruel Regulator says:

when you deal more than 1 point of damage

~°Δ°[[Bizzzzzz] says:

you're saying I got a lucky roll for once

Cruel Regulator says:

with non-elemental attacks.

~°Δ°[[Bizzzzzz] says:

and it didn't even matter this time

blaaah

Cruel Regulator says:

On average, you'll only do 1 damage per hit with the Slim Sword  
if you add the extra seven dice of the Chainsaw  
you'll average 21 damage per hit

King Coral says:

my defense

is 6

his

is 28

fuck this cat

Project U says:

*So, the number of dice rolled is also the minimum damage the attack can do, only not  
factoring in Defense...*

King Coral says:

chain saws seem like lotso fun

Cruel Regulator says:

Yeah.

Although it's very improbable that you'll go down to that minimum  
damage

You probably won't get any lower than two times the DC

Project U says:

*But Hegel*

King Coral says:

*(also its pingu's attack now, yes?)*

Project U says:

*this is us*

Cruel Regulator says:

Project U says:

*we can do it.*

*And yeah, he should attack so I can unleash my germy wrath.*

King Coral says:

**i'mma BOP IM ONE right in da KISSA**

Cruel Regulator says:

(And, of course, remember that with all attacks, you can choose to target a bodypart putting you at -5 to your hit modifier, and with ranged attacks you can choose how many bullets you fire (-5 to hit will effectively mean five fewer bullets) and with melee attacks you can add three dice of damage (+10.5) for -3 to hit with an all-out attack.)

~°Δ°[[Bizzzzzz] says:

-1 OP for 1st absence

+1 OP for not being Bizz's fault

Hahaha

Cruel Regulator says:

Erm, so the point is: try to use the highest-power attack you can use erm, if the enemy has high defense and if that doesn't hit ever, try a slightly higher accuracy attack but, normally, I won't give super-high defense enemies super-high dodge ratings.

Erm, but Enemy Phase 1

Pingu generates a freezerburn-type quantum disruption beam!

His system is only charged to 99%, though.

Project U says:

*Ah.*

Cruel Regulator says:

He fires at Espera (chosen on a random roll)

Espera takes 1HP of fire damage.

Project U says:

*Er*

*fire*

*freezerburn*

*n*

Cruel Regulator says:

Erm, wait, no, wait, that was freeze damage.

Or rather Ice damage :3

only 1 damage, regardless.

Oh, wait, I forgot the hit/dodge

He hits by 1.

Luck?

Also, Player Phase 2

Espera: Hits: 24/25, Stun: 25/25, PSI: 12/12, Luck: 12/12

Eugene: Hits: 25/25, Stun: 25/25, PSI: 06/20, Luck: 13/13

U: Hits: 30/30, Stun: 30/30, PSI: 15/20, Luck: 12/12

~°Δ°[[Bizzzzzz] says:

Hey Hegel

King Coral says:

**Beam Alpha**

~°Δ°[[Bizzzzzz] says:

I want to save up OP for offensive PSI <\_<;

King Coral says:

**Can I target that to a specific body part?**

~°Δ°[[Bizzzzzz] says:

also I guess slim sword again

Cruel Regulator says:

Erm, not Beam.  
PSI is autohit  
and also not bodypart specific  
(and it doesn't apply to normal defense)  
(but, mind you, Resistance is generally higher than Defense)

King Coral says:

well, yeah  
alpha it up!

Cruel Regulator says:

You roll a 52

King Coral says:

he is a robot  
who does not have a brain

Cruel Regulator says:

Doing 16 damage.  
Not having a brain  
makes one very strong willed!

King Coral says:

so he thus can not defend psychically B^ ) wait

~°Δ°[[Bizzzzzz] says:

Project U says:

*Bizz, uh, I think the point of Hegel's spiel was you should use the chainsaw instead*

King Coral says:

well slap my ass and call me jimmy

Project U says:

*but, uh, Lv. 11 Thunder Pathogen*

Cruel Regulator says:

(Espera hits for 1 damage.)

Project U says:

*also Jimmy is Punk Kid, no?*

King Coral says:

are they

Cruel Regulator says:

Oh, right, yeah, Punk Kid.

King Coral says:

here?

Cruel Regulator says:

I forgot about him!

King Coral says:

i mean

Project U says:

*Also I have to go swimming in 15 minutes.*

Cruel Regulator says:  
He and Snakeboy.

King Coral says:  
did they just chill in the copter?

Cruel Regulator says:  
Hmmm, they should do something this turn.  
They just got out of the helicopter to join the battle.

King Coral says:  
Do we get to pick what they do, or?

Cruel Regulator says:  
Snakeboy can either steal a joint from Espera and smoke it or he can bite.

Project U says:  
Wait, copter  
sounds cooler than chopper

King Coral says:  
do i have joints?

Cruel Regulator says:  
to hit (punch, DC4 Stun): 11  
to hit (baseball bat, DC5): 13  
to hit (Mr.Pistol, DC4, RoF: 4, clip: 19/27): 18  
to hit (pump-action shotgun, DC5t3 LETH+1.0, RoF: 1, clip: 8/8): 13  
AUTOHIT ((4)BeamDC7 (7)BetaDC12)  
other PSI ((3)Shield, (3)Defense Up, (3)LifeUpHC7 (5)BetaHC14)

King Coral says:  
he could take one of mine!!

Project U says:  
You and Bizz have them, BK.

~°Δ°[[Bizzzzzz] says:  
copterrr

Cruel Regulator says:  
Espera is carrying all five of the party's pot.

Project U says:  
Oh.

~°Δ°[[Bizzzzzz] says:  
Wait why Espera

Cruel Regulator says:  
Erm, all five joints worth.

King Coral says:  
i thought we had 10?  
and me and bizz split it 50/50?

Cruel Regulator says:  
OH, right, yeah.  
Okay.  
Espera and Eugene each have 5 joints.

King Coral says:  
Snake Boy can take one of my joints

~°Δ°[[Bizzzzzz] says:

Cruel Regulator says:  
Snakeboy must beat a 17 on a TECH roll to fish the joint out of someone's pocket and smoke in the same turn

King Coral says:

Jimmy can cast shield on himself B^ )

hmmm

~°Δ°[[Bizzzzzz] says:

I don't think Espera ever wants to smoke a joint ever again

Cruel Regulator says:

He rolls a 15.

King Coral says:

but if at first he does not succeed

He still totally gets the joint, right?

Cruel Regulator says:

Snakeboy adds a joint to his inventory.

King Coral says:

alright B^ )

Cruel Regulator says:

He does not grab it fast enough to smoke it  
(so yeah, higher TECH allows you take stuff out of comrade's pockets  
faster)

Jimmy uses shield . . .

Erm, and lv.11 Lightning pathogen.

Direct hit does 1 damage

King Coral says:

>:|

Cruel Regulator says:

Pathogen explosion does 24 damage.

King Coral says:

B^ )

now he hits us, right?

Cruel Regulator says:

Pingu is now arcing with electricity!

Yeah.

King Coral says:

Cruel Regulator says:

Erm, Enemy Phase 2

Pingu's freezerburn-type quantum disruption beam continues shining at  
Espera

Project U says:

*It can do 1 damage when he's weak to Thunder?*

Cruel Regulator says:

Erm, the direct hit  
is your blob hitting

Project U says:

*Oh, yeah.*

Cruel Regulator says:

and then there's the pathogen explosion, yeah.

Project U says:

*k*

Cruel Regulator says:

the quantum disruption beam becomes so cold

King Coral says:

That its. . .

ICE COLD?!

Cruel Regulator says:

that the temperature in a few molecules in Espera's body go \_below

absolute zero\_  
oh, hmmm, that should be a special ability, ICE COLD.

King Coral says:

its coola  
than bein cool!  
but umm hmm  
eugene gives espera a warm blanket ~ ^\_^

Cruel Regulator says:

But no, it goes below absolute zero and those molecules then loop  
around to the maximum possible temperature and they turn into PURE  
ENERGY

Project U says:

*Sciencey.*

Cruel Regulator says:

The molecules are in her shoulder.  
(She has armor.)

~°Δ°[[Bizzzzzz] says:

Doesn't espera have high ice resistance

Cruel Regulator says:

well, actually, it's fire damage  
'cuz it loops around to the maximum temperature  
but it hits Espera in the armor  
only doing 13 damage

Project U says:

*Guys I have to leave in 6-7 minutes.*

Cruel Regulator says:

Player Phase 3

~°Δ°[[Bizzzzzz] says:

I have to leave in maybe an hour  
Also slim sword again?

King Coral says:

uhhh  
oh god we're in a TIME CRUNCH

~°Δ°[[Bizzzzzz] says:

or should I try something else  
<\_<

Cruel Regulator says:

Bizz, yeah, that's why I just explained the entire defense system  
which is kinda like that of Fire Emblem.  
Higher-powered weapons penetrate armor better

King Coral says:

i seem to

Cruel Regulator says:

while lower powered weapons like the Slim Sword do not  
but they're more accurate.

King Coral says:

not have many angelhead bullets?  
wait  
there's a 3

Cruel Regulator says:

You have 66 plus 11 in your gun.

King Coral says:

and a 66  
oh well

Cruel Regulator says:

3 is for the gun itself.  
You have three of the gun.

King Coral says:

i will shoot him with ~10~ bullets in

Cruel Regulator says:

to hit (12.7x44mm Angelhead, DC5 AP/2, RoF: 3, Clip: 11/11 normal): 21

King Coral says:

where in he weak?  
oh  
i have 3  
in it

Cruel Regulator says:

Erm, I didn't give Pingu weakspots

King Coral says:

not  
11  
well fuck that

Cruel Regulator says:

Erm, you have 11/11 bullets in the gun

King Coral says:

i will just shoot the 3 and uhh refill?

Cruel Regulator says:

66 spare bullets

King Coral says:

but it says

Cruel Regulator says:

and 3 of the gun.

King Coral says:

3!  
of  
in

Cruel Regulator says:

You have three different Angelhead pistols.  
(You fought three enemies carrying them in the Bank.)

King Coral says:

OH  
wow  
that's a lot!

Project U says:

*Erm, I will use PK Freeze Beta.*

King Coral says:

i shoot him with 33 bullets by shooting all guns at once B^ )

Cruel Regulator says:

RoF: 3 means that you can't fire more than 3 bullets per attack,  
though.  
And you can only use one gun at a time.

King Coral says:

DAMMIT  
okay fucking 3

Cruel Regulator says:

Slim Sword does 2 damage

~°Δ°[[Bizzzzzz] says:  
blagh

Cruel Regulator says:  
Freeze Beta does 1 damage

Project U says:  
Ah.

King Coral says:  
you.  
guys.

Cruel Regulator says:  
Angelhead: 3, 7, 6

Project U says:  
BK, my Thunder Pathogens do hurt him

King Coral says:  
(snake boy should ROLL A JOINT SMOKE A JOINT GET A 40 DROP A 40)

Project U says:  
I wanted to test his resistance though

Cruel Regulator says:  
Snakeboy gets an unlucky roll and only gets 1PP

King Coral says:  
i kind of meant hegel specifically in you guys  
>: |  
YOU.  
GUYS.

Cruel Regulator says:  
But that brings him up to 3PP!  
So he can use Thunder next round!

Project U says:  
Cool.

King Coral says:  
and umm punk can shield espera since

Project U says:  
Or rather

Cruel Regulator says:  
wait, lemme count up the damage.

King Coral says:  
she keeps getting hit

Project U says:  
shocking.

King Coral says:

Cruel Regulator says:  
Oh, wait, he got destroyed.

Project U says:  
Ah.

Cruel Regulator says:  
Yeah, the three bullets

King Coral says:  
...

Cruel Regulator says:  
penetrating the armor.

THEY BE LETHAL.

King Coral says:

wooooo

Project U says:

*Well, I have to leave pretty much now.*

Cruel Regulator says:

The third bullet goes in

King Coral says:

not wooooo

Cruel Regulator says:

¡Compra!

~°Δ°[[Bizzzzzz] says:

no

noooo

Project U says:

*You guys could keep playing without me*

~°Δ°[[Bizzzzzz] says:

ily lewtu

Cruel Regulator says:

and it explodes into a million pieces.  
One of the pieces hit U

~°Δ°[[Bizzzzzz] says:

Yaaay

Wait

Cruel Regulator says:

but it's part of the reactor core

~°Δ°[[Bizzzzzz] says:

IT'S LIKE ROBO-CONFETTI

Cruel Regulator says:

and it interacts badly with U  
causing him to suddenly be stuck to the Helipad.

King Coral says:

?!

Cruel Regulator says:

That is why U cannot follow the party inside.

Project U says:

*Erm, but then, you guys remember to save the session, because I can't save the whole thing.*

King Coral says:

o

~°Δ°[[Bizzzzzz] says:

Well my mom might kick me off in twenty minutes

Well

maybe not

Cruel Regulator says:

Oh, erm, in that case  
NOTHING HAPPENS TO U  
And yeah, end of session.

~°Δ°[[Bizzzzzz] says:

Well

King Coral says:

~°Δ°[[Bizzzzzz] says:

It depends on my mom's mood
