

Cruel Regulator says:

Wait, wait, can we

King Coral says:

YEAH

~°Δ°[[Bizzzzz] says:

Hi

Grate Oracle Lewot says:

But ily more

Cruel Regulator says:

<https://sites.google.com/site/alllostown/creation/espera>
<https://sites.google.com/site/alllostown/creation/eugene>

Grate Oracle Lewot says:

*Oh, Hegel, I found a typo: When you need to extract an object from someone's body without
killing it, -> Pickpot <- + TECH is where to go.*

Cruel Regulator says:

Whoa!
Hmmm, thank you.

Grate Oracle Lewot says:

*Also I probably have lots of OP but
we can wait*

Cruel Regulator says:

Only U does.
U has 64 remaining
which is 2^6!

Grate Oracle Lewot says:

Whoa, Espera has Climbing

~°Δ°[[Bizzzzz] says:

Yep
Thought maybe it would come in handy sometime

Grate Oracle Lewot says:

Yeah

Cruel Regulator says:

It will someday, I swear!

~°Δ°[[Bizzzzz] says:

Grate Oracle Lewot says:

U had it last time but I never put it in Dr. Zeus so

King Coral says:

we can climb rocks

Cruel Regulator says:

It's easier to throw in enemies than it is to pre-plan various skill
challenges.

King Coral says:

on the mountain
i mean
we're on a mountain liek
right now

Grate Oracle Lewot says:

Yes.

Cruel Regulator says:

You're on a helipad that is suspiciously un-snowy

King Coral says:

you can't just WALK up a mountain bro!

~°Δ°[[Bizzzzzz] says:

Oh, tomorrow I'm going

Cruel Regulator says:

your helicopter is stuck to it

~°Δ°[[Bizzzzzz] says:

to the fair

Grate Oracle Lewot says:

Ooh.

~°Δ°[[Bizzzzzz] says:

So I might be gone all day

King Coral says:

o

Cruel Regulator says:

**and there is a massive hangar full of dozens more hangars.
*glomp***

~°Δ°[[Bizzzzzz] says:

Yeah, church was even conveniently cancelled for tomorrow
-clingu-

Cruel Regulator says:

whoa.

Grate Oracle Lewot says:

I guess there's no such thing as healthy fair food, but

~°Δ°[[Bizzzzzz] says:

I always eat before I go

Cruel Regulator says:

Funnel Cake :3

Grate Oracle Lewot says:

food is all I do at the fair

Cruel Regulator says:

Fried ice-cream :3

King Coral says:

**get some CORN DOGS
cuz hot dogs**

Cruel Regulator says:

Bloomin' onion :3

~°Δ°[[Bizzzzzz] says:

oh god funnel cakes are so full of calories
Hey guys

King Coral says:

**are total bullshit
unless they're coated in semi-corn bread!**

~°Δ°[[Bizzzzzz] says:

there should be a fair in the RPG

Cruel Regulator says:

Turkey leg . . . eh, it's okay.

~°Δ°[[Bizzzzzz] says:

sometime

Cruel Regulator says:

It should be a Renaissance fair!

King Coral says:

!!

Grate Oracle Lewot says:

Heheh.

King Coral says:

we can have a fair

~°Δ°[[Bizzzzzz] says:

wYES

YES

King Coral says:

INSIDE the MOUNTAIN

Cruel Regulator says:

'Cuz like, that's the kind of fair to I've gone to the most

Grate Oracle Lewot says:

Yeah

King Coral says:

it'll be a WONDERFUL MOUNTAIN CAVE FAIR

Grate Oracle Lewot says:

U needs to wear one of those puffy shirts.

Cruel Regulator says:

Inside the mountain is a lot of helicopters that have been imprisoned
by a robotic penguin which you have just killed.

Grate Oracle Lewot says:

Oh, oh, and mutton

Cruel Regulator says:

There are dozens and dozens of helicopters

Grate Oracle Lewot says:

would be a good source of pathogens.

Cruel Regulator says:

of all shapes, sizes
colors, and creeds.
There are Jewish helicopters
gentile helicopters
white and black ones

~°Δ°[[Bizzzzzz] says:

Oh god

GUYS

Cruel Regulator says:

Protestant and Catholic helicopters!

~°Δ°[[Bizzzzzz] says:

MY FAMILY IS WATCHING /THAT SHOPW. TONIGHT
ROOT FOR THE GAY STRIPPING OPERA SINGER

Cruel Regulator says:

YEAH!

Wait, what's her name?

~°Δ°[[Bizzzzzz] says:

it's a he

Cruel Regulator says:

~°Δ°[[Bizzzzzz] says:

this year

His name is John~

Cruel Regulator says:

I have a dream, that one day, all helicopters can come together,
imprisoned with highly-selective electro-magnets, unable to fly,
forced to mingle
with their fellow flying inanimate objects.

~°Δ°[[Bizzzzzz] says:

His stage name is Prince Poppycock

Cruel Regulator says:

Hmmm.
Wait, what show is he on?

~°Δ°[[Bizzzzzz] says:

America's Got Talent <__<

Cruel Regulator says:

Ah.
Aweshum :3

~°Δ°[[Bizzzzzz] says:

The show where the TALENTED PEOPLE don't win

King Coral says:

Cruel Regulator says:

King Coral says:

@ both of you

~°Δ°[[Bizzzzzz] says:

quick hegel
gay opera singer strip club
MAKE IT HAPPEN

Cruel Regulator says:

(A small creature is scurrying through the hangar.)
(There appear to be more than one.)

Grate Oracle Lewot says:

*I ruined the day beforehand as usual
I already gave Hegel an idea.
Though it actually specifically had to do with a lack of creatures*

~°Δ°[[Bizzzzzz] says:

I'm suddenly reminded of Transformice

Grate Oracle Lewot says:

*Oh, yeah
we were gonna fight some, right?*

King Coral says:

oh my god we're gonna FIGHT TRANSFORMICE?!

Cruel Regulator says:

(The room starts to smell funny.)

Grate Oracle Lewot says:

*Not right now.
Well, not to my knowledge.
Uh*

Cruel Regulator says:

Erm, also, there is nothing in the hangar besides helicopters

~°Δ°[[Bizzzzzz] says:

"hello~"

Cruel Regulator says:

besides a small enclosed booth to the far right end (the far right

while looking into the hangar from the helipad)
while the hangar is a few hundred feet tall, this little metal room
within a room is only a story tall.

Grate Oracle Lewot says:

Is the funny smell

Cruel Regulator says:

Erm, like that

Grate Oracle Lewot says:

coming from somewhere or everywhere?

Cruel Regulator says:

with the hangar continuing a few hundred feet away from the hangar
entrance.

The smell is coming from the ceiling.

Erm, that little space on the side is the room within the room

King Coral says:

What KIND of bad smell is it?

Like

Cruel Regulator says:

the lines on the smaller enclosure's left are one of the walls

~°Δ°[[Bizzzzzz] says:

Yeah

King Coral says:

Something infested with maggots?

Cruel Regulator says:

it smells like parsley
but it's overpowering.

~°Δ°[[Bizzzzzz] says:

Parsley

WHOA

King Coral says:

Something infested with bacteria?

~°Δ°[[Bizzzzzz] says:

reminds me of tales of desperaux

King Coral says:

"Smells like home cookin' in here."

Cruel Regulator says:

The smell only seemed to be noticeable after the scurrying.

~°Δ°[[Bizzzzzz] says:

tale*

King Coral says:

"I wonder if we'll find anymore fried chicken"

"Or person."

~°Δ°[[Bizzzzzz] says:

"Oh god"

Grate Oracle Lewot says:

U tries to locate the scurrer?

Cruel Regulator says:

Also, the seemingly solid metal floor, looking off into the distance you notice, has cracks.

~°Δ°[[Bizzzzzz] says:

"Oh god oh god CRACKS IN THE FLOOR"

King Coral says:

"OH MY FUCKING GOD"

OH MY FUCKING GOD"

Cruel Regulator says:

U notices that there are actually about five of the scurrying creatures concentrated at the far right side of the hangar in the corner between the little building and the wall.

~°Δ°[[Bizzzzzz] says:

"What are they"

Cruel Regulator says:

(The giant hangar door is almost the complete width of the hangar but not quite.)

Grate Oracle Lewot says:

U cautiously goes toward them.

King Coral says:

Eugene sees them

Cruel Regulator says:

Punk Kid "If this Pingu robot has giant bugs in its hangar, then either it never noticed those things before we killed it, or it was in suspended animation until we landed."

King Coral says:

"The Hell's that?"

Cruel Regulator says:

Yeah, it's a giant bug.
Well, five of them.

~°Δ°[[Bizzzzzz] says:

"Are we all going to die"

Cruel Regulator says:

They look a bit fat

~°Δ°[[Bizzzzzz] says:

"OH MY GOD GIANT FUCKING BUGS"

Cruel Regulator says:

but they look fast.
They're crickets, really.

~°Δ°[[Bizzzzzz] says:

are they goliath beetles

aww

King Coral says:

eheheh

Cruel Regulator says:

They're staring towards the party as you advance towards the right side of the hangar which is a bit dark because the sun is shining in towards the left side (but shining into the hangar, regardless. The hangar door faces south.)

King Coral says:

Eugene shoots 3 ANGELHEAD BULLETS @ a cricket foe!

Cruel Regulator says:

Cricket A
Cricket B

Erm.

Cricket A
Cricket B
Cricket C
Cricket D
Cricket E

There are five at them

King Coral says:

D

FUCK D

Cruel Regulator says:

(erm, A being the one you shoot at.)

King Coral says:

FUCK HIM UP

oh okay

whatever

~°Δ°[[Bizzzzzz] says:

Attack C

Grate Oracle Lewot says:

BK are they elementally vulnerable?

~°Δ°[[Bizzzzzz] says:

Yeah

King Coral says:

i didn't

~°Δ°[[Bizzzzzz] says:

Are they defensive or resistant?

King Coral says:

give hegel the sheet

they had low defense and umm

~°Δ°[[Bizzzzzz] says:

Attack C withhh

chainsaw

Cruel Regulator says:

All three bullets hit.

King Coral says:

i didn't bother with elemental cuz no one would have magic at that point but as a BUG TYPE

POKEMON they should be vulnerable to fire

woooo

they're just

Cruel Regulator says:

(Erm, you gave me a sheet that documented them as having elemental resistances.)

King Coral says:

REAL FAST WOW

what?

no i didn't

Cruel Regulator says:

wait, gimme a second.

King Coral says:

oh
oh
OH

Cruel Regulator says:

I need to warm up in my dice rolling . . .

King Coral says:

you mean
the other ones
the umm
holy hands ones
yeah
YEAH
uhh
(they's DIFF i was CONFUSS)

Cruel Regulator says:

Erm, you get very lucky rolls: 24, 16, 15

King Coral says:

but yeah they should liek be taller than us p. much
wooo

Cruel Regulator says:

Cricket A is smashed apart by your gun.

~°Δ°[[Bizzzzzz] says:

hi

Cruel Regulator says:

I'll just, for simplicity, have Espera target Cricket B because
they're all the same (except that Cricket A is dead)

Grate Oracle Lewot says:

Ily Bizz

~°Δ°[[Bizzzzzz] says:

Okay
ily too Lewotu <3

Cruel Regulator says:

Miss by 3
You would deal 34 damage.

~°Δ°[[Bizzzzzz] says:

use luck?

Cruel Regulator says:

The cricket is still standing.
Erm, wait, what does U do, again?

Grate Oracle Lewot says:

*I never said
um*

Cruel Regulator says:

Oh, ah.
what does U do?
U's stuff: Water Antibody, Fire Antibody, Lightning Antibody, hockey
mask, baseball bat (5), lv.11 Thunder pathogens (5), lv.11 Fire
pathogens (3), lv.11 Water pathogens (1), Slim Sword (2), Frag
Grenades (4)

Grate Oracle Lewot says:

*because I almost don't want to waste a pathogen
they seem kinda weak
but then what would I do
so fire pathogen*

WAIT

Freeze Alpha

Cruel Regulator says:

2 damage

(2 only because of vulnerability)

Grate Oracle Lewot says:

Cruel Regulator says:

Cricket B is still alive.

What does Punk Kid do?

King Coral says:

(crickets were intended to be one of the more difficult enemies)

Cruel Regulator says:

to hit (punch, DC4 Stun): 11

to hit (baseball bat, DC5): 13

to hit (Mr.Pistol, DC4, RoF: 4, clip: 19/27): 18

to hit (pump-action shotgun, DC5t3 LETH+1.0, RoF: 1, clip: 8/8): 13

AUTOHIT ((4)BeamDC7 (7)BetaDC12)

other PSI ((3)Shield, (3)Defense Up, (3)LifeUpHC7 (5)BetaHC14)

Oh, and Snakeboy:

to hit (bite, DC8, target receives DC8 from poison on the phase afterwards): 14

AUTOHIT ((3)ThunderDC15res/2)

Punk kid has 3PP.

King Coral says:

uhhhh

Grate Oracle Lewot says:

Wait I have two Slim Swords what?

~°Δ°[[Bizzzzzz] says:

Hahahahahahaha

Cruel Regulator says:

Erm, yeah, looted from Government Swordmasters.

~°Δ°[[Bizzzzzz] says:

LEWEOT ilt

King Coral says:

Snakeboy should bite him

Cuz liek

~°Δ°[[Bizzzzzz] says:

leweot

King Coral says:

I doubt he has a lot of HP left

Y'know?

Cruel Regulator says:

I just randomly placed the loot.

Snakeboy's bite is actually quite lethal at DC8 (avg.28 base damage)

Erm, but Snakeboy hits Cricket B

For 25 damage

Cricket B is snake food

well, actually Snakeboy spits him out.

King Coral says:

wooo

Cruel Regulator says:

Snakeboy "Herro and goodbye."

Punk Kid?

King Coral says:

**no i think he should disgest enemies he kills with bite
and regain hp**

Cruel Regulator says:

(Cricket B, C, D, E remaining)

King Coral says:

**its too rare for him to kill someone with bite to be liek
overpowering**

Grate Oracle Lewot says:

I had that as a Paper Mario attack before.

King Coral says:

and it can compensate for insomnia making his pp almost worthless

Cruel Regulator says:

Actually people do not really get hurt in Snakeboy's stomach. He was genetically modified so that people could survive in there in a state of sexual ecstasy.

King Coral says:

**then
his victims**

Cruel Regulator says:

(You could just have him smoke all of your weed after the battle.)

King Coral says:

**can be
aroused
as a status ailment!**

Grate Oracle Lewot says:

Hmm.

King Coral says:

he might as well

Cruel Regulator says:

(Especially since his PRE is so high that all that weed wouldn't make that big a dent.)
what does Punk Kid do, though?

Grate Oracle Lewot says:

*I have not been paying attention to anyone's abilities but my own
and even my own items are suprising me.*

King Coral says:

<http://i52.tinypic.com/j6r8so.png>

Cruel Regulator says:

to hit (punch, DC4 Stun): 11
to hit (baseball bat, DC5): 13
to hit (Mr.Pistol, DC4, RoF: 4, clip: 19/27): 18
to hit (pump-action shotgun, DC5t3 LETH+1.0, RoF: 1, clip: 8/8): 13
AUTOHIT ((4)BeamDC7 (7)BetaDC12)
other PSI ((3)Shield, (3)Defense Up, (3)LifeUpHC7 (5)BetaHC14)

King Coral says:

cricket + height in comparison to normal human bean

Cruel Regulator says:

Oh, whoa!
Okay.
well, that explains the high max HP

King Coral says:

Cruel Regulator says:

(because in Fuzion max HP represents physical size or something which is why the BODY stat determines it)

King Coral says:

i think
they took a lot of hits in holy hands

Cruel Regulator says:

(so that makes sense!)
Well, they survived Espera's chainsaw.

Grate Oracle Lewot says:

U is about as tall as Mario.
So I dunno
five feet
plus some inches
or something
anyway uh

King Coral says:

i always imagined him

~°Δ°[[Bizzzzzz] says:

Oops
Sorry

Grate Oracle Lewot says:

Punk Kid

King Coral says:

as being liek
two feet
but a really large blob is cooler

Cruel Regulator says:

Punk Kid: Hits: 20/20, Stun: 20/20, PSI: 17/32
(erm, for when using Punk Kid's PSI)

Grate Oracle Lewot says:

Well, you know what, I'll say he's 4'2".

King Coral says:

Cruel Regulator says:

Oh, erm, nevermind, I'll have Punk Kid use his shotgun!

Grate Oracle Lewot says:

k

Cruel Regulator says:

All of the three remaining crickets pull themselves back towards the wall and dodge the shotgun spread.
Enemy Phase 1!

King Coral says:

hmmm

Grate Oracle Lewot says:

3'6" is 42 inches, but yeah, I imagined him as the height of a short human, so 4'2".

Cruel Regulator says:

Cricket C tries Quick Up on Cricket D!

Grate Oracle Lewot says:

Hmm...

Cruel Regulator says:

Cricket D tries Quick up on Cricket E!

King Coral says:

~°Δ°[[Bizzzzzz] says:

what

Cruel Regulator says:

Cricket E flails around wildly!

King Coral says:

~°Δ°[[Bizzzzzz] says:

Can I neutralize one

oh god Pokemon

Cruel Regulator says:

Hits Eugene by 6, and U and Espera each by 8.

Grate Oracle Lewot says:

Hmm.

Cruel Regulator says:

It hits so fast that it doesn't target a specific bodypart.

King Coral says:

(you see)

Cruel Regulator says:

Eugene takes 10 Stun and 2 Hits

King Coral says:

(my enemies do widespread damage by a little bit each time)

Cruel Regulator says:

Espera takes 1 Stun

~°Δ°[[Bizzzzzz] says:

sadface

Cruel Regulator says:

U takes 5 Stun and 1 Hit.

Okay, Player Phase 2

King Coral says:

(instead of killing you everytime they hit)

Grate Oracle Lewot says:

Frag Grenade

King Coral says:

(that's called BALANCE)

uhh

Grate Oracle Lewot says:

pathogens are cooler so use up these things

(they are probably also stronger)

Cruel Regulator says:

Eugene: Hits: 23/25, Stun: 15/25, PSI: 04/20, Luck: 13/13

U: Hits: 29/30, Stun: 25/30, PSI: 11/20, Luck: 12/12

Espera: Hits: 25/25, Stun: 24/25, PSI: 16/16, Luck: 09/12

Grate Oracle Lewot says:

(erm, the frag grenades.)

King Coral says:

3 angelheads on cricket D

Cruel Regulator says:

I need to include a fag grenade later on.

King Coral says:

hmm wait

my pp is low

manget beta might be a better idea
cuz there's liek
a lot of them!

Cruel Regulator says:

Wait, who's U's primary target for his frag grenade?

Grate Oracle Lewot says:

Well, D.

King Coral says:

(have eugene use magnet first)

Grate Oracle Lewot says:

Er, yeah.

King Coral says:

(so no one dies before i suck pp out of them)

~°Δ°[[Bizzzzzz] says:

Neutralize

cricket E?

Cruel Regulator says:

Right.

Eugene sucks 5 from Cricket C, 8 from D, and 2 from E.

King Coral says:

>: D

Cruel Regulator says:

Neutralize I'll do before grenade because that will prevent it from dodging the explosion . . .

Grate Oracle Lewot says:

Oh, ah.

King Coral says:

>: D

Cruel Regulator says:

Also it's at full Stun so nothing gets healed to it.
And grenade . . .

King Coral says:

<http://www.youtube.com/watch?v=rYF8oVSSC6o>

Cruel Regulator says:

Miss by 2, miss by 15, hit by 1

for 18x2 damage

erm, 36

Cricket E is still standing.

Grate Oracle Lewot says:

2 Luck

Cruel Regulator says:

Okay

(Oh, wait, and the direct hit misses by 6 on the Quick Upped one which the explosion missed severely.)

13x2 damage

26

also still standing.

Grate Oracle Lewot says:

Wait, that was the whole turn.

Hmm.

Well.

Cruel Regulator says:

Also there's Punk Kid and Snakeboy.

King Coral says:

BITE

BITE

Grate Oracle Lewot says:

Oh, oh.

Cruel Regulator says:

(Which one does Snakeboy bite?)

King Coral says:

dat E fucker!

Cruel Regulator says:

Misses by 3.

King Coral says:

does snakeboy have his own luck?

Cruel Regulator says:

No.

King Coral says:

can he use mine?

Cruel Regulator says:

Only you three player characters.

No, he cannot

King Coral says:

...:'(

Grate Oracle Lewot says:

Punk

should kill something

Cruel Regulator says:

Erm, Punk Kid tries Beam Beta on Cricket D!

23 damage

King Coral says:

~°Δ°[[Bizzzzzz] says:

King Coral says:

Cruel Regulator says:

Grate Oracle Lewot says:

Cruel Regulator says:

Cricket E tries Brainshock on Snakeboy!

Snakeboy is so confused!

Player Phase 3

King Coral says:

who is left and who is quick upped?

Grate Oracle Lewot says:

Erm, I used two Luck.

Cruel Regulator says:

(Cricket C, D, and E. D is Quick Upped.)

~°Δ°[[Bizzzzzz] says:

Hegelllll

Cruel Regulator says:

Eugene slaps U!

King Coral says:

I'll try 3 angelheads on D.

Cruel Regulator says:

U takes 1 Stun.

King Coral says:

~°Δ°[[Bizzzzzz] says:

Cruel Regulator says:

Hit by 12

20 damage.

Cricket C is all chopped up.

Eugene misses by 8.

(You'll need an addition two Luck to make all three bullets hit.)

U and Snakeboy can still act.

Grate Oracle Lewot says:

*Can I like
use Ballistics to throw a Slim Sword?*

King Coral says:

uhh
use luck?

Cruel Regulator says:

!

King Coral says:

yeah, all 10

Cruel Regulator says:

Okay.

King Coral says:

(our sessions are not long enough to make conserving luck very important)

Cruel Regulator says:

20, 10, 18
Cricket D is smashed to pieces.
Cricket E remaining.
Erm, yeah!
U can throw the Slim Sword
but it gets broken in the process
but you can keep it and try to repair it later.

Grate Oracle Lewot says:

I have another one

Cruel Regulator says:

You get the full accuracy bonus
and also the -1 penalty to DC.
(most other melee weapons cannot be thrown like this, though)

~°Δ°[[Bizzzzzz] says:

Hahaha

Cruel Regulator says:

Or, I know, with a TECH roll that beats 25, the Slim Sword is not
broken.

Grate Oracle Lewot says:

Well

I have no Tech

Cruel Regulator says:

U hits
But for only 13 damage.
Oh, wait, that kills it
ENEMIES NEUTRALIZED
Also, Snakeboy's confusion is cured by resting and everyone's Stun is
back to full.

Grate Oracle Lewot says:

U does a victory dance with his skill of 2.

~°Δ°[[Bizzzzzz] says:

Cruel Regulator says:

(U successfully expresses a feeling of victory.)

Grate Oracle Lewot says:

*Actually, that's right, the 2 Dance was based on the victory dance sprite.
Anyway.*

I danced so you guys make the next move.

Cruel Regulator says:

There is the little room within a room.
and there are lots of helicopters.

well, there's a metal door far off in the distance further into the hangar

~°Δ°[[Bizzzzzz] says:

Oh god my mom didn't notice

Anyway uh

Cruel Regulator says:

This little room within a room . . . it's called a booth. I just remembered the word.

It's a security booth.

~°Δ°[[Bizzzzzz] says:

Espera should do that sword twirly thing that swordmasters do in FE10

Cruel Regulator says:

Grate Oracle Lewot says:

Wait, if we need to pick the lock

Cruel Regulator says:

Oh, also, BK

Grate Oracle Lewot says:

Espera should do so with her sword

~°Δ°[[Bizzzzzz] says:

The VICTORY TWIRL

Cruel Regulator says:

to hit (9mm handgun, DC3, RoF: 2, clip: 18/18 normal): 20

to hit (punch, DC4 Stun): 9

to hit (baseball bat, DC5): 11

to hit (12.7x44mm Angelhead, DC5 AP/2, RoF: 3, clip: 02/11 normal):

AUTOHIT: (4)BeamDC11 (7)BetaDC16

other PSI: (3)LifeUpHC4, (3)Healing, Magnet Beta, (3)Defense Down

~°Δ°[[Bizzzzzz] says:

Hmmmm

Cruel Regulator says:

The security booth is locked with a padlock.

Grate Oracle Lewot says:

Sokka picked a lock with his sword in a later episode.

Cruel Regulator says:

You can smash the padlock if you want to.

King Coral says:

sure!

wait what

Cruel Regulator says:

BK, would you like to reload?

King Coral says:

am i being chosen to smash the lock

why are you calling me out?

oh, yeah

Cruel Regulator says:

Eugene's Stuff: baseball bat, 9mm handgun, 9mm bullets (29), 0.7066mm pulse rifle, 0.7066mm pulses (81), 12.7x44mm Angelhead pistol (3), 12.7x44mm bullets (66), 12mm Mr.Machinegun, 12mm Mr.Bullets , 1g joint (4)

King Coral says:

do that

Cruel Regulator says:
(erm, that is pre-reload bullet count)

Grate Oracle Lewot says:
So, wait, did my Slim Sword break or not?

Cruel Regulator says:
Erm, yeah, it did.

Grate Oracle Lewot says:
Now that I can throw it it kind of interests me

Cruel Regulator says:
(Although you only have one left and it only does DC4 (avg.14 damage)

Grate Oracle Lewot says:
*I will find more
in a treasure chest*

Cruel Regulator says:
(Espera is up to 24.5 with hers since she has higher STR.)

Grate Oracle Lewot says:
*wnik wnik
no I dunno*

King Coral says:
wnik ;D

Grate Oracle Lewot says:
did we break the lock?

Cruel Regulator says:
I'll pretty much just have them get dropped by Government
Swordmasters.
Oh, right, who smashes it
and with what attack or PSI?

~°Δ°[[Bizzzzzz] says:
y.f

King Coral says:
beam alpha

Cruel Regulator says:
wait, really?

King Coral says:
**uhhh
yeah lol**

Cruel Regulator says:
(Inanimate objects have a reasonably high Resistance in my game.)

~°Δ°[[Bizzzzzz] says:
lol what
Well

Grate Oracle Lewot says:
Can I just kinda body slam it?

~°Δ°[[Bizzzzzz] says:
can Espera do something to it

Cruel Regulator says:
You can cut it with one of your many implements of cutting.

~°Δ°[[Bizzzzzz] says:
Okay~

Cruel Regulator says:
which one?

~°Δ°[[Bizzzzzz] says:
Ummm

chainsaw?

Cruel Regulator says:

35 damage

~°Δ°[[Bizzzzzz] says:

This reminds me of

Cruel Regulator says:

Espera kinda slices through part of the door, too.

~°Δ°[[Bizzzzzz] says:

FE9

and breaking doors

Grate Oracle Lewot says:

Oh, yeah

Cruel Regulator says:

Even though the door is metal.

~°Δ°[[Bizzzzzz] says:

Axes work the best

;D

Grate Oracle Lewot says:

*But I keep thinking about weapons breaking
but that doesn't happen in this*

~°Δ°[[Bizzzzzz] says:

Cruel Regulator says:

Erm, so like, facing to the far left side of the hangar are windows
erm, yeah, this is a mostly windowed booth

Grate Oracle Lewot says:

Except for me

~°Δ°[[Bizzzzzz] says:

Ily

ily ilyily

Cruel Regulator says:

and the windows are the top half of that side of the room
and the bottom half is a slanted metal thingy
with lots of buttons and switches
and there's also a CRT monitor in the slanted metal counter/dashboard
thing
embedded in it, yeah
and there's a computer console.

Grate Oracle Lewot says:

Hmm.

Cruel Regulator says:

Looking around, U sees a manual.

Grate Oracle Lewot says:

Ah.

U grabs it.

And opens it.

To page 42.

King Coral says:

i just imagined we were in the room you need to save curly in in cave story

~°Δ°[[Bizzzzzz] says:

DON'T FORGET PAGE 19

pleeease~

Cruel Regulator says:
Page 42 explains the best ways to dust the computer console
It recommends a dry towel.

Grate Oracle Lewot says:
Go to 19, then.

~°Δ°[[Bizzzzzz] says:

Grate Oracle Lewot says:
O

Cruel Regulator says:
Page 19 is partway through the manual's section explaining how to
control where on the helipad and hangar floor surfaces the locking
field should be targetted.

Grate Oracle Lewot says:
I guess we want to unlock the helicopter for leaving purposes.

Cruel Regulator says:
It says you'll first need to use the keyboard and computer screen and
type in the password.

Grate Oracle Lewot says:
Hmm.

Cruel Regulator says:
Booting up the computer brings you to a login screen.

Grate Oracle Lewot says:
*U types in something witty, but Eugene and Espera cannot see what it is because it just
appears as asterisks.*

Cruel Regulator says:
"Station can only be unlocked by ADMIN: Snake King."

Grate Oracle Lewot says:
Hmm.

Cruel Regulator says:
appears on the monitor.

Grate Oracle Lewot says:
Does Snakeboy react to this?

Cruel Regulator says:
Snakeboy "Herro?"

King Coral says:
he is a different snake!

Cruel Regulator says:
Snakeboy doesn't really care.

King Coral says:
"I don't think snake BOY is the same as snake KING"

~°Δ°[[Bizzzzzz] says:
"Hello~"

King Coral says:
"Snakeboy, did you have any friends in the Snake Academy who were also kings?"

Cruel Regulator says:
Snakeboy "Me no king. Me bad boy who punish you."
Snakeboy "What Snake Academy?"

King Coral says:
"You, ummm. . ."

Cruel Regulator says:
oh, also, U fails to notice something else Perception-wise by 3.

King Coral says:

"You didn't attend the Snake Academy?"
 "I mean, snakes have to have an academy, right?"
 "Otherwise, how will they learn to be snakes?"

Cruel Regulator says:
 Snakeboy "I from rab. I would eat you rong time but I arready have human in berry."
 Snakeboy "Spit out human in berry so you can be eaten?"

~°Δ°[[Bizzzzzz] says:
 "You know, I misheard rab as iran"

King Coral says:
 "... Who did he eat?"

Cruel Regulator says:
 Snakeboy "Bank terror."
 Punk Kid "I've never been to Iran. I heard they make great rugs."

Grate Oracle Lewot says:
Erm, 3 Luck?

King Coral says:
 "Who was the Bank Teller again?"
 "I forgot"
 "You'd think having almost been killed by a computer would be traumatic enough for me to remember this shit."

Cruel Regulator says:
 Snakeboy "When you rob bank, I bring in terra to open safe. She hide in berry during fight against Dye Packman."

King Coral says:
 "Wasn't she, like, Jimmy's mom or something?"

Cruel Regulator says:
 Snakeboy "She stirr in bank. She no rike vore. Rikes strap-ons."

King Coral says:
 Eugene fondly thinks about strap-ons for a brief respite.

~°Δ°[[Bizzzzzz] says:
 "Strap-ons"
 Espera ponders.

Cruel Regulator says:
 (This, by the way, actually happened. Snakeboy is not lieing. The bank teller whom Snakeboy randomly brought from an upper floor and seduced using his fenominally high PRE stat so she would open the door for you guys jumped into Snakeboy's mouth right after you opened the vault door. She's been Snakeboy's digestive system since the bank job which is now like a day and a half ago in RPG time.)

~°Δ°[[Bizzzzzz] says:
 I
 misread bank job

Cruel Regulator says:
 I know what you read!

~°Δ°[[Bizzzzzz] says:
 <3~

Cruel Regulator says:
 g1omp

King Coral says:
 "Maybe we should, like, talk to her?"
 "I mean, I don't think we can progress anytime soon?"

~°Δ°[[Bizzzzzz] says:

"Is that possible?"

King Coral says:

"We have to find this Snake King cat."

Grate Oracle Lewot says:

*lying**

Cruel Regulator says:

Oh, erm, but using 3 Luck, U notices the hum of some type of reactor or energy cell or something in or around the booth. Everyone attempts to search for a bit.

~°Δ°[[Bizzzzzz] says:

Espera

Cruel Regulator says:

Without the Concealment skill, though, no one can quite find where in the walls this is.

~°Δ°[[Bizzzzzz] says:

does something

Grate Oracle Lewot says:

U indicates what he noticed by pointing to someone's ear, thereby telling them to listen, I guess.

Cruel Regulator says:

U fails by 4, Espera by 8, and Eugene by 11.

Grate Oracle Lewot says:

Erm, how much Luck do I have left?

~°Δ°[[Bizzzzzz] says:

lolol

Cruel Regulator says:

(Oh, wait, sorry, but assuming that everyone searches I just prevented a good deal of roleplaying on your part, Lewot. Sorry)

Eugene: Hits: 23/25, Stun: 25/25, PSI: 17/20, Luck: 03/13

Espera: Hits: 25/25, Stun: 25/25, PSI: 08/16, Luck: 09/12

U: Hits: 29/30, Stun: 30/30, PSI: 11/20, Luck: 09/12

Oh, wait, my bad.

Espera: Hits: 25/25, Stun: 25/25, PSI: 08/16, Luck: 10/13

Grate Oracle Lewot says:

I'm pretty sure I actually have 7

Cruel Regulator says:

(I forgot about Espera's increase to INT.)

SHHHH

Well, it doesn't matter since we'll have to end the game pretty soon.

Grate Oracle Lewot says:

Aww.

Cruel Regulator says:

Erm, or not!

I dunno.

Grate Oracle Lewot says:

Well

probably

Cruel Regulator says:

I can keep going!

Grate Oracle Lewot says:

Bizz has homework

BK has attention span

Cruel Regulator says:

Oh, right, good point

King Coral says:

durrrr hey guys what's happenin
uhhh is we still role playin guys LOL

Grate Oracle Lewot says:

technically I have homework too

King Coral says:

but yeah i was just uhh
assuming u would find it
cuz he has the least to lose

Grate Oracle Lewot says:

Well, I wasn't referring to the particular situation, BK

King Coral says:

i'm just bein a regular ol' GOOF

~°Δ°[[Bizzzzzz] says:

i misread

LOL

as DL for a minute there

Grate Oracle Lewot says:

Aww

King Coral says:

DownLoad

Grate Oracle Lewot says:

But ily Bizz

Cruel Regulator says:

(Erm, U is able to pry open a hidden panel in the wall and finds a box of small, very cold looking and feeling cylinders. You have no idea what to do with them. Well, actually you do because the box is labelled "Negative Energy Precipice Condensate. For use in NEPC Devices of all classes and sizes!")

~°Δ°[[Bizzzzzz] says:

ily toop

Grate Oracle Lewot says:

Oh

hey

Cruel Regulator says:

(There are 25 of these cylindars.)

~°Δ°[[Bizzzzzz] says:

No guys I'm still here

Cruel Regulator says:

(No gun.)

~°Δ°[[Bizzzzzz] says:

for about forty minutes

Grate Oracle Lewot says:

*U grabs these
does he still have infinite storage space?*

Cruel Regulator says:

Yeah.

Grate Oracle Lewot says:

k

King Coral says:

wooo

we have

A LOT OF CYLINDERS

Cruel Regulator says:

Oh, erm, hell, let's just say that everyone does and we won't worry about inventory for some time.

King Coral says:

sounds like a plan

Cruel Regulator says:

(They're the size of AA batteries.)

Grate Oracle Lewot says:

BK, these

King Coral says:

most rpgs have shared inventory

Grate Oracle Lewot says:

are bullets for an ice gun that Hegel made for me because I like ice but we don't have the gun yet.

King Coral says:

AWESOME

do i get a special gun?

Cruel Regulator says:

You have your plasma gun.

Erm, well, pulse rifle.

There's also the separate Plasma Gun which is Ballistics based.

(which is slightly higher-powered and higher RoF but slightly less accurate)

(and which shoots blue energy balls rather than little white beam pulses)

Erm, so Bizz has 40 minutes!

WHOOO!

Okay, yeah, the booth.

Does not lead anywhere

Grate Oracle Lewot says:

Hmm, I hear plasma and think of warm colors

~°Δ°[[Bizzzzzz] says:

Hi

You know

Grate Oracle Lewot says:

Bizz ily <3

~°Δ°[[Bizzzzzz] says:

there should be like

Cruel Regulator says:

(I think of the plasma gun in Doom and the pulse rifle in Half-Life 2 which no one else has played so I shouldn't really base things off of those games)

King Coral says:

~°Δ°[[Bizzzzzz] says:

an option of just randomly searching around if we're on the streets

Cruel Regulator says:

(Also the Angelhead is the super-duper handgun from Halo 1)

~°Δ°[[Bizzzzzz]] says:
to find like random things on the ground

Grate Oracle Lewot says:
Well, I intend to play Half-Life

~°Δ°[[Bizzzzzz]] says:
and making use of them later

King Coral says:
(every enemy in my rpg was gonna be liek)
(something i'd made up before for another game, a nintendo reference, or a music reference)

Cruel Regulator says:
Erm, well, yeah, you can search places whenever you want, Bizz.

~°Δ°[[Bizzzzzz]] says:
Hmm

Cruel Regulator says:
Or like, if you're in a kitchen you can see what spices are there or
whatever and take some pepper.

Grate Oracle Lewot says:
Remember my flying fish based abilities last time?

Cruel Regulator says:
Or if you're in a hospital you can gake some surgical tubing
or anything

~°Δ°[[Bizzzzzz]] says:
But isn't Espera like

Cruel Regulator says:
and then I'll think of something for that to do in a later game
session.

~°Δ°[[Bizzzzzz]] says:
bad at that or something?

Cruel Regulator says:
Erm, she does not have OP in the Perception skill like U does
but she can still just grab stuff in plain sight.
Erm, but yeah!
Everybody treks to the far side of the hangar.

Grate Oracle Lewot says:
k

~°Δ°[[Bizzzzzz]] says:
Haha

Cruel Regulator says:
Right, yeah, to go into the small metal door that's on the other side.
You go past various helicopters
news helicopters
military helicopters
giant, heavy-duty armored military helicopters that probably take ten
gallons of gas per second.
Erm, lots of types of helicopters.
It's a metal door
that would usually be used in public buildings to enter an emergency
fire stairwell.

Grate Oracle Lewot says:
Is it locked?

Cruel Regulator says:
No, it's unlocked.
You can push it open.
It's weighted and closes behind you so I'm assuming that everyone
holds the door behind them out of common courtesy!

Grate Oracle Lewot says:

Oh, yeah.

Cruel Regulator says:

(Well, actually Punk Kid holds it open for everyone else, mainly for Espera.)

Grate Oracle Lewot says:

Well, U would've held it.

King Coral says:

;D

Cruel Regulator says:

This actually does lead into a stairwell,
and it goes down

Grate Oracle Lewot says:

Remember, he's a gentleman, unlike a duck.

Cruel Regulator says:

deeper into the mountain.
The stairs go down four about three and a half stories

King Coral says:

FOUR ABOUT

FOUR ABOUT

Cruel Regulator says:

for about.

FUCK YOU

Or thank you, rather.

King Coral says:

AHAHAHAHAHAHAHA

HEGEL THAT'S A NUMBER

Cruel Regulator says:

ffffff

King Coral says:

YA GONNA TAKE YER NUMBER HEGEL

YA GONNA TAKE IT AND WAIT IN LINE

EHEHEH. EHEHEHEHEHEHEHEH

okay i'm done sorry

Cruel Regulator says:

You sound like a teenaged boy black character in an English class book.

~°Δ°[[Bizzzzzz] says:

hahahaha

HAHAHAHAHAHA

FOUR ABOUT

King Coral says:

...

~°Δ°[[Bizzzzzz] says:

HAHAHSLKS

Cruel Regulator says:

and then the stairs they end abruptly, going down into pure rock.

~°Δ°[[Bizzzzzz] says:

OH MY GOD I'M SORRY I'm high on fruit punch

no wait it's TROPICAL PUNCH heheheee

King Coral says:

THE STAIRS, THEY END ABRUPTLY

~°Δ°[[Bizzzzzz] says:
"Oh, what"
"What is that"

Cruel Regulator says:
(Oh, also, by the way, there is no apparent source of light. There are no mushrooms.)

~°Δ°[[Bizzzzzz] says:
Espera feels the object?
Espera GROPEs IN THE DARK

Cruel Regulator says:
The thing has tentacles which attempt to wrap around Bizz's head in a surprise attack!

~°Δ°[[Bizzzzzz] says:
oh
god
tentacles

Cruel Regulator says:
Hits by 1.

King Coral says:
guys it has a high defense

~°Δ°[[Bizzzzzz] says:
oh god the SF tentacle pron all over again

King Coral says:
be careful it HAS A HIGH DEFENSE

~°Δ°[[Bizzzzzz] says:
oh god aaaugh

Cruel Regulator says:
(The surprise attack gives it +5 to hit.)

~°Δ°[[Bizzzzzz] says:
"GET IT OFF GET IT OFF"

Grate Oracle Lewot says:
What about resistance, BK?

~°Δ°[[Bizzzzzz] says:
"AAAKJASLDJASDLKASDL"

King Coral says:
umm

~°Δ°[[Bizzzzzz] says:
"FUCKING"

King Coral says:
i donno i just said defense lol

~°Δ°[[Bizzzzzz] says:
"TENTACLES"
"I DON'T HAVE ANY OFFENSIVE PSI"

Cruel Regulator says:
(Oh, also, it's Defense isn't that high compared to half of the monsters I previously made you fight. Also Resistance is determined by the monster's PP in your Holy Hands sheet.)

~°Δ°[[Bizzzzzz] says:
"KILL IT"

King Coral says:
hmm okay!
i will uhh
beam alpha

Grate Oracle Lewot says:

U tries Freeze Alpha.

Cruel Regulator says:

It attempts to suck life out of Espera, but it cannot get past her
WOMANLY STRENGTH

Grate Oracle Lewot says:

Or rather, U tries Freeze Alpha!

Cruel Regulator says:

only dealing 1HP of damage.

King Coral says:

~°Δ°[[Bizzzzzz] says:

"GET IT OFF"

"OH MY GOD"

"IT'S TRYING TO SUCK ON ME WHAT THE FUCK"

King Coral says:

"Can't say I blame it"

Cruel Regulator says:

(Erm, also, Lewot, Freeze Alpha only has a DC of 2, or average damage
of 7. Most enemies have a Resistance of at least 9.)

Grate Oracle Lewot says:

Oh.

King Coral says:

Eugene flicks his eyebrows but no one can see cuz y'know its really dark.

Cruel Regulator says:

(Erm, but Freeze Beta is DC7 or average 24.5 base damage.)

Grate Oracle Lewot says:

Fine Beta.

Cruel Regulator says:

(So that puts it high enough over Resistance of the lowest Resistance
enemies to get a Stun effect.)

~°Δ°[[Bizzzzzz] says:

"Eugene I hate you"

Cruel Regulator says:

Erm, but first Beam Alpha.

~°Δ°[[Bizzzzzz] says:

Espera isn't able to move, right?

King Coral says:

Eugene makes a suggestive facial gesture but, again, no one can see.

Cruel Regulator says:

Erm, no, Espera can get out.
She can act.

~°Δ°[[Bizzzzzz] says:

Oh

Well

Espera tries to free herself, obviously

Cruel Regulator says:

Beam Alpha does 28 damage.
Freeze Beta does 9 damage, barely under enough to stun it.
It is still alive.
Erm, Espera isn't trapped at all.

Grate Oracle Lewot says:

How barely?

~°Δ°[[Bizzzzzz]] says:

Oh

I thought she was

Cruel Regulator says:

Erm, it's stunned for one phase per 10 damage.

(So 30 damage would be 3 phases, which is quite a while!)

Grate Oracle Lewot says:

Well, eh.

Leave it.

Cruel Regulator says:

The tentacles aren't nearly as hard as its completely solid head.

King Coral says:

"Espera quit touching my butt!"

Cruel Regulator says:

Erm, so Espera can attack.

King Coral says:

Eugene snickers and tries to hide it so no one hears but he doesn't succeed.

Cruel Regulator says:

Oh, and Punk Kid hits it with a baseball bat.

Erm, wait, no, in the darkness, he whiffs

~°Δ°[[Bizzzzzz]] says:

Well

Cruel Regulator says:

he tries to go for the tentacles but it retracts them.

~°Δ°[[Bizzzzzz]] says:

it has high defense

but chainsaw it I guess

Cruel Regulator says:

40 damage!

Espera cuts right through it

Grate Oracle Lewot says:

2 off.

Cruel Regulator says:

and then cuts the rock over it
erm, not rock, cement.

The cave has a cement ceiling
and she cuts through the cement
and the cement flies everywhere
and the creature falls to the ground.

Grate Oracle Lewot says:

I have a Midi file labeled "2 off" because it's 40 seconds long

Cruel Regulator says:

I can essentially describe the floor of this cave as being shaped like
a snow shovel

the way it curves upwards at one end
and then curves downwards and then upwards at the other.

King Coral says:

"Espera I told you not to touch my butt!"

Cruel Regulator says:

In the East/West direction, the place is completely flat.

King Coral says:

Eugene snickers slightly more obviously.

Grate Oracle Lewot says:

Did the critter drop any swag?

Cruel Regulator says:

It dropped a lv.4 water antibody.
Erm, pathogen.

Grate Oracle Lewot says:

Oh, right

Cruel Regulator says:

YOU HAPPY?

Grate Oracle Lewot says:

U eats it with gusto.

Cruel Regulator says:

Erm, so like, next, you notice that in the area where the cave curves downwards, on the South side there is at the deepest point in the curve, to the far west side, not a completely vertical rock wall like there is on the rest of the other two sides of the cave, but an opening that leads into an area that is a bit darker

~°Δ°[[Bizzzzzz] says:

"Eugene"

"shut up"

Cruel Regulator says:

but that you can still see in.

~°Δ°[[Bizzzzzz] says:

Brb guys

my dad's calling

Grate Oracle Lewot says:

Oh, ah.

Cruel Regulator says:

while this place is rather brown, that place is well, I guess you could say very dark brown . . . oh, erm ¡Compra!
Erm, actually, I guess we should end the game now?

King Coral says:

"Its not my fault you keep touching my butt. : /"

Yeah sure

Grate Oracle Lewot says:

I wanted to jump or slip through something but

Cruel Regulator says:

WE ARE IN CAVES AND YOU WILL GO DEEPER AND THERE WILL BE SOME PLATFORMING INVOLVING THE CONTORTION, ACROBATICS, AND CLIMBING SKILLS.

Grate Oracle Lewot says:

fine

yeah

I mean technically there were 2 battles so

Cruel Regulator says:

And Bizz can level-up Espera when she gets Bach.

King Coral says:

whaddo i win WHADDO I WIN

Grate Oracle Lewot says:

Can I get Freeze Gamma or something?

King Coral says:

(as in, liek, op, yeah)

(how much of that do I have?)

(also is folks gonna save?)

Grate Oracle Lewot says:

Oh, ah.

I'll wait until we level up.

King Coral says:

i do believe its session 13 hm hm!!

Cruel Regulator says:

Yeah, 13.

King Coral says:

but yeah how much op do i have?

Grate Oracle Lewot says:

That seems like so many...

King Coral says:

23

+

2

25!

Cruel Regulator says:

Yeah.

Grate Oracle Lewot says:

I have like 75, right?

Cruel Regulator says:

U have 87.

Grate Oracle Lewot says:

Ah.

*Freeze Gamma
and something else*

Cruel Regulator says:

More PRE?

Or LifeUp Beta?

Or Magnet . . .

Hmmmm.

Grate Oracle Lewot says:

What is

uh

Cruel Regulator says:

You're back down to 42 OP with Freeze Gamma.

Grate Oracle Lewot says:

can I have the list of PSI?

Cruel Regulator says:

<http://sites.google.com/site/alllostown/creation/psych-e>

King Coral says:

Should I get Fire now?

Or do umm

Whatever stat raise

Would be a good idea.

Cruel Regulator says:

More BODY (max HP) or WILL (max PP and Resistance)

Actually, yeah, U should get either Magnet or more Resistance.

Grate Oracle Lewot says:

But

I want like

well

Cruel Regulator says:

More PRE?

King Coral says:

to raise my Will

Up to 6

Would take

6, right?

Grate Oracle Lewot says:

no, I kinda just wanted more Ballsitics but now I'm looking at PSI and we don't have any effecty ones or Shield yet

Cruel Regulator says:

It only works like that when you're raising your stat higher than 10.

Below 10, it costs 10 OP for +1 to a stat.

(With skills, though, 5 to 6 costs 6, though.)

King Coral says:

umm

A single Will point

And

A single Body point.

Grate Oracle Lewot says:

Erm, I'll get Magnet, and then +1 Ballistics and +1 Dance, leaving me with 1 OP?

Cruel Regulator says:

Oh, right, yeah.

Grate Oracle Lewot says:

See, like

what I'm trying to do

is just keep increasing U's high stats instead of leveling out his low ones

because I am a REBEL

and it will MAKE THE GAME STRATEGICALLY INTERESTING

Cruel Regulator says:

well, also, eventually, you'll need to increase your very high INT.

Grate Oracle Lewot says:

Yeah

King Coral says:

oh hmm

Cruel Regulator says:

In part to augment your healing, but also to get more consistent perception rolls

King Coral says:

that's probably a good idea but i picked shit stats to be low

so now i am uhh

Cruel Regulator says:

well, also to be able to do stuff you don't have skills in that involve INT.

King Coral says:

pretty much converting to mage

Cruel Regulator says:

well, you made your stats low but you also gave yourself very high REF so you can still use those guns.

Grate Oracle Lewot says:

Well, I have low Tech and Pre, and those show up a lot

Cruel Regulator says:

Although your slightly higher BODY stat has been helpful
(and it's showed up for me in lots of my modelling and predicting
whether or not you'd survive certain attacks)

Grate Oracle Lewot says:

*Well
next time I'll do like
+1 Int and +1 Body
or something*

Cruel Regulator says:

(And your high INT, of course, has helped, although Espera has started
to catch up in terms of her INT.)

Grate Oracle Lewot says:

and now I'll save the session so I remember that.

Cruel Regulator says:
