

hegel5000 says:

So, the holy triumverate is here.  
Shall we RPG?

~°Δ°[Levi-tah] says:

Wooo

Grate Oracle Lewot says:

<http://www.box.net/shared/m8fqgrv8im>

~°Δ°[Levi-tah] says:

I have to shit but  
yaaaah

hegel5000 says:

We can both shit.  
lawlberb  
\*glomp\*

Daria Morgandorfer says:

**hmm**

Grate Oracle Lewot says:

*Wait*

Daria Morgandorfer says:

**well this seems like quite the uhh**

Grate Oracle Lewot says:

*BK*

Daria Morgandorfer says:

**y'know  
the umm  
the SHITTY situation!!!!**

Grate Oracle Lewot says:

*did you mix Mario's voice into this?*

Daria Morgandorfer says:

**what  
no**

~°Δ°[Levi-tah] says:

-clingu-

Daria Morgandorfer says:

**If you mean the first track**

hegel5000 says:

/lawlberb

Daria Morgandorfer says:

**That is me yelling at my brother to be quiet**

hegel5000 says:

**I had an easy time peeing, but I couldn't shit.**

Daria Morgandorfer says:

**;~;**

Grate Oracle Lewot says:

*It sounds like Mario's "whoawhoawhoa" voice clip*

Daria Morgandorfer says:

**I put an effect on it  
To make it warbly, but**

Grate Oracle Lewot says:

*Yeah  
I use that effect on everything*

hegel5000 says:

Oh, wait, lemme upload new copies of everyone's character sheets.

Grate Oracle Lewot says:

*And yeah, these fit Hegel's visions better than mine, I think*

Daria Morgendorfer says:

hegel5000 says:

I mean, my vision for the coolest videogame every would have fast and intense breakcore music but for a good RPG Maker game (i.e. something that I'm actually capable of doing), I would want to make an eery game full of emptiness

Grate Oracle Lewot says:

*See, Double O had this emptiness theory where we were going to make the game creepy by setting it in an abandoned lab but have this cheery, old jazz music playing, only y'know, it's all scratchy*

Daria Morgendorfer says:

Grate Oracle Lewot says:

*Okay, it's not so much an "emptiness theory" but*

hegel5000 says:

Also, guys, I'm going to increase the OP costs of upper level PSI moves by a fuckload

Grate Oracle Lewot says:

*I already bought Freeze Gamma*

hegel5000 says:

so, erm, that means that BK won't get Beam Gamma for a little while (but I won't increase Freeze's cost) (well, I'll increase Freeze Gamma's cost but reduce Alpha and Beta's cost so that the total is the same.)

Grate Oracle Lewot says:

*Well*

hegel5000 says:

(And Freeze Omega won't cost that much, either.)

Grate Oracle Lewot says:

*could you just like, let me have them but take the extra cost out of my OP as I go?*

hegel5000 says:

But Fire Gamma, Beam Gamma and Omega, and Thunder Omega will all cost waaay more.

Erm, don't worry, I mean, I won't increase the cost of going from no PSI Freeze to having Freeze Gamma that will remain at 90 OP total.

Grate Oracle Lewot says:

*But is that unbalanced compared to the others?*

*It is elemental*

*and Gamma does the HP thing*

hegel5000 says:

Wait, erm, actually, I think, now that I think of it, increase that total, yeah.

~°Δ°[Levi-tah] says:

back

hegel5000 says:

well, really, I want to increase the cost of all PSI above Alpha level by a lot so that way the relative costs of increasing skills or basic stats

won't be that low.

~°Δ°[Levi-tah] says:  
I clogged the toilet  
-tips hat-

hegel5000 says:  
So wait, actually . . . I think I might increase the cost of both  
gamma and beta level PSI

Grate Oracle Lewot says:  
*I am not so impressed with Ice Level, BK, ice being my favorite*

hegel5000 says:  
(except for Freeze Beta since that actually does no more damage than  
Beam Alpha but costs more PP. Also I'm getting rid of the Freeze  
stun thing since that's too much to calculate and I like how PSI  
takes minimal calculation)  
\*glomp\*

~°Δ°[Levi-tah] says:  
-clingu-

hegel5000 says:  
Bizz, would you like help whipping your butt?

Grate Oracle Lewot says:  
*Oh, so it no longer freezes people?*

hegel5000 says:  
wiping  
not whipping  
Erm, yeah, no.  
The main thing will be is that it'll be the cheapest PSI move to get  
OP wise.

Grate Oracle Lewot says:  
*I mean, I was not used to expecting to freeze people anyway, so.*

hegel5000 says:  
So yeah  
I mean, I wanted to give a reason why Freeze Beta would cost as more  
PP than Beam Alpha but still do the same damage

Grate Oracle Lewot says:  
*Now, since we're going into non-combat mode, can I, say, use Freeze PSI to make it snow  
around me, or other such non-combat uses?*

hegel5000 says:  
Hmmm, actually, since BK has so much OP and he doesn't really care  
that much, I think I'll just increase the OP cost of Beam Alpha and  
Beta  
Erm, but we are not in non-combat mode yet!

Grate Oracle Lewot says:  
*But still.*

hegel5000 says:  
Remember, you guys are still in the laboratory/office complex embedded  
in the mountain.  
Erm, I guess U could use Freeze on a water pathogen to make it snow.

Grate Oracle Lewot says:  
*Ooh.*  
<3

hegel5000 says:  
But yeah, everyone is still deep underground.

Daria Morgendorfer says:  
Hey  
Hegel

**Do you think  
There is any way  
You could sample things off paper  
I mean  
Liek  
Photoship them out  
Because pen and ink is a lot easier / will look better than GIMP**

hegel5000 says:

Um . . . well, you can, but it will be quite hard

Daria Morgandorfer says:

**Hmm yeah**

hegel5000 says:

and it will not look right within the pixel-art context of RPG Maker.

Grate Oracle Lewot says:

*5:19*

hegel5000 says:

wait, yeah, that's the thing, the pixel art.

(BK is an hour past 4:20)

wait, so yeah, BK, let's go into RPG mode, though.

U: Hits: 24/35, Stun: 35/35, PSI: 17/20, Luck: 15/15

Grate Oracle Lewot says:

*Alright, BK, I listened to all your songs*

Cruel Regulator says:

So, wait, yeah, does anyone wanna recap to BK what happened during the last session?

Cruel Regulator just sent you a nudge.

~°Δ°[Levi-tah] says:

/

Daria Morgandorfer says:

**woah**

**cruel regulator**

**just /r/ed my attention**

**thanks lewot**

Cruel Regulator says:

**Bizz, Lewot is not talking, could you recap to BK?**

Grate Oracle Lewot says:

*Uh*

Daria Morgandorfer says:

**uhh hegel do you want yer ENEMIES or do you wanna just PLAY GAMES???**

~°Δ°[Levi-tah] says:

I can't remembere

r

|:

Grate Oracle Lewot says:

*Uh*

*hmm*

Cruel Regulator says:

(I mean, if no one remembers, I kinda do remember quite well )

Grate Oracle Lewot says:

*let me find the document*

Cruel Regulator says:

Oh, erm, well, it'll be fine if you don't. I'll recap at the end of the last session, BK had to leave

Grate Oracle Lewot says:

*It was so long ago*

Cruel Regulator says:

so it was just U and Espera  
Espera went into the bathroom and was drilled through by a sink, and U had to drag her out

~°Δ°[Levi-tah] says:

Oh yeaaaah

Cruel Regulator says:

Erm, and like, you guys are in an office building everything has linoleum tiles, the same ones in the hallways and in the one-person bathrooms.  
You entered the office building/laboratory through a ventilation shaft that came down from a cave  
Punk Kid is still at the top of the shaft, while you three and Snakeboy are down in the hallways.  
At the bottom of the ventilation shaft, the hallway forks to the West, East, and North.  
On the West side is the Snake King  
going North is a hallway with laboratories and offices on either side and to the East is a very short bit of hallway with the two bathrooms. You guys were in the men's room.

Grate Oracle Lewot says:

*If we cannot beat a bathroom, I don't know about a Snake King but then again good rolls vs. bad rolls*

Cruel Regulator says:

Oh, erm, but also, I'm adding a new function for Luck: you can spend Luck to reduce the damage of an attack. Spend 2 Luck to cut the damage in half, spend 3 to make the damage one third, ect.  
etc.\*  
or whatever.

Grate Oracle Lewot says:

*That is kinda a lot*

Cruel Regulator says:

Well, that way you can use Luck to stop damage from PSI moves  
well, I'll change it later after we see how it works  
So yeah, erm, where do you explore?

Grate Oracle Lewot says:

*Hmm.*

Cruel Regulator says:

You've realized that it's not safe to go into the bathrooms in the East Corridor

Daria Morgendorfer says:

**Let's take a vote**

Grate Oracle Lewot says:

*I have my office chair, right?*

Cruel Regulator says:

Oh, right, yeah, you were exploring the North Corridor originally.

Daria Morgendorfer says:

**All in favor of going to the Snake King say "I am horribly over confident)**

""\*

Cruel Regulator says:

You entered the 1st and 2nd doors on the Left.

~°Δ°[Levi-tah] says:

Herp

Cruel Regulator says:

The 1st Door on the Left had a security system (and was hiding two Little Devils) and had a single scientific work station with a single office chair which U now has.

Grate Oracle Lewot says:

Cruel Regulator says:

also you found some TAQ Polymerase enzyme  
the 2nd Door on the Left was a photocopying room. You found a nailgun, but no ammo.

You have not searched the 3rd Door on the Left or Cafeteria or the Lab on the Right side of the North Corridor.

(I'm capitalizing the names of explorable locations.)

Grate Oracle Lewot says:

Hmm...

Daria Morgendorfer says:

**Eugene is hungry  
So he opts cafeteria**

Grate Oracle Lewot says:

"k"

Cruel Regulator says:

Cafeteria, the 1st Door on the Right.

It has a little window

you can see inside

The door goes into the far right side of the room.

You can't see to the far left side.

Across the room is a vending machine

there are tables with benches attached to them.

Who goes in first?

Grate Oracle Lewot says:

Eugene

Cruel Regulator says:

U pushes Eugene in through the metal double doors.

~°Δ°[Levi-tah] says:

Herp derp okay

Sorry

hi guys

guys

And Espera watches

Cruel Regulator says:

One the far left side of the room are a group of 5 meeps  
Meeps

those are large monsters with brown fur

they cry perpetually (and drop low-level water antibodies) and they look kinda like six foot tall Shy Guys.

You fought two Meeps back up in the caves.

Daria Morgendorfer says:

**They are umm  
They are horribly difficult**

Cruel Regulator says:

**They are all asleep**

Daria Morgendorfer says:

**I think Eugene decides to get his ass out  
Oh**

Cruel Regulator says:

**they are in a circle around a trashcan.**

Daria Morgendorfer says:

**Hmm**

Grate Oracle Lewot says:

*Does the door swing out into the hallway, or in?*

Daria Morgendorfer says:

**Eugene gets his ass out and is liek**

Cruel Regulator says:

**One of them has a keycard on a string around its neck.  
(They're sleeping while standing up, also.)**

Daria Morgendorfer says:

**"Guys we got to be SUPER QUIET"**

~°Δ°[Levi-tah] says:

"Right."

Grate Oracle Lewot says:

"k"

~°Δ°[Levi-tah] says:

"Suuuuper quiet~"

Cruel Regulator says:

**They snore loudly as they stand in their puddle of tears.  
lawlberb**

~°Δ°[Levi-tah] says:

Lol k

Hey guys I'm deciding who I want supports with

Grate Oracle Lewot says:

*Oh*

~°Δ°[Levi-tah] says:

I have like five fanboys who requested suppoprt with me

lol p

Daria Morgendorfer says:

**hell yeah**

Cruel Regulator says:

**(I spilt water)**

Daria Morgendorfer says:

**Bizz gets bitches**

**Or**

**Bitchlets B^ )**

~°Δ°[Levi-tah] says:

bitchlets

YEAAAAAAH

Daria Morgendorfer says:

~°Δ°[Levi-tah] says:

HELL YEEEEEEEEEEAH

Daria Morgendorfer says:

**((also they're just supposed to have tears imprinted on their masks not y'know))  
((real ones))**

~°Δ°[Levi-tah] says:

I'm actually wearing my fedora right now

Cruel Regulator says:

**(nearly done, sorry)**

~°Δ°[Levi-tah] says:

(tis okay)

I want to write some of the supports

Cruel Regulator says:

/lawlberb

(Erm, and, of course, you players can always have your characters talk to eachother so it'll be like having support conversations!)

~°Δ°[Levi-tah] says:

Mother fuck brb

Cruel Regulator says:

well, this means I have a chance to get some more watater  
lawlberb

Daria Morgendorfer says:

**uhh**

**"So guys"**

**"Perhaps we should go get some umm"**

**"Things?"**

**"But**

**Quietly"**

Grate Oracle Lewot says:

**"k"**

Daria Morgendorfer says:

**Is there a lunch line sort of place?**

**Like**

**Another section?**

**Or is this the only room beyond this door?**

Cruel Regulator says:

/lawlberb

Erm, well,

Erm, well, the only thing that destributes food is the vending machine directly across from the entrance on the far side of the room.

It's not like a normal snack or soda vending machine it only has frozen meals.

All across the far wall, to the left of the vending machine (with the machine on the right corner) is formica counter space with various coffee machines and, closer to the vending machine, several microwaves.

The vending machine is labeled "FOOD MEALS"

U immediately notices something fishy about it: it can be opened up.

There's probably a room behind it.

Grate Oracle Lewot says:

**Ah.**

Daria Morgendorfer says:

**Hell yeah, U**

Cruel Regulator says:

Oh, wait, and did I mention that one of the Meeps has a keycard strung around his neck?

~°Δ°[Levi-tah] says:

Back

Grate Oracle Lewot says:

*Oh yeah*

Daria Morgendorfer says:

**"I think we should get that key,"  
(yes)**

Cruel Regulator says:

(U rolled a 26 total on his INT+Perception roll)

Grate Oracle Lewot says:

*U sneaks up to the card with Dance?*

Daria Morgendorfer says:

**"But we certainly can't take all of them"  
"How do we separate it from the herd?"  
Oh or we could sneak yeah WHATEVS**

Cruel Regulator says:

U rolls a 25 on his DEX+Dance roll.

Daria Morgendorfer says:

**I could use seduce**

Cruel Regulator says:

He is right next to the meep wearing the keycard  
(it is labeled ADMIN)

Daria Morgendorfer says:

**To seduce the keycard toward me  
(Here I am telling a joke, do not roll that!!)**

Cruel Regulator says:

The Meep is not woken.  
How are you going to get it off of the Meep?

Daria Morgendorfer says:

**!!**

Grate Oracle Lewot says:

*Hmm*

*I forgot I have low Tech*

~°Δ°[Levi-tah] says:

Anyway I am sorry I still have trouble with participating

Grate Oracle Lewot says:

*crap, I closed out my sheet*

~°Δ°[Levi-tah] says:

What can Espera dooo

Cruel Regulator says:

**Also, no one has the Pickpocket skill.**

Daria Morgendorfer says:

**;~;**

**Umm**

Cruel Regulator says:

**Everyone's TECH is not that much higher than U's . . .**

Daria Morgendorfer says:

**Snatch and run?**

Grate Oracle Lewot says:

*Hmm*

Cruel Regulator says:

**Erm, well, you notice that in the trashcan**

Grate Oracle Lewot says:

*can I use Contortionist in some way?*

Cruel Regulator says:  
are several FOOD MEALS containers.

Grate Oracle Lewot says:  
*Hmm*

Daria Morgendorfer says:  
**Dude you could totes liek use yer RUN stat to RUN away yeah B^ )**

Grate Oracle Lewot says:  
*U points to them QUIETLY*

Cruel Regulator says:  
I got rid of the run stat

Grate Oracle Lewot says:  
*I think he was joking*

Cruel Regulator says:  
Oh, right, good point.  
So, erm, the only other feature in the room besides the five Meeps is  
the FOOD MEAL vending machine that U noticed can be entered.  
Either Espera can smash it open, which might wake up the Meeps  
or she can use her sheer strength to pry it open  
or U can slip into the machine.

Grate Oracle Lewot says:  
*Oh*  
*well*  
*how about just try that*

Cruel Regulator says:  
U barely makes it in, rolling a 26.

Grate Oracle Lewot says:  
*perhaps I can unlock it from the other side*

Cruel Regulator says:  
The other side is merely a big refrigerator  
well, big by refrigerator standards, small by walk-in fridge  
standards.  
There are dead naked human bodies hanging from hooks.

Grate Oracle Lewot says:  
*Hanging by which body part?*

Cruel Regulator says:  
Oh, erm, the hook goes through the backs of their necks

~°Δ°[Levi-tah] says:  
*Okay*

Cruel Regulator says:  
but they also have heavy, high-tech looking metal devices around their  
ankles.

Grate Oracle Lewot says:  
*Hmm.*

Cruel Regulator says:  
Oh, also, it's not a fridge

Grate Oracle Lewot says:  
*Examine one?*

~°Δ°[Levi-tah] says:  
Oh hey  
hey hegel?

Cruel Regulator says:  
there are five NEPCs on the floor.

~°Δ°[Levi-tah] says:

I forgot to tell you  
remind me that I want pickpocket skill sometime

Cruel Regulator says:

**Good idea**

Grate Oracle Lewot says:

*U eats the ice bullets and examines one of the ankle devices.*

Cruel Regulator says:

(Also, U still doesn't have the NEPC Device, so he can't fire the NEPCs)

~°Δ°[Levi-tah] says:

"Pyo."

Cruel Regulator says:

Erm, well, it's perfectly circular on the inside

Grate Oracle Lewot says:

*Also guys, sorry that my slipping under doors tends to leave you behind*

Daria Morgendorfer says:

Cruel Regulator says:

behind you, you notice, are two little pipes in the back of the vending machine that the ankle thingies could easily fit through.

Daria Morgendorfer says:

**its ALRIGHT mac!!**

Grate Oracle Lewot says:

*Hmm...*

~°Δ°[Levi-tah] says:

Wheeee

Cruel Regulator says:

You can make a TECH + Clockwork check to make the machine activate from the inside  
or Eugene or Espera can put in some money.  
Each meal cost \$1.

~°Δ°[Levi-tah] says:

Okay

Grate Oracle Lewot says:

*Hmm*

~°Δ°[Levi-tah] says:

how much money

oh

okay

umm

Daria Morgendorfer says:

**are there different kinds of frozen meals?**

~°Δ°[Levi-tah] says:

Eugeeene?

Daria Morgendorfer says:

**i want salsbury steak**

~°Δ°[Levi-tah] says:

What meals are there?

Cruel Regulator says:

Erm, right, well, no, there is merely a single \$1 receptacle on the right side of the machine  
all the machine says is FOOD MEAL

Daria Morgendorfer says:

**Hmm**  
**I think**  
**I know**

Cruel Regulator says:  
and then, at the bottom is a little receptacle through which the plastic microwaveable containers would probably come out.

Daria Morgendorfer says:

**What is about**  
**To happen!!**  
**Eugene puts in a dollar**

~°Δ°[Levi-tah] says:  
"I am curious as to what FOOD MEAL is"  
oh shit

Cruel Regulator says:  
**Yay!**

Daria Morgendorfer says:

**And prepares to hate life.**

~°Δ°[Levi-tah] says:  
"EVERYBODY RUN"

Grate Oracle Lewot says:  
*U watches the machinery from inside*

~°Δ°[Levi-tah] says:  
"Everybody should run right now~"

Cruel Regulator says:  
U rolls a 22 on his dodge roll as he ducks the feet of the a dead body the machine appears to have chosen it at random wait, no, shit, it's not dead

~°Δ°[Levi-tah] says:

Daria Morgendorfer says:

**oh hegel**  
**you and your**  
**horrible**  
**horrible inhuman scenarios**

Cruel Regulator says:  
the 9 year old girl screams as two metal pieces suddenly move into the receptacles in the back of the machine

Grate Oracle Lewot says:

*HMM*

~°Δ°[Levi-tah] says:

...

Cruel Regulator says:  
the body gets sucked through feet first

Grate Oracle Lewot says:

*U should save her?*

~°Δ°[Levi-tah] says:  
THE FUCK HEGEL

Daria Morgendorfer says:

**9**

Cruel Regulator says:  
now it's the torso

~°Δ°[Levi-tah] says:  
THE FUCK

Cruel Regulator says:  
that's getting split into the two pipes

Daria Morgendorfer says:

9

Cruel Regulator says:  
and then the head

~°Δ°[Levi-tah] says:

9

9

9

9

9

Cruel Regulator says:  
They all vary in age, too.

Daria Morgendorfer says:

**Nine. . . teen?**

Cruel Regulator says:  
There are some old people, too.  
No, just 9.

~°Δ°[Levi-tah] says:

dude hegel

9

<.<

Cruel Regulator says:  
A black plastic TV dinner container with a celophane top pops out.

Grate Oracle Lewot says:

*Uh, U is stricken with an urge to blow up the machine but that will wake up the Meeps*

Cruel Regulator says:  
There is a piece of corn on the cobb

~°Δ°[Levi-tah] says:

cob

Cruel Regulator says:  
thank you  
some mixed steamed vegetables

~°Δ°[Levi-tah] says:

ily

Cruel Regulator says:  
and some pieces of chicken breast with gravy.  
Everyone else inside of the machine appears to be quite not conscious.  
(Well, except for U.)

Grate Oracle Lewot says:

*Wait, I have a laser gun?*

Daria Morgendorfer says:

**Eugene**

Grate Oracle Lewot says:

*Where did I get that?*

Cruel Regulator says:  
Yeah, your blaster.

Daria Morgendorfer says:

**Without having seen the other side of the machine**

Cruel Regulator says:  
You got it from the sink.

Grate Oracle Lewot says:

Ah.

Daria Morgendorfer says:

**Has a distinct urge to not actually consume the meal.  
(I wonder what's behind the coffee machine???)**

Cruel Regulator says:

The sink had a mechadrill coming out of one of its faucets and the blaster out of the other.

~°Δ°[Levi-tah] says:

Espera is sitting there  
making bird noises

Cruel Regulator says:

The coffee machines are just plugged into the wall with power cords as opposed to the vending machine which is embedded in the wall.

Grate Oracle Lewot says:

*Well, U torches the back of the machine with a Lv. 11 Fire Pathogen*

Cruel Regulator says:

So, it appears that somehow the machine is able to keep the people in suspended animation.

Grate Oracle Lewot says:

*unless that also hits all the people*

~°Δ°[Levi-tah] says:

oh god  
hegel why

Grate Oracle Lewot says:

*...or is ineffective*

Daria Morgendorfer says:

**wait  
they have hooks through their necks  
and**

Cruel Regulator says:

You average 34.75 damage on each person

Daria Morgendorfer says:

**are still living?**

Cruel Regulator says:

oh, right, yeah, they got ripped off of the hooks.

Grate Oracle Lewot says:

*Hegel no*

Cruel Regulator says:

And that's when then the girl started screaming.  
Erm, they're all dead now.

Grate Oracle Lewot says:

*if it hits the people I said NOT do it*

Cruel Regulator says:

Quite dead.  
Oh, oh, sorry.  
Oh, erm, you attack the back of the machine.

Grate Oracle Lewot says:

*I am trying to save them yo*

Cruel Regulator says:

The machine takes 13 damage.  
the hinges creek open.

Grate Oracle Lewot says:

*not that it will work but I am being IN CHARACTER*

*Now the Meeps wake up*

Cruel Regulator says:

No, they're still quite asleep, actually.

Grate Oracle Lewot says:

*Cool.*

Cruel Regulator says:

The people on the hooks are quite not moving.  
(Wait, yeah, note that Espera and BK did not hear the girl's screams.)

Grate Oracle Lewot says:

*U points to the people and then to the meal.*

Cruel Regulator says:

So, erm, you can leave them there for now and then explore the rest of the lab.

Daria Morgendorfer says:

**Should we**

Cruel Regulator says:

Murphy's law says that there'll probably be documentation of the science of the FOOD MEAL machine somewhere.

Daria Morgendorfer says:

**Attempt saving them?**

Grate Oracle Lewot says:

*I don't think he planned for it  
it would be U's instinct but what can we really do  
with the Meeps right there and the hooks  
if we took them off the hooks they would probably un-suspend and die of the neck wound*

Daria Morgendorfer says:

**Hmm**

Cruel Regulator says:

(I verify that that's exactly what would happen. But none of them are any farther under than -10HP, so they one round of LifeUp can save an individual.)

Grate Oracle Lewot says:

*Oh hmm.*

Cruel Regulator says:

(Also, there are, after counting, exactly 14 dead bodies.  
)  
(Erm, suspended bodies.)  
(The chicken and gravy meal was 15.)

Daria Morgendorfer says:

**Do we have the PP for that many revivals?**

Cruel Regulator says:

That's 45PP, lemme see . . .  
Eugene can do 5 LifeUps  
Espera 2  
U 5.  
Espera still has 5 1g joints in her inventory.

Grate Oracle Lewot says:

*Hmm.*

*Well*

~°Δ°[Levi-tah] says:

kjjkkjjk

Grate Oracle Lewot says:

*U's instinct is to save them but mine is that this would not work*

Cruel Regulator says:

You can just replace the NEPCs, close the door, and come back later.

Grate Oracle Lewot says:

*What  
why do I have to replace them?*

Cruel Regulator says:

They were what kept the room cold.

~°Δ°[Levi-tah] says:

Mmm, cold

Cruel Regulator says:

You'll still have 20 shots in your inventory.

Grate Oracle Lewot says:

*That is even more cruel  
fine*

~°Δ°[Levi-tah] says:

Well

Cruel Regulator says:

And you don't even have the gun yet.

~°Δ°[Levi-tah] says:

he the  
CUREL regulator

Grate Oracle Lewot says:

*U puts them back*

~°Δ°[Levi-tah] says:

oh god  
the cold is causing my typos

Cruel Regulator says:

~°Δ°[Levi-tah] says:

to up 128%

Grate Oracle Lewot says:

*My hand was very frozen last night*

Cruel Regulator says:

(Erm, and let's assume that some puts a bench or something against the door in order to keep it closed.)

Grate Oracle Lewot says:

*Hmm  
or a sleeping Meep?*

Cruel Regulator says:

You can attempt to move one, but you don't know whether or not it will be woken.

You can also attempt to kill one of them quietly.

Grate Oracle Lewot says:

*Bench is fine  
is my office chair still out in the hall?*

Cruel Regulator says:

Yeah.  
(Although that would roll out of the way.)

Grate Oracle Lewot says:

*I know  
hence the "Bench is fine"*

Cruel Regulator says:

Oh, right.  
Erm, so yeah, closed.

You can come back at any time, yeah.  
Like, even after you leave the dungeon.  
Since the Meeps use PSI Beam or they just punch, they don't make too  
much noise when they fight, so you might be able to kill the one  
with the keycard without waking up the rest as long as you don't use  
pathogens, guns, or the chainsaw.  
(Let's say that you only hear Offensive PSI blowing people up if  
you're conscious.)  
But, erm, who knows what's in the rest of the lab.

Daria Morgendorfer says:

**hmm**

~°Δ°[Levi-tah] says:

yo

Daria Morgendorfer says:

**All I have is guns ;~;  
So I mean  
We can do that  
I can just**

Grate Oracle Lewot says:

*Let's just run quietly*

Cruel Regulator says:

**And PSI Beam.**

Daria Morgendorfer says:

**Beam Alpha a few times  
Nah we want that card**

~°Δ°[Levi-tah] says:

Running quietly is possible

Daria Morgendorfer says:

**The card  
Might help us get to the document**

Grate Oracle Lewot says:

*Oh fine*

Daria Morgendorfer says:

**That would hypothetically help us save them**

Cruel Regulator says:

(Erm, also, from a while back, you might remember that back in Pingu's  
hangar, the computer told you that Snake King was the ADMIN, so the  
keycard lets you into Snake King's room.)

Grate Oracle Lewot says:

*So I have to, what, regular attack? Oh, right, which is my blob shot...*

Daria Morgendorfer says:

**!!**

Cruel Regulator says:

**I still say you should just explore the two other rooms.**

Grate Oracle Lewot says:

*Oh.*

Daria Morgendorfer says:

**But**

Grate Oracle Lewot says:

*You're not supposed to do that*

Daria Morgendorfer says:

**We could take care of this  
Right now ;~;**

Cruel Regulator says:

Okay, okay

~°Δ°[Levi-tah] says:

pingu

Daria Morgendorfer says:

**Are we good for this, guys?**

Cruel Regulator says:

So, erm, each time a quiet physical attack is used, there is a 1/10 chance that one of the other Meeps will wake up each time that a loud attack is used, there is a 1/2 chance.

~°Δ°[Levi-tah] says:

Well

Daria Morgendorfer says:

**Wait wait**

~°Δ°[Levi-tah] says:

my PSI is kinda low

Daria Morgendorfer says:

**I just had a thought  
If I use Magnet Beta**

~°Δ°[Levi-tah] says:

ight now

Daria Morgendorfer says:

**Does that make any sort of noise?**

Cruel Regulator says:

No, it doesn't

Grate Oracle Lewot says:

*Hmm*

Daria Morgendorfer says:

**HMMMM**

Cruel Regulator says:

but, erm, also, it only works on conscious targets.

Daria Morgendorfer says:

**GOD DAMMIT D':**

Grate Oracle Lewot says:

*Oh.*

Daria Morgendorfer says:

**You**

Cruel Regulator says:

which is why you can't magnet enemies you've killed.

Daria Morgendorfer says:

**Totally just made that up right now**

Cruel Regulator says:

(PSI has a 0 chance of waking anyone up.)

Grate Oracle Lewot says:

*Oh, I have PK Freeze*

Daria Morgendorfer says:

**To stop me from being super cool and healing everyone right now D':**

Grate Oracle Lewot says:

*I kinda forgot*

Daria Morgendorfer says:

**I have BEAM**

Cruel Regulator says:

I made that up a couple weeks ago after we last played but only told you right now.

Daria Morgendorfer says:

Grate Oracle Lewot says:

*Can we like*

Cruel Regulator says:

I mean, all Espera needs to do is smoke three joints and there will be enough PSI to heal everyone

~°Δ°[Levi-tah] says:

but

Grate Oracle Lewot says:

*feed the Meeps to the food machine?*

~°Δ°[Levi-tah] says:

my INT will die

Cruel Regulator says:

Oh, actually, new rule is that Healing Alpha cures all short-term physical effects

~°Δ°[Levi-tah] says:

Make someone else smoke them

Cruel Regulator says:

so that includes being high.

~°Δ°[Levi-tah] says:

oh

Daria Morgendorfer says:

!!

Cruel Regulator says:

(BK has Healing.)

~°Δ°[Levi-tah] says:

who has healing alpha?

Daria Morgendorfer says:

**I have Healing ha?**

Cruel Regulator says:

But, still, one thing

Daria Morgendorfer says:

**ja\*?**

**Also woo**

~°Δ°[Levi-tah] says:

healing\*

Daria Morgendorfer says:

**woo?**

Cruel Regulator says:

how are you going to get the crowd of 15 civilians out of the machine?

Daria Morgendorfer says:

**Umm**

**Move them**

Cruel Regulator says:

without waking up the Meeps?

Daria Morgendorfer says:

**Off of the hooks**

**Then when they awake to startling pain**

**Life-up**

**Uhh**

**Close the door first B^ )**

Cruel Regulator says:

Oh, right, hmmm, that is a good point.  
So, yeah, wanna do that first or fight the Meeps first?

Grate Oracle Lewot says:

*Hmm well*

Cruel Regulator says:

Oh, shit, I just realized  
you can use Magnet on the people

Daria Morgendorfer says:

**I think we should save them**

Cruel Regulator says:

after you save one

Daria Morgendorfer says:

**Tell them to stay in the machine  
Get PP from all of them  
Then kill the one Meep with it  
Then go back  
And sneak them all back out of the cafeteria  
And then we can all jump and be liek "YIPPOO!!!"**

Cruel Regulator says:

WOOO!

Grate Oracle Lewot says:

*And the Meeps will wake up  
but it sounds like a plan*

~°Δ°[Levi-tah] says:

how poerful are Meeps  
powerful  
sjasjs

Daria Morgendorfer says:

**Super**

~°Δ°[Levi-tah] says:

oh shi  
t

Daria Morgendorfer says:

**But we just use only PSI on one  
And then he is DEAD LIKE TED after liek TWO TURNS I BET  
But yeah  
Can we just sort of  
Automatically say**

Grate Oracle Lewot says:

*U returns to the machine*

Daria Morgendorfer says:

**We're in the machine with the door shut  
And that we healed all of them and Espera smoked three joints and then I healed her  
And you just subtract that amount of PP?**

~°Δ°[Levi-tah] says:

So  
Espera should smoke three joints right now

Daria Morgendorfer says:

**Instead of liek**

~°Δ°[Levi-tah] says:

?

Daria Morgendorfer says:

**Dragging it out one by one?**

Cruel Regulator says:

Okay.

~°Δ°[Levi-tah] says:

I mean

I'm going along with

BK's plan

Grate Oracle Lewot says:

*BK is the Master Planner*

Cruel Regulator says:

Wait, no, actually, Eugene should do the smoking when he runs out of PP

Grate Oracle Lewot says:

*which I think was a term used in the Spectacular Spider-Man cartoon*

Cruel Regulator says:

so that way he can de-high himself.

So, erm, lemme do the numbers for you guys.

Wait, no, actually, Eugene's heal is a bit too weak.

So, erm, U heals persons 14 through 9 and is down to 2PP

They are up to full HP, and they are huddling and crying softly in a corner, while keeping their naked genitalia as far apart as possible.

Erm, let's say that everyone is at -5HP and has max HPs of 15

Espera's average LifeUp heals 21HP

Erm, wait, no, U heals 10 through 14

~°Δ°[Levi-tah] says:

yo

Cruel Regulator says:

Espera heals 8 and 9.

Grate Oracle Lewot says:

*I just realized this means I get to keep the NEPCs*

~°Δ°[Levi-tah] says:

what why

Cruel Regulator says:

Erm, people 8 and 9

I'm giving them numbers, with the one who was turned into a FOOD MEAL being 15

Espera is down to 0PP

Eugene can heal them, but his LifeUp is weaker, so a lot of the physical trauma will remain after he uses LifeUp.

(I'm assuming that everyone has each stat at 3.)

Erm, so each person has 12PP.

Grate Oracle Lewot says:

*Wait, that is still a lot, with 14 of them...*

Cruel Regulator says:

Person 14 knows nothing about PSI and so he volunteers (12PP to U.

U is back up to 14PP

(Well, U or Espera, either one does the next four heals

People 4, 5, 6, and 7 are healed.

Grate Oracle Lewot says:

*Being human, BK and Bizz, you two should note if any of these naked people are attractive*

Cruel Regulator says:

U is down to 2

(I'll explain that after I do the math, gimme a minute.)

Grate Oracle Lewot says:

*Sorry*

Cruel Regulator says:

Person 13 relinquishes her PP (Odd is female, even is male)  
U is at 5PP after healing 1, 2, and 3.

Daria Morgendorfer says:

**3 more!!**

**Can we replenish what PP we have open with other volunteers?**

Cruel Regulator says:

Yeah.

Daria Morgendorfer says:

**"Who wants to help us get out of here?"**

Cruel Regulator says:

(So, erm, U needs 15PP, Espera needs 20, and Eugene needs 8. That's  
43 .)

Grate Oracle Lewot says:

*Hmm, U tries to leave one open*

*But I guess it's a roll so*

Daria Morgendorfer says:

**((Also maybe we should get them out of the cafeteria before fighting the Meep?))**

**((Or does this many people jeopardize it?))**

Cruel Regulator says:

Okay, so yeah, let's just say that because Magnet is not so precise,  
9, 10, 11, and 12 are used up.

Grate Oracle Lewot says:

*You speaking roles will have to tell them to be very quiet*

Cruel Regulator says:

1 through 8 have full PP

~°Δ°[Levi-tah] says:

hurgh brb again

Cruel Regulator says:

Damnit, Espera has the highest PRE  
so she can calm them the best.  
No one has the Leadership skill so it's a pure PRE role.

Grate Oracle Lewot says:

*Hmm.*

Daria Morgendorfer says:

**!!**

Grate Oracle Lewot says:

*Can we just*

Daria Morgendorfer says:

**Time for BIZZ TO TAKE CHARGE**

Grate Oracle Lewot says:

*roll repeatedly?*

Cruel Regulator says:

She just BRBed  
Erm, you get one try

Daria Morgendorfer says:

**well hmm!**

~°Δ°[Levi-tah] says:

UGH FUCK

Cruel Regulator says:

if you fail, someone gets scared and wakes up the meeps.

~°Δ°[Levi-tah] says:

I'M SORRY

MY DAD IS CALLING

Cruel Regulator says:

**Bizz, give us an oratory  
on how**

~°Δ°[Levi-tah] says:

what?

Cruel Regulator says:

**erm, tell us what you say to the naked, traumatized people**

~°Δ°[Levi-tah] says:

I thought Eugene had highest PRE

Cruel Regulator says:

**so that you can lead them out of the machine and out of the cafeteria.  
No, you increased yours to 8  
Eugene is at 6.**

~°Δ°[Levi-tah] says:

Um hmmm

Cruel Regulator says:

**what do you tell them, and how?**

~°Δ°[Levi-tah] says:

What do you mean how?

And will it wake anything up

Cruel Regulator says:

**Erm, like, do you whisper, or do you rouse them up, or do you speak  
logically?**

**No sound makes it out of the FOOD MEAL vending machine fridge.**

Daria Morgendorfer says:

**I go for a logical whisper**

Cruel Regulator says:

**Explain to them how they must stay calm to make it out of the  
cafeteria alive**

~°Δ°[Levi-tah] says:

I say rouse them into confidence

Cruel Regulator says:

**that there are powerful sleeping monsters out there.**

~°Δ°[Levi-tah] says:

Lewot this reminds me of that scene toward the end of FE9

Grate Oracle Lewot says:

*Hey guys, use U as a diagram*

Daria Morgendorfer says:

**((Also, Bizz, I think this means, if you had never felt penis envy over my seducation, we  
would not be able to get them out))**

Cruel Regulator says:

(())

~°Δ°[Levi-tah] says:

()

Daria Morgendorfer says:

**((Congradulations!))**

Grate Oracle Lewot says:

*"seducation"*

~°Δ°[Levi-tah] says:

Lewot

Daria Morgendorfer says:

**Its like**

~°Δ°[Levi-tah] says:  
does this remind you of FE9  
at all

Daria Morgendorfer says:

**Sex education**

**But y'know**

Grate Oracle Lewot says:

*You mean the end?*

~°Δ°[Levi-tah] says:

yes

Cruel Regulator says:

**Education via seduction?**

Daria Morgendorfer says:

**Slightly more practical**

~°Δ°[Levi-tah] says:

Ugh ugh ugh

Cruel Regulator says:

(Bizz, speech, they're scared. Persons 4 and 5 are person 15's father  
and mother, respectively. 4: "where's Cindy?")

~°Δ°[Levi-tah] says:

Hold on my fucking sister is being a bitch

fucl

fuckf

cufkckckckc

f.fd.d.s

as/s/.es.e

e./ew/.w/.q

q/.q/.q

q

AAAAAAAGH

Grate Oracle Lewot says:

*U guards the door?*

Daria Morgendorfer says:

**Oh lord**

**Their parents ;~;**

~°Δ°[Levi-tah] says:

AROUSE THEM

Daria Morgendorfer says:

**"She didn't make it."**

~°Δ°[Levi-tah] says:

INTO CONFIDENCE

Daria Morgendorfer says:

. . . "arouse" B^ )

Grate Oracle Lewot says:

*BK, don't tell them that*

Daria Morgendorfer says:

**Wouldn't it be worse**

**To lie to them?**

**Maybe we should just leave them there while we FIGHT MONSTER hmmm**

Grate Oracle Lewot says:

*But we can lie temporarily to avoid death by Meep*

Cruel Regulator says:

(You can use your seduction skill instead of leadership, but that'll be a harder task to do.)

Daria Morgendorfer says:

**I donno**

**After coming out of temporary death where I was herded for food  
I don't think I'd be all that horny surprisingly!!**

Cruel Regulator says:

**BK, if Espera doesn't say anything Eugene can try.**

Daria Morgendorfer says:

**"Guys,"**

**"I know you're all in horrible fucking condition"**

**"And I'm sure you all have as much idea as to what's going on here as we do"**

**"But afer this door opens, no one can make a sound, okay?"**

Cruel Regulator says:

(person 7 is a goth chick. You can tell by her makeup and unusually pale skin. She crosses her arms sarcastically, but looks at Eugene rather attentively.)

Daria Morgendorfer says:

**"Unless you want to be torn apart."**

Cruel Regulator says:

(Everyone stops shivering.)

Daria Morgendorfer says:

**Eugene notices this**

**And contemplates his prospects**

**But yeah this close to death one is primarily flaccid!!**

Grate Oracle Lewot says:

*BK refer to U as your bodyguard amoeba or something*

Daria Morgendorfer says:

**"That is my bodyguard amoeba"**

**"His name is U"**

**"We are kind of relatively competent and can probably get you all out of here"**

Cruel Regulator says:

(They stare at U.)

Grate Oracle Lewot says:

*U waves*

*using Dance*

Cruel Regulator says:

(That's a +2 to Eugene's Leadership + PRE role, right there.)

Daria Morgendorfer says:

**"We want you all to leave this cafeteria. There are 5 monsters in it that could fucking kill us all if they felt like it, but they're all asleep"**

**"Its a straight walk from here to the door out. You all need to get out of this cafeteria ASAP without making a sound."**

Cruel Regulator says:

(Total bonus of +5)

Erm, so you start leading now?

Erm, open the door and have them follow?

Or do you wave them to go ahead of you while staying back at the door?

Grate Oracle Lewot says:

*Hmm*

Cruel Regulator says:

(Or one person can do each.)

Daria Morgandorfer says:

**I would**

Grate Oracle Lewot says:

*Yeah*

Daria Morgandorfer says:

**Go out first**

Grate Oracle Lewot says:

*one each*

Daria Morgandorfer says:

**We should all leave**

**And follow them**

**OR**

**No**

**They follow us**

**Cuz we're the LEADERS**

**and ya always got's'ta follow the leader!**

Cruel Regulator says:

**7, Goth Chick, is in front, right behind BK.**

Daria Morgandorfer says:

**B^ )**

Cruel Regulator says:

**4 and 5, 15's parents, are in the back, hugging eachother.**

**Oh, right, the roll.**

Grate Oracle Lewot says:

Cruel Regulator says:

**Everybody only weeps softly**

Daria Morgandorfer says:

Cruel Regulator says:

**9 is able to prevent her apparent boyfriend, 8, from screaming when he sees the Meeps.**

**They are out the door.**

Daria Morgandorfer says:

**uhhh**

**No screaming yo!**

**Oh**

**able**

Grate Oracle Lewot says:

*Actually this number thing reminds me of 13 from House*

Daria Morgandorfer says:

**Not**

**unable**

**wooo**

Cruel Regulator says:

**(They look like hipsters, given their haircuts, 8 and 9 do. 9 has spaghetti's in her vagina.)**

Daria Morgandorfer says:

**B^ )**

**So uhh**

**Are we all out safe?**

Cruel Regulator says:

**Yeah, okay, North Hall.**

You can go back into the cafeteria

Daria Morgendorfer says:

**"Super good job guys!"**

Grate Oracle Lewot says:

*BK don't shout*

Daria Morgendorfer says:

**"We're going to go back in and get something now."**

Grate Oracle Lewot says:

*I have my office chair right?*

Daria Morgendorfer says:

**(I didn't, yo!)**

**(I'm just being ENTHUSIASTIC)**

Grate Oracle Lewot says:

*Enthusiasm ground the cat into food*

Daria Morgendorfer says:

**"Don't explore around because something might kill you but if anything comes out here feel free to ask for some help"**

Cruel Regulator says:

*(or you can go down the hall and on the right side, do the left of the cafeteria on the right wall, would be the main laboratory workstation, and across from that, the third door from the left, is another office)*

Daria Morgendorfer says:

**And then it was a FOOD MEAL**

**No dammit I want my FUCKING CARD KEY**

Cruel Regulator says:

*Okay, okay.*

Grate Oracle Lewot says:

*k so like*

*Freeze Gamma first off*

Daria Morgendorfer says:

**Beam ALPHA!!**

Grate Oracle Lewot says:

*because it is most effective first off*

Cruel Regulator says:

*The other possibility is that someone pumps in all of his Luck.*

~°Δ°[Levi-tah] says:

*Sigh*

*back*

Cruel Regulator says:

**And does Pickpocket + TECH.**

Daria Morgendorfer says:

**!!**

~°Δ°[Levi-tah] says:

*sorry*

Daria Morgendorfer says:

**I kinda**

**Wanna kill it**

**Y'know?**

**I mean**

Cruel Regulator says:

Grate Oracle Lewot says:

*Ily Bizz <3*

Daria Morgendorfer says:

**If we all just  
Hit it was PSI**

Cruel Regulator says:

Okay.  
So.

Daria Morgendorfer says:

**I mean, considering PSI does the most damage**

~°Δ°[Levi-tah] says:

*I'm sorry*

Cruel Regulator says:

Player Phase 1

Daria Morgendorfer says:

**I figure it can't get any many hits**

~°Δ°[Levi-tah] says:

*that was like my big chance to finally fucking say soomething  
and shit happens*

Daria Morgendorfer says:

**D':**

~°Δ°[Levi-tah] says:

*you know I'm mad now  
just whatever*

Cruel Regulator says:

PCS remaining: Eugene, Espera, U. Oh, also, Snakeboy is still in the hallway with the people.

Daria Morgendorfer says:

**Snakeboy can guard them**

Cruel Regulator says:

His insanely high PRE prevents them from being alarmed by him.

~°Δ°[Levi-tah] says:

*i give yp*

Grate Oracle Lewot says:

*Bizz  
no*

Cruel Regulator says:

well, you do have your crowbar which is your highest attack power melee weapon that functions silently.

Daria Morgendorfer says:

**wait, who?**

**Also Bizz you can umm**

~°Δ°[Levi-tah] says:

*so what do i dpo tiyh u*

Cruel Regulator says:

Espera has her crowbar.

Daria Morgendorfer says:

**Tell them that SHIT'S CHILL once we kill bitches and go back out**

Cruel Regulator says:

Erm, so we're going to fight the Meep with the keycard. Each silent physical attack has a 1/10 chance of waking up a single other Meep each loud one has a 1/2 chance

and PSI moves don't wake anyone up.  
Everyone is at full PP after you drained the people.

Daria Morgendorfer says:

**((beam alpha beam alpha beam))**

Cruel Regulator says:

**Or Beta. You still have Beta.**

~°Δ°[Levi-tah] says:

I mean

what do I do with yi

Daria Morgendorfer says:

**Ehh**

**I guess yeah sure**

~°Δ°[Levi-tah] says:

ugh I can't type

Cruel Regulator says:

**Meep K recieves 42 damage!**

**Wooo!**

**Remaining PCs: Espera, U**

Grate Oracle Lewot says:

**K?**

~°Δ°[Levi-tah] says:

What do I do with crowbar

Cruel Regulator says:

**(K for Key)**

Grate Oracle Lewot says:

**Oh**

Daria Morgendorfer says:

**Hit that motherfucker!**

~°Δ°[Levi-tah] says:

k

Cruel Regulator says:

**well, you have a preemtive strike, so you're at +5 to hit**

~°Δ°[Levi-tah] says:

hit

Cruel Regulator says:

**Erm, hit in the shoulder**

**15 damage**

**it's sliced off**

**the meep bleeds**

Daria Morgendorfer says:

~°Δ°[Levi-tah] says:

wooooo

Cruel Regulator says:

**and falls over.**

~°Δ°[Levi-tah] says:

15

Cruel Regulator says:

**Nobody is woken up by Bizz's attack.**

**Okay, let's reset everything**

**Player Phase 2**

**now let's go for Meep B**

Grate Oracle Lewot says:

**Uh**

Cruel Regulator says:  
You all have preemptive strike again.

Grate Oracle Lewot says:  
*don't we just want the key*

Cruel Regulator says:  
Oh, right, good point.

Grate Oracle Lewot says:  
*you said no one woke up  
so someone grab the key, I have low Tech*

Daria Morgandorfer says:  
**Who has highest tech?**

Cruel Regulator says:  
Anyone can grab it because he's dead.

Grate Oracle Lewot says:  
*Well  
yeah  
I knew that*

~°Δ°[Levi-tah] says:  
hey bitchessss

Cruel Regulator says:  
Eugene has the highest TECH at 4

Daria Morgandorfer says:  
**Bizz can grab it**

Grate Oracle Lewot says:  
*I was making a joke*

~°Δ°[Levi-tah] says:  
Hi  
I grab

Cruel Regulator says:  
the 3 for Espera and 2 for U

Daria Morgandorfer says:  
**Since she didn't get to talk o:**

Cruel Regulator says:  
but a difference of a couple points doesn't matter much for TECH  
(as opposed to BODY or WILL which determine your max HP and PP  
respectively)  
So, erm, WOOO!  
QUEST ITEM KEYCARD := ACQUIRED!!!

Grate Oracle Lewot says:  
*So the colon is like  
something?*

Cruel Regulator says:  
:= = becomes  
= = is already

Daria Morgandorfer says:  
**HELLL YEAH**

Grate Oracle Lewot says:  
*Hmm*

Cruel Regulator says:  
(Erm, this is in the programming language Pascal.)

Daria Morgandorfer says:  
**Now let's go tell the people how sweet we are.**

Cruel Regulator says:

(In Java, = is becomes and == is is.)

Grate Oracle Lewot says:

*Quietly*

Cruel Regulator says:

**Back in the North Hall, person 7 is missing.**

Grate Oracle Lewot says:

*Did Snakeboy eat him?*

Cruel Regulator says:

**Yeah.**

Daria Morgandorfer says:

**Wasn't that**

Cruel Regulator says:

**He looks full.**

Daria Morgandorfer says:

**Gothik?**

Cruel Regulator says:

**Yes.**

Daria Morgandorfer says:

**"Dammit Snakeboy"**

Grate Oracle Lewot says:

*her\**

Daria Morgandorfer says:

**"Stop stealing my girlfriends D':"**

~°Δ°[Levi-tah] says:

"Good job, Snake~"

Grate Oracle Lewot says:

*U finds his office chair.*

Cruel Regulator says:

**WOOO!**

~°Δ°[Levi-tah] says:

Espera needs a trademark

U has his office chairs

Espera needs something

Grate Oracle Lewot says:

*She's afraid of elevators?*

Daria Morgandorfer says:

~°Δ°[Levi-tah] says:

Oh yeaaaah

Thst

Cruel Regulator says:

**I forgot about that.**

Daria Morgandorfer says:

**Oh lord.**

~°Δ°[Levi-tah] says:

BECAUSE THEY CHOP OFF PEOPLE'S HEADS

okay

Daria Morgandorfer says:

**Eugene kicks Snakeboy in the stomache**

**"Hand her over, motherfucker"**

**Here comes a leper to lie in your bed**  
**Here comes a chopper to CHOP OFF YER HEAD**

Cruel Regulator says:  
The contents of Snakeboy's stomach moves farther down the digestive track.

Grate Oracle Lewot says:

*tract*

Cruel Regulator says:

thank you

Daria Morgendorfer says:

**Eugene walks over behind Snake Boy**  
**And kicks from the opposite direction**

Grate Oracle Lewot says:

Cruel Regulator says:

It keeps moving down  
his tail becomes an anus

Daria Morgendorfer says:

**D: <**

Cruel Regulator says:

he had thirty ships  
but the storm was so bad that he lost all but three*

Grate Oracle Lewot says:

*Aww, I thought he was gonna lose 11  
meaning 19 left*

Cruel Regulator says:

**Bank Teller Lady takes out her crowbar and holds it out in front of  
her as if to block an attack from Espera.**

~°Δ°[Levi-tah] says:

*I knooow but at least he madeit to Florida*

Cruel Regulator says:

Grate Oracle Lewot says:

*Hey guys I have missed dinner, but I can go to Subway or something.*

Cruel Regulator says:

**Snakeboy says he's sorry and starts slithering away  
he goes down the hall, and turns right, down into the west Corridor  
towards the Admin door.**

Daria Morgendorfer says:

**"No, don't leave dammit"**

Grate Oracle Lewot says:

*Hmm a monster jumps out*

Daria Morgendorfer says:

**"FUCKING SNAKEBOY GET YER ASS OVER HERE"**

Cruel Regulator says:

Person 2, an 18 year old boy with a military looking haircut, says  
"Guys, I need to take a shit."

Grate Oracle Lewot says:

*U stops him*

Daria Morgendorfer says:

**Uhh**

Grate Oracle Lewot says:

*from going into the deadly bathroom*

Cruel Regulator says:

You're at the intersection under the vent when you catch his foot

Daria Morgendorfer says:

**Eugene grabs his tail**

~°Δ°[Levi-tah] says:

Cruel Regulator says:

Cruel Regulator says:

Daria Morgendorfer says:

**Umm but where is Snakeboy no what**

Cruel Regulator says:

Oh, right

Snakeboy begins dragging Eugene down the hallway

Grate Oracle Lewot says:

*U jumps into the bathroom*

Daria Morgendorfer says:

**"Shit on the floor motherfucker"**

Grate Oracle Lewot says:

*to demonstrate what will happen*

Cruel Regulator says:

it's about a hundred feet long, and all the way down, on the north/right wall, is a little door that says ADMIN with a keycard reader on its right

Daria Morgendorfer says:

**But no who is who and where are they I mean I am SO FUCKING CONFUSS**

Cruel Regulator says:

~°Δ°[Levi-tah] says:

Daria Morgendorfer says:

**"Snakeboy stop"**

Grate Oracle Lewot says:

*BK, you're chasing Snakeboy toward Snake King*

Daria Morgendorfer says:

**"We can't face the Snake King now"**

Grate Oracle Lewot says:

*I'm trying to stop 2 from killing himself.*

~°Δ°[Levi-tah] says:

"Hi"

Daria Morgendorfer says:

**"He will most deff. kick our asses"**

**Tell him to shit on the floor!**

Cruel Regulator says:

Snakeboy "Fuck, I backed into corna."

Daria Morgendorfer says:

**I mean he's already naked**

Grate Oracle Lewot says:

*I can't talk*

Daria Morgendorfer says:

**Espera tell him that!**

Grate Oracle Lewot says:

*I jumped into the bathroom*

Daria Morgendorfer says:

**I need to stop Snakeboy**

Grate Oracle Lewot says:

*to demonstrate its deadliness*

Cruel Regulator says:

2 is staring at Espera and is not thinking about shitting any more.

Daria Morgandorfer says:

**(This is awkwardly comic)**

**He is so turned on**

**He shits himself without noticing!**

**"Snakeboy let's turn around"**

Grate Oracle Lewot says:

*U exits the bathroom.*

~°Δ°[Levi-tah] says:

who is 2

Daria Morgandorfer says:

**"And then cough up the goth chick"**

~°Δ°[Levi-tah] says:

oh yeah

the person

Cruel Regulator says:

Snakeboy turns around and faces Eugene. His large size goes from end to end of the hallway. He stares wistfully at the ADMIN door. Snakeboy "I want go to snake school and become real snake. Snake King may take me."

Daria Morgandorfer says:

**"No"**

~°Δ°[Levi-tah] says:

oh shit no hell no

Grate Oracle Lewot says:

*You mean schoor and rear? Or lear?*

Cruel Regulator says:

**(Thank you, Lewot )**

Daria Morgandorfer says:

**"He locked people in hangers where they were held up by the throat so they could be turned into food"**

**"He'll just kill you."**

~°Δ°[Levi-tah] says:

... Hmmmmm

Oh shit I SHOULD HAVE USED THAT INTRODUCTION

I WROTE AT NL

god I love that forum intro

Grate Oracle Lewot says:

*Hmm*

*U returns to his office chair.*

~°Δ°[Levi-tah] says:

"We are all going to die right now"

"Sooo calling it"

Cruel Regulator says:

**(2's penis is much longer than 2 inches, BTW. U's Perception see's it's about 8 inches long.)**

Grate Oracle Lewot says:

*Unfortunately, you can't avert your eyes when you have none*

~°Δ°[Levi-tah] says:

"Fate is a funny thing, it is. Fate is facetious and fickle, cruel and overwhelming. Fate is... our lives. Levity is the opposite of gravity; the absence of seriousness in one's personality. The levity can be reached in a single note, ascending... high in the sky... high up to where no one can reach... one day into New York theaters, and no citizen will have ever expected the revolution to come."

"We can feel it in our bones, my friends... alas! This is the light that you seek and the light that you wish to reach. O, spiritless hands, lift and bound! For now is not the time to cower, but to relish in our bounties! TO REVEL IN THE WONDERS OF MAN! Rejoice, O wondrous noble ones! We are the Levity of the land!"

"WE ARE THE SPIRITS  
BOW DOWN TO THE WONDERS  
OF THE WATERFALLS  
FROM MOUNTAINS O'ER HILLS TO THE CRACKS OF THE CAVES  
IN THE DESERTS AND THE VALLEYS, THE LAKES, RIVERS, AND OCEANS  
PRAIRIES AND ARCTIC WASTELANDS"

Cruel Regulator says:

He's already grabbed Espera's hands by the time she says 'spiritless'

Daria Morgendorfer says:

((has snakeboy stopped yet?))  
((why won't he cough up the goth chick?))

~°Δ°[Levi-tah] says:

Grate Oracle Lewot says:

*U remains sitting in his office chair to avoid further work for Hegel*

~°Δ°[Levi-tah] says:

By the way she sings that last part

Cruel Regulator says:

((Snakeboy's back is to the end of the hallway. He still stares wistfully at the card reader. His arms are crossed.))

Daria Morgendorfer says:

**"No, Snakeboy, we can go in there later"**

Cruel Regulator says:

By the way, 2 has prematurely ejaculated onto the floor around when Espera sang "WATERFALLS"

Daria Morgendorfer says:

**"Also fuck nah for real he just wants to kill our asses I bet you 10 bucks."**

~°Δ°[Levi-tah] says:

oh god

Daria Morgendorfer says:

**"Now give me the goth chick seriously"**

Cruel Regulator says:

(He's still holding Espera's hands.)

Daria Morgendorfer says:

**"You aren't dying with her still inside you."**

~°Δ°[Levi-tah] says:

"Hi there"

Cruel Regulator says:

(He's about three times more muscular than Punk Kid.)

~°Δ°[Levi-tah] says:

"Do you know Spanish?"

Cruel Regulator says:

Snakeboy "You come back when you ready. We go see Snake King and then I give girr."

~°Δ°[Levi-tah] says:

"Because if not, I'm not interested"

Daria Morgendorfer says:

**"God dammit"**

**"I fucking paid for you"**  
**"And now you are fucking bribing me?"**  
**"Okay fine"**

Cruel Regulator says:

2 "Esperame, por favor, cuando miro sus ojos."

~°Δ°[Levi-tah] says:

Daria Morgendorfer says:

**"we're going to look around this place for shit first, though, so just hold your Asian fucking horse"**

**Eugene stomps over to the others and notices the cum on the floor.**

Cruel Regulator says:

U notices that a smidge of semen is on Espera's left shoe

~°Δ°[Levi-tah] says:

"Hmmm."

Daria Morgendorfer says:

**"Well I just started liking myself a little less"**

Grate Oracle Lewot says:

*I'm reminded of Hollow Man, how he can't close his eyes so light hurts him*

Cruel Regulator says:

So, erm, only two rooms left to explore, both on either side of the end of the north corridor. There is the lab on the right and the office on the left.

Grate Oracle Lewot says:

*U cannot really look away because all his cells are eyes*

*Yeah, so*

*lab?*

Daria Morgendorfer says:

**I say we stomp in and disregard 2**

Grate Oracle Lewot says:

*But didn't we go in a lab and find the TAQ whatever?*

Cruel Regulator says:

Oh, erm, that was a tiny little room with a single office chair and a single biohazard workstation.

Grate Oracle Lewot says:

*Yeah*

*okay*

Cruel Regulator says:

But this one is larger

(You can see in through the window of the top fo the door.)

Daria Morgendorfer says:

**"Are any monsters in there?"**

"

Grate Oracle Lewot says:

*Hmm*

Cruel Regulator says:

You look inside and see lots of counterspace in the middle of the room and around the edges

The door in is in the middle of the wall inside of the room.

On the far left side is a windowless door that's labeled "CHEM"

Daria Morgendorfer says:

**Is that all?**

Grate Oracle Lewot says:

*The door's not locked, is it?*

Cruel Regulator says:

You haven't touched the door handle yet.  
Who opens it?

Daria Morgendorfer says:

**ME**

Cruel Regulator says:

You open the door. It's unlocked.  
Who goes in first?

~°Δ°[Levi-tah] says:

um

Hi

Daria Morgendorfer says:

**BIZZ**

~°Δ°[Levi-tah] says:

I'll be your human shield

Grate Oracle Lewot says:

*Well*

*U goes in too*

Daria Morgendorfer says:

**Eugene waves a little flag that says "Espera"**

Grate Oracle Lewot says:

*using Dance*

~°Δ°[Levi-tah] says:

lolol

Cruel Regulator says:

Okay, well, it seems quite safe.

~°Δ°[Levi-tah] says:

'seems'

keyword

Cruel Regulator says:

There's lots and lots of stuff.  
The counters are covered in stuff  
various lab machinery

~°Δ°[Levi-tah] says:

SEEMINGLY HARMLESS

Cruel Regulator says:

test tubes and dilution blanks

Daria Morgendorfer says:

**"Let's look for anything related to "FOOD MEAL""**

~°Δ°[Levi-tah] says:

/fairly oddparents

Cruel Regulator says:

there are drawers under the counters and cabinets over them  
Let's begin searching, shall we?  
Everyone gets a single Concealment + INT roll

Grate Oracle Lewot says:

*Hmm*

~°Δ°[Levi-tah] says:

/

Grate Oracle Lewot says:

*uh, where did my chair end up?*

Cruel Regulator says:  
Oh, right, yeah, do you take it in with, you, or leave it in the North  
Corridor?

Grate Oracle Lewot says:  
*Well, just outside the room?*  
*Or, actually, bring it in*  
*since it's safe*

Cruel Regulator says:  
Okay.  
Erm, wait, also Eugene's Concealment total is 14  
Espera gets 17  
U gets 15

Daria Morgendorfer says:  
**Fuck me**

Grate Oracle Lewot says:  
*Hmm*

Cruel Regulator says:  
Espera finds, under a drawer, some beakers  
and they're filled with fire  
Four of them.  
They're lv.9 Fire pathogens.

~°Δ°[Levi-tah] says:  
"Heeey"

Grate Oracle Lewot says:  
*Ooh*

~°Δ°[Levi-tah] says:  
"Hey, U, I got something~"

Grate Oracle Lewot says:  
*"k"*

~°Δ°[Levi-tah] says:  
"<3"

Grate Oracle Lewot says:  
*U goes over to Espera*

Cruel Regulator says:  
Oh, and also, Espera fails by 9 to find the next hardest item to find

~°Δ°[Levi-tah] says:  
gah  
nooo and I'll never know what it is will I  
a.a.a.aa

Daria Morgendorfer says:  
**God dammit**

Cruel Regulator says:  
and she fails by 13 (exactly as much as she has Luck points) to find  
the hardest object.  
Use Luck?

~°Δ°[Levi-tah] says:  
HMMMMMM

Cruel Regulator says:  
We can end the adventure now.

~°Δ°[Levi-tah] says:  
all of my luck

Cruel Regulator says:  
And it won't be a problem!

~°Δ°[Levi-tah] says:

sure

Daria Morgendorfer says:

**(We assumably end soon)**

**Yeah**

~°Δ°[Levi-tah] says:

All of it

hardest item

ggoogogogoo

Grate Oracle Lewot says:

*Hmm*

Cruel Regulator says:

Espera, while searching through things, finds what Eugene identifies to be a Pink MagiCompact (that was the DIFF26 item)

~°Δ°[Levi-tah] says:

hmmm

Wooo epicmafia time

Grate Oracle Lewot says:

*But*

*before we end*

Daria Morgendorfer says:

**Do I find anything cool?**

Grate Oracle Lewot says:

*U hugs Espera*

Cruel Regulator says:

DIFF30, Espera is able to notice, while leafing through documents in one of the cabinets under one of the counters, a stack of papers on "Total Food Conversion Technology"

Grate Oracle Lewot says:

*using Dance*

~°Δ°[Levi-tah] says:

<3

"U I love you"

"I love U"

"ohoho"

Daria Morgendorfer says:

**"I love U, too "**

Grate Oracle Lewot says:

*"k"*

Daria Morgendorfer says:

**((do i find anything cool HUH HUH??))**

Cruel Regulator says:

Oh, and, 2 is staring at Espera from the hallway through the lab door window.

~°Δ°[Levi-tah] says:

"Woooo cool shit"

Cruel Regulator says:

**Dude, Eugene, you found makeup**

~°Δ°[Levi-tah] says:

Oh god

Cruel Regulator says:

**the Pink MagiCompact.**

2's eyes are pressed against the glass.

Daria Morgendorfer says:

**Oh**

**I thought**

**That was Espera**

**Oh well**

**Huh**

Cruel Regulator says:

**Erm, Espera finds it**

Daria Morgendorfer says:

**I am SILLY**

Cruel Regulator says:

**but it's useable by Eugene**

Daria Morgendorfer says:

**Oh well**

Cruel Regulator says:

**with his Grooming skill.**

Daria Morgendorfer says:

**Don't we also find things?**

Grate Oracle Lewot says:

*BK you should try to seduce 2 away from Espera*

Cruel Regulator says:

**Erm, and there are the documents on Total Food Conversion technology**

Grate Oracle Lewot says:

*although, I guess he did actually speak Spanish*

~°Δ°[Levi-tah] says:

Spanishh

Cruel Regulator says:

**I'll tell you what it says later.**

**And also, next round, you can explore the CHEM room attached to this lab room.**

Grate Oracle Lewot says:

*Yes.*

*U has his office chair in this room.*

Cruel Regulator says:

**(Also, papers and materials are all completely disorganized now that you've been searching through the clutter of the lab.)**

**This has been Session 16**

**Everyone gets 26 OP.**

Daria Morgendorfer says:

**yey**

Cruel Regulator says:

**Also, I'm changing the PSI costs of upper level PSI**

Daria Morgendorfer says:

**that means I have almost EIGHTY now right??**

Cruel Regulator says:

**so, erm, it'll be a bit longer before you get Beam Gamma on the other hand, though, this'll mean that I won't have to give such insanely high Resistance stats to enemies.**

**(You might also lose Beam Beta when I ramp up the OP costs, but, of course, you'll be facing lower Resistance enemies so really it'll be to your advantage.)**

Grate Oracle Lewot says:

*Hmm, so, should I save the session, or are we gonna buy anything?*

Cruel Regulator says:  
Well, you can do File > Save As  
and then do File > Save after we keep on typing the Psych-E purchases.

Grate Oracle Lewot says:  
*Hmm...*

Cruel Regulator says:  
(Also, let's just say that increases to your basic stats with OP also  
counts as something being done via Psych-E.)

Grate Oracle Lewot says:  
*Alright.*

Cruel Regulator says:  
Maybe, for another story arch far into the future, you'll have meet  
the employees or whatever it is that makes up Psych-E.

~°Δ°[Levi-tah] says:  
epicmafia server fail

Daria Morgandorfer says:  
**53+26**  
**79**

Grate Oracle Lewot says:  
*Wait, yeah, what's my total?*

Cruel Regulator says:  
Both U and Espera are at 51 OP each.

Grate Oracle Lewot says:  
*Oh, really*  
*hmm*

Daria Morgandorfer says:  
**I want shield BETA**

Grate Oracle Lewot says:  
*+1 PRE, +2 TECH, +1 Ballistics, +1 Explosives... dammit I'm one point short of doing +1 Dance*  
*wait no*

~°Δ°[Levi-tah] says:  
I want pickpocket  
//

Cruel Regulator says:  
For the cost of giving yourself +2 to TECH, you can instead give U 4  
levels in two different TECH based skills.

~°Δ°[Levi-tah] says:  
mm

Cruel Regulator says:  
Or Espera, too, yeah.

Grate Oracle Lewot says:  
*but*  
*it will just stay low forever*

Cruel Regulator says:  
Okay.

Daria Morgandorfer says:  
**((can i get shield beta??))**

Cruel Regulator says:  
Erm, yeah, sure, and that'll be a total of 60 OP.  
(And Gamma will be another 60 OP and Omega will be 80.)

Daria Morgandorfer says:  
**Uhh I GUESS yeah**  
**That means I only got 19 OP left!**

Grate Oracle Lewot says:

Daria Morgendorfer says:

**Only 19 original posters D:**

~°Δ°[Levi-tah] says:

woooooooo

Cruel Regulator says:

Grate Oracle Lewot says:

*I only have 3 left  
and 4 would increase Dance or Medicine*

~°Δ°[Levi-tah] says:

can I give U one

Grate Oracle Lewot says:

*Well*

~°Δ°[Levi-tah] says:

I need pickpocket huur

t

Grate Oracle Lewot says:

*Whoa  
internet burped  
is this still the same window for you guys?  
No, apparently not.  
For me, this window has everything.*

Cruel Regulator says:

**Porand.**

~°Δ°[Levi-tah] says:

shit I have to go upstairs soon

Cruel Regulator says:

Erm, so, right, Espera has 51 OP

So, well, hell, you can increase your Pickpocket straight to 9 for 45  
OP.

Erm, but there's both Pickpocket as well as Clockwork  
which are both of the thief type skills  
and also Stealth  
Oh, here we go.

~°Δ°[Levi-tah] says:

what does clockwork do

Cruel Regulator says:

**Oh, right  
clockwork is picking locks**

~°Δ°[Levi-tah] says:

ohh

Grate Oracle Lewot says:

*I'll have to copy this bit into the document containing the rest.*

~°Δ°[Levi-tah] says:

hm

I like both of those

Cruel Regulator says:

**but it's also any other types of small handiwork.**

Grate Oracle Lewot says:

*So, is Clockwork more universal?*

~°Δ°[Levi-tah] says:

Iloove both of those

Grate Oracle Lewot says:

*Or whatever the word is for not universal but covering more?*

Cruel Regulator says:

So like, clocks, guns, bikes and chainsaw blades, yeah, yeah.

Erm, it's . . .  
more general?

Grate Oracle Lewot says:

*Hmm.*

~°Δ°[Levi-tah] says:

yeah

I would say prbably generl

ughtypos

guysI have to go

Grate Oracle Lewot says:

*But ily.*

~°Δ°[Levi-tah] says:

I'll be opn my phone

ily more

Cruel Regulator says:

<http://sites.google.com/site/allostown/creation/skills>

If you scroll down, on the left you'll see a table that'll tell you  
how many OP it'll take to bring a skill up to a certain level from  
zero.

Or, actually, Bizz, we can just do this sometime later.

I'll just note that you want to put some OP into those skills.
